From The

Game Director

The O.V.A.C. All-Star Basketball Classic is an effort to showcase the outstanding talent of our young athletes, and to provide them with the final heart-felt cheers of their loyal fans.

EARL HABERFIELD

In September of 1977 a very small group of determined coaches assembled with the purpose of reviving the O.V.A.C. Basketball All-Star game. We encountered many obstacles in the months to follow, but with counseling and financial support, we were able to overcome them.

Almost all of the work done to produce the Classic was performed by the basketball coaches of the O.V.A.C. Very special recognition must be given, however, to three individuals, Hank Lazasz and Bob Dawson who were involved from the beginning and Ogden Nutting, whose financial underwriting made it possible for us to continue.

We sincerely hope that the All-Star Basketball Classic meets with your approval.
