GAME DIRECTOR

The Times Leader

There are many words to describe the life of Rudolph Mumley, but perhaps the most appropriate would be service.

For most of his 80-plus years, Mumley, known as "Rudy" to his legion of friends, worked on behalf of many causes. None were more important to him than the youth of the Ohio Valley.

It is befitting that the game which fans are witnessing this evening is named in his honor. If it hadn't been for Rudy's willingness to step forward, the Ohio-West Virginia All-Star Game would not have existed the last 28 years, and it now appears to be a fixture that will carry it well into the next millennium.

The game's history goes back to the early 1940s and, for many years after that, it was sponsored by booster club associations from Eastern Ohio and the West Virginia northern panhandle.

However, the game could not receive NCAA sanction and consequently was held during the spring to allow players who had received scholarships to NCAA schools an opportunity to participate.

When it became apparent that the booster club organizations could no longer sponsor the game, it ceased to exist. An idea was presented to Sam A. Mumley Sr. that the Ohio Valley Athletic Conference could assume sponsorship of the game and apply for NCAA sanction.

One of the requirements toward receiving NCAA sanction was that only 60 percent of game proceeds could be spent to cover expenses and the other 40 percent had to be used for charitable purposes.

Once the game received sanction, the OVAC had another problem. It was experiencing financial problems and did not have the resources to provide "seed" money that would be needed to purchase uniforms, pay for training camp and other start-up expenses such as insurance.

Sam Mumley, who was the executive secretary of the OVAC, appealed to his uncle, Rudy, to provide the financial help. The story has become legend on how Rudy, a bachelor who lived with his beloved sister Lillian, in the Warwood area of Wheeling, mortgaged their home to receive a loan. The rest, as the saying goes, is history.

There was more adversity to overcome for this inaugural OVAC venture. The Ohio Valley experienced damaging floods during June of 1972. Wheeling Stadium sustained considerable damage and the facility would not be available for the early August game.

Sam Mumley called his longtime friend, the late Edmund Joseph, who was then athletic director at Martins Ferry High School and asked if the OVAC could use Ferry Stadium. Once Joseph took the request to school officials and received permission, the game was finally on.

However, on the day of the game, the area was hit hard by a rainstorm. More adversity. By this time, you could not fault Rudy Mumley, who agreed to serve as game director, if he was feeling a bit jinxed. Several hours before kickoff was scheduled, the rain stopped and the sun came out. It turned into a beautiful evening, and the game went off like clockwork before a capacity audience.

The OVAC was in business as far as renewal of the Ohio-West Virginia midsummer classic was concerned.

However, that's not the end of the story. Over the next two decades-plus that Rudy Mumley served as game director, he made numerous improvements to the game. He turned it from just an all-star game into an extravaganza.

He took the all-star gridders to camp at West Liberty State College, his alma mater, and a place where he had long-standing ties. Each year, Mumley added activities for the players to help them pass the time and provide some relief from the rigors of training camp.

RUDOLPH "RUDY" MUMLEY
1918 - 1999

He enlisted the help of the Osiris Shrine and this group gave the game a more meaningful purpose as would eventually gain the lion's share of the charity proceeds.

Through his good friend, the late George Strager, another mid-week event, "An Evening With the Stars," was initiated and handled with impeccable care by two other longtime friends, Mike Young and Steve Cuffaro.

From the time the OVAC assumed sponsorship of the game, Mumley brought back the Stone & Thomas "Queen of Queens" Pageant which had been a part of the All-Star Game series when it was sponsored by the booster club associations. Stone & Thomas continued to sponsor the event over the next two decades-plus. In recent years, the queen's pageant has continued under the sponsorship of Kaufman's of Wheeling and WTOV-9.

In the meantime, Mumley enlisted the help of Glenn Didriksen and his family, which owned and operated several McDonald's Family Restaurants in the area, to form the McDonald's All-Star Band. This has become an increasingly popular feature of the game.

Mumley's innovative mind produced a game that would help kick off the Ohio Valley football season, a classic that would involve some 60 to 70 football players annually and several hundred bandsmen. Add to that some 25 to 30 queen candidates and a myriad of volunteers who helped make the 10-day to two-week experience a memorable part of their lives.

For a number of years, Rudy and his nephew Sam, along with other OVAC officials and the dedicated men from the Osiris Shrine, would hold a pep rally at Russek Field on the campus of West Liberty State College. Several thousands of people attended these events and, of course, it was Rudy who usually stole the show.

From his days at old Wheeling High to those at West Liberty State College, Rudy was always there to help. Following a stint in the military service, he spent the next three decades or so as an educator, primarily in Eastern Ohio. He was principal at Buckeye South High when he retired.

His service to the Ohio Valley Athletic Conference was ongoing for more than three decades, and he served as president on two different occasions.

Through his efforts and those of his many friends who joined with him to work on various facets of the All-Star classic, more than \$600,000 has been provided to Ohio Valley charitable groups.

Several years before his death, which came in early February of 1999, Mumley relinquished directorship of the game to his longtime associate and close friend, Ron Mauck.

Nonetheless, Rudy still remained a familiar figure on the sidelines. His walk had slowed considerably though he had bounced back from a series of illnesses. But, the enthusiasm was as great as ever. He had seen the game reach new heights last year when it was televised live by WTOV-9 and the game still drew a near-capacity crowd.

It was a fitting tribute that OVAC officials several years ago renamed the contest as the Rudy Mumley OVAC Charity All-Star Game.

