

3th Annual OVAC Basketball Classic

**WHEELING PARK
JUNE 8, 1985**

WELCOME

Welcome to the 1985 Ohio Valley Athletic Conference All-Star Charity Basketball Classic. These games are a showcase of the OVAC'S boys' and girls' talent. This year's game, like the seven that preceded it, promise to spotlight some fine talent.

Today's athletes come from all corners of the OVAC to feature their talents one late time for area fans. These fine individuals have demonstrated their talents, abilities, and sportsmanship throughout their high school careers. The OVAC is proud to recognize these All-Star players and their All-Star coaches for their dedication, hard work, and commitment. We also salute their families, coaches, and communities who have supported their efforts. We hope that you will enjoy cheering for your favorite players, and, in general, have a great day of basketball with the stars.

A special thank you must go to the fine people at Wheeling Park High School who are hosts for this year's basketball classic.

Sincerely,
Gene Ammirante

OVAC Basketball Classic Director

1985

The Ohio Valley Athletic Conference was organized in 1943 with F. W. Bowen, J. E. Ewing, J. C. Greer, M. S. Hattala, B. G. Lockhart, J. V. Nelson, C. Petty, C. F. Walker and C. S. Wiseman among those responsible for its basic inception. Mr. C. S. Wiseman became the Conference's first president.

A demand arose in 1943 for a conference which would help stimulate and promote a more lucrative program of competitive high school athletics in the upper Ohio Valley.

Today, the O.V.A.C. is the largest and most functional high school conference of its kind in either Ohio or West Virginia. A total of ten major athletic programs are enjoyed by its member schools of which 47 schools supply the upper Ohio Valley with over 10,000 athletes in the various competitive athletic areas.

It is the basic objective of the Ohio Valley Athletic Conference to continue the promotion of all high school athletics and to serve in the overall development of proper school relationship, scholarship and sportsmanship within the Conference.

IF THE SHOE FITS

Please don't curse that boy down there;
He is my son, you see:
He's only just a boy you know,
He means the world to me.

I did not raise my son, dear fan,
For you to call him names:
He may not be a super-star
And these are high school games.

So, please don't knock those boys down there,
They do the best they can;
They've never tried to lose a game,
They're boys, and you're a man.

This game belongs to them, you see,
You're really just a guest;
They do not need a fan that gripes,
They need the very best.

If you have nothing nice to say,
Please leave the boys alone,
And, if you've forgot your manners,
Why don't you stay at home!!

So, please don't curse those boys down there,
Each one's his parents' son,
And win or lose or tie, you see,
To us, they're number one!!!!!!!

Dear Friends of the OVAC:

On behalf of the newly formed Ohio Valley Athletic Conference Foundation, I want to express my heartfelt thanks to all of you who have supported the fund-raising activities of the Foundation during this past year. As most of you know, the Ohio Valley Athletic Conference serves 47 schools and is the largest conference in the United States. The Conference is essential to the success of high school athletics in the Valley. Because of increased costs of operation, expanded programs and general economic conditions, it was necessary for the OVAC during the past year to solicit funds from area businesses, industries and individuals. I am happy to report that our campaign to raise the needed funds has been successful because of the efforts of all of you. Your continued help is needed to carry us over the top for this year and in the future. By supporting the Conference, you are supporting our own young people.

Gratefully yours,

**Gordon Hennebert
President**

CRIBBS - A Giant Of A Man

How do you measure a man who has been a teacher, a coach, a friend, a patriot, a humanitarian?

Do you measure him in the number of students he taught or the amount of pages in a textbook he covered? Claire Cribbs taught over thirty years and substituted even more. Until his health made it impossible, he was in the classroom. If you measure him by the number of pages in a textbook he covers, then Coach Cribbs definitely failed. Although lessons were always started from a page, they rarely ended there, as Cribbs would impart upon his students facts that were, to him, far more important. Few students can truthfully say that the lessons about and from life they received in Cribbs' classes didn't stick with them long after they left the classroom.

Do you measure him by his athletic prowess? Again, there are many who could say Cribbs failed. A two-time All-American at Pitt University, Cribbs could have easily gone on to the pros and attained fame. A tremendous pitcher who played pro baseball with Baltimore of the International League, he could have furthered his fame in this sport also. But Cribbs decided to dedicate his life to teaching youngsters how the game should be played, and what the game had to offer them once they graduated from school.

Do you measure him by his won-loss record? Although Cribbs achieved over 400 lifetime victories at Warren Consolidated and Bellaire High Schools, he could rarely tell you his won-loss records each year. The news media kept track, not Cribbs. The years that he went 3-17 were just as rewarding as the years he went 17-3. For in the true sense of the phrase, to Cribbs it wasn't whether you won or lost, it was how you played the game.

Do you measure him in the success of

his athletes? Then Cribbs produced three All-State performers, over 25 All-Eastern Ohio performers, and some of the finest shooters and defensive players to grace the hardboards in the Valley: Coyne, Patrone, Sherwood, Powell, the list goes on.

Do you measure him by his devotion to his country? A lieutenant in the US Navy in the Pacific Theater during World War II, Cribbs never let people forget the lives that were lost protecting his country. A strong supporter of America, Cribbs saw to it that school assemblies were developed, flags were correctly displayed, and that patriotism was understood. The American Legion recently pledged \$500 annually to a scholarship fund in his honor due to his loyalty to his country and the example he set for others.

Do you measure him by his devotion to his family? His wife, Betty, and his two children, Judy and Lin, can witness to the fact that all he did centered around his family. So many times their names were mentioned, with Cribbs always telling how proud he was of them, and how much they meant to him.

Do you measure him by the friends he had? There were many who disliked the man — rival coaches, officials, students, teachers — usually for the same reason. Cribbs always spoke the truth, and many people can't live with that. But to those people who knew Coach, he was a friend in the truest sense of the word. You didn't like Coach Cribbs — you loved him.

How do you measure a man? You don't. Cribbs would be the first one to tell you that. Claire Cribbs isn't a man — he's a giant, and all who walked in his footsteps realize what strides he made. To Claire Cribbs, the man, the friend, the educator, the coach, the giant, we dedicate this, the Eighth Annual OVAC All-Star Basketball Classic.
