The Samuel A. Mumley Memorial Basketball Classic

Back in 1977, four veteran Ohio Valley basketball coaches decided that the concept of a high school All-Star game, similar to the highly successful football contest, would be a very practical idea. And so, Earl Haberfield of Wintersville, Dick Potts of River, Henry Herk Lazasz of Tiltonsville, and Bobby Dawson of Vellsburg sat down and drew up the format of what would become the OVAC Basketball Classic.

Earl Haberfield was chosen as the game's first director. The committee enlisted the support of Ogden Newspapers to help underwrite the game, and booked the Wheeling Civic Center for the location, hoping to pack the house.

However, the only problem was that the game had to be played in June. Due to the rules of the West Virginia Secondary Schools Activities Commission, Mountain State athletes could not participate without losing their eligibility for spring sports. As the game was a novelty, the Classic did at one time see 1700 fans witness the Valley's finest, but the heat and the timing soon began to dwindle the interest of area spectators.

Over the years, due to expenses and availability of arenas, the game was played at St. John Arena, Wheeling Park High School, Bellaire High School, Wheeling College, East Liverpool High School, and Buckeye Local High School.

Although the game always showcased some outstanding hardcourt performers, other problems surfaced. The format underwent several changes, and as the interest in girls' sports became greater, the need to have two games for the boys and two games for the girls became apparent. However, West Virginia schools, being smaller in number, often had difficulty finding enough quality players, while Ohio schools had more players than they needed.

Another change in the program came in 1982 when Earl Haberfield left the area to coach in northern Ohio. Before leaving, however, the committee made a wise move in turning over the directorship to Gene Ammirante of Bellaire. Under his leadership, the game became more organized and competitive.

Ammirante ran the game until 1987 when, due to an increasing work load, he resigned the contest to Clyde DiAngelo of Steubenville Catholic Central who guided the Classic for two years. The game was then directed by John Bobalik of Wellsville. After a one-year tenure, the game faced serious problems, as no one wanted to assume the directorship. Also facing financial problems, he game more than ever needed strong leadership. With that in mind, only one man was obvious - Ammirante. Under his direction for the second time, the game made tremendous changes. First, the game was placed back on strong financial footing.

The second change came in the form of strong involvement of the OVAC Executive Secretary, Sam Mumley, who took it upon himself, with the assistance of Vince Paoletti of Moundsville, to petition the WVSSAC to change the ruling, allowing the game to be played soon after the completion of the regular basketball season.

to April.

Because of his dedication to the Conference and his unselfish support of the Classic, the committee decided to change the name of the Classic to the Samuel Mumley Memorial Basketball Classic.

The format was changed to one boys' game and one girls' game and a Conference cheering competition was added. Through the hard work and efforts, mention the enthusiasm, of Linda Alexander of Parkersburg, West Virginia, the contest never struggled like the game had in the first year. Although not all OVAC schools chose not to participate, the Championship brought hundreds of cheerleaders before the fans to show them that cheering was a bona fide activity also.

With the 1994 Classic, two more changes took place. First, Tom Rataiczak of Bellaire High School had served as program director for fifteen years and was named Game Director. With this came the inception of a coaches' clinic held prior to the game and a luncheon for all the players and their parents. Perhaps the most significant decision made to date was permanently moving the game to the campus of Wheeling Jesuit College and their beautiful facilities that you are witnessing this evening. This change not only established a home for the Classic but also allowed its players and cheerleaders to enjoy a college experience without leaving the Valley.

The 1995 Classic saw three more adjustments. First, the coaches' clinic was dropped, as its timing was too close to the NCAA Tournament and the availability of quality college coaches. Second, it was decided to honor a coach who pioneered in the establishment of girls' basketball as a sport. The third reason was perhaps the most noticeable. After three years, the cheerleaders decided to branch out on their own and run their competition to November.

In 1997, reaching its twentieth anniversary, the advent of a reunion team was created. Thirty athletes from the original all-star game returned to participate in an annual 20th-year reunion.

Although the committee thought the Classic was stabilizing, another big change came in 1998. Following the heels of the All-Star Football Game and the Wrestling Tournament, the game was broadcast on Channel 7. Now, instead of the athletes playing in front of 2,000 people, they went into over 50,000 homes throughout the Ohio Valley.

Even though the All-Star game has undergone change and is still undergoing change, one fact remains constant: it continues to showcase the finest basketball talent the Ohio Valley has to offer.

We welcome you today, and hope you enjoy the contests.

MAKING IT HAPPEN...

Games such as The Samuel A. Mumley Memorial Basketball Classic just do happen overnight. Work starts right after this game is over and continues year-round. Without the efforts of these individuals, the game wouldn't be.

SEATED: **MARK SPIGARELLI** is the game Co-Director responsible for organizing the game from selection to contest. Additionally, he is responsible for the finances. **EARL ABERFIELD** one of the Classic's founding fathers, returned to the committee to run the re-union of the 20th Anniversary teams that have become an annual function. **STANDI LAY SMITH** is responsible for organizing one of the nicest features of the Classic, the luncheon in honor of the players and their parents held prior to the game. **TEFF KATAICZAK** is the game Co-Director responsible for the coaches incentive program. He produces the program. **GENE AMMIRANTE** brings his organization and knowledge of the game with him to serve as Game Day Director and co-ordinator of the contests and special events.

These five men, along with the Samuel A. Mumley Basketball Committee, produce one of the best All-Star games to be found, *the one you're witnessing tonight.*

NOTE: The empty chair in the front row is in memory of Richard L. Potts, one of the founding fathers of the game, and Samuel A. Mumley, the game's namesake.}

THE ATHLETE'S PRAYER

Lord, please clear my head
of all distractions,
And my heart of burdens
I may bear,
So I may perform my very best,
Knowing You'll always be there.

Please lift me up
before the moment,
So through Your eyes,
I may see,
And have a clearer understanding,
As the game unfolds before me.

With great courage
I will meet this challenge,
As You would have me to,
But keep me humble
and remind me,
That my strength
comes from knowing You.

Then when all eyes
are upon me,
At the end of this big game,
I will turn their eyes
to You O'Lord,
And to the glory of Your name.
Amen

Putting the "Local" back in local telephone!

Prior to the Telecommunications Act of 1996, local telephone service was under the exclusive control of large telephone monopolies. The passage of this act opened the local telephone market to competition for the first time, similar to what happened when competition was introduced in the long distance market. StratusWave Communications, the first facility based Competitive Local Exchange Carrier (CLEC) for northern West Virginia and eastern Ohio, was established to provide business customers with a choice in local telephone service.

StratusWave is a public utility regulated by the West Virginia Public Service Commission and the Public Utility Commission of Ohio. We have built our own state-of-the-art network with fiber-equivalent quality including fully integrated digital broadband capability. We also have a fully integrated digital broadband Local Multipoint Distribution Service (LMDS) Network.

Because of our powerful network, StratusWave Communications can provide broadband Internet, voice, data, and multimedia to northern West Virginia and eastern Ohio. We can show you how to put these exciting broadband services to work for your business, whether it is large or small, well established or just getting started. StratusWave Communications will create a customized solution that will improve your productivity - and your bottom line - today and into the future.

Our services include:

- A state-of-the-art network with fiber-equivalent quality including fully integrated digital broadband capability.
- Flat-rate local, long distance, and PBX trunks offered at discounts to Bell Atlantic and Ameritech rates.
- High speed constant connect Internet access.
- High capacity transport (voice and data) capability.
- Video-conferencing available via Internet
- Dial-up Internet Access (56K, V.90, ISDN)