Rudy was to become one of the most recognizable sports figures the Ohio Valley had ever produced. He was honored as the Dapper Dan's "Man of the Year" in 1992, and earlier was inducted into the Athletic Hall of Fame at his beloved West Liberty State College, following in the footsteps of his late brother, Eli. Rudy was the first non-athlete or non-coach to earn this honor, and in recent years, he became a prominent benefactor to the school.

Educator, humanitarian and philanthropist. That's the legacy of a guy who wanted to be known simply as Rudy.

And as long as this game can survive, fans of the Ohio Valley for the coming generations will be able to look skyward and say, "Thanks, Rudy!"

For more than three decades, Samuel A. Mumley served the youth of this area as executive secretary of the Ohio Valley Athletic Conference.

Last February, "Sammy" was called home by his maker to receive his just reward for a lifetime spent in service to others.

Perhaps the greatest compliment one can pay Sam Mumley following his passing is to say that he made his world a much better place to live because he once walked among us.

Mumley devoted nearly five decades to working for the youth of our Ohio Valley. In addition to his time as executive secretary of the OVAC, which is still

believed to be the largest high school athletic conference of its kind in the United States, Mumley was a athletic trainer, coach, basketball official, teacher and a school administrator.

If that wasn't enough time to give, Mumley joined Eric Carder, an assistant principal and director of activities at Wheeling Park High School, in serving as co-director for the West Virginia Super Six state high school football championships, which they brought to Wheeling Island Stadium six years ago.

Additionally, the pair helped secure the West Virginia state soccer championships held last year at the brand new athletic facility at Wheeling Jesuit University.

Sam also played a major role in the wonderful mid-summer football spectacle you are attending tonight at Wheeling Island Stadium. Renamed several years ago to honor his uncle, who also passed away earlier this year, the Rudy Mumley Charity All-Star Football Classic was revived in 1972 under the sponsorship of the OVAC.

In those days, the NCAA made things difficult for sponsors seeking sanction to hold various all-star contest. The local Ohio-West Virginia All-Star game had been dormant for many years after having been a fixture on the Ohio Valley gridiron scene since the early 1940s.

Both Mumley's spent hundreds of hours putting together the formula for a program that the NCAA found acceptable. Today, the game is more vibrant and popular than ever among the area football fans, who nearly pack the Island Stadium each and every July to kick off a new gridiron campaign.

They also helped turn this event into more than just a football game. It has become a mid-summer spectacular complete with an All-Star Band, cheerleaders and the pageantry of a Queen of Queens contest.

It also helped raise hundreds of thousands of dollars for charitable organizations in the Ohio Valley over the past 26 years.

Much of these wonders have been achieved because Mumley refused to take "no" for an answer from anyone and because he dared to dream what many of us have considered to be impossible dreams.

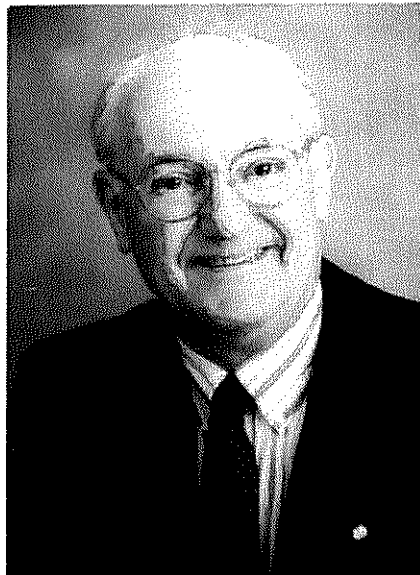

Who would have believed that the state high school football championships could ever be lured out of Charleston to the Northern Panhandle?

Sam did.

And Wheeling will host the state title games for the sixth straight year the first weekend of December

Through his fund-raising efforts and the help of countless corporate sponsors and Super Six volunteers from up and down the Ohio Valley, the state football finals have been raised to a level that may never be matched in the Mountain State.

When Mumley came back to take over a second time as executive secretary of the OVAC, the league was in dire financial straits.

SAMUEL A. MUMLEY
1931 - 1999

Through Mumley's efforts and the backing of other leaders in the community, an OVAC Foundation board was formed to serve as a fund-raising arm of the bi-state league. That board is still in existence today.

The sports programs at the various schools were improved immensely. All-star games are now held each year in football, boys' and girls' basketball, baseball, softball and boys' and girls' soccer. The OVAC sponsors championship tournaments in wrestling, swimming, tennis, golf, volleyball, baseball, softball, boys' and girls' soccer, boys' and girls' cross country, boys' and girls' track, cheerleading, etc.

Girls sports have risen to equal importance because Sam had the foresight and the courage to support each and every program offered by the OVAC. His efforts with girls' sports earned Mumley a seat on the equity panels for both the Ohio High School Athletic Association and the West Virginia Secondary School Athletic Commission.

The scholarship program also has been enhanced by Sam's ability to involve the corporate sector of the various communities within the extensive OVAC map. At last May's OVAC Banquet of Champions held at the Wheeling Civic Center, more than \$15,000 in scholarship money was awarded to deserving OVAC student-athletes.

That money wasn't just found on the street corner; it was obtained largely through tireless efforts of the late executive secretary.

Sam put the OVAC's "kids" first in all his dreams and work for the conference. "What can we do for the kids? How can we make things better for them?" Those were the first questions he posed whenever the OVAC or Super Six would discuss changes in their programs.

He took great pains to involve everyone in conference business. He was constantly in touch with media members, keeping them updated on matters and seeking their opinions.

When important final decisions had to be made, Sam didn't mind being the one to make them. But he did so after many discussions among his constituents and his own private soul-searching. And, of course, his main concern was making sure that the decisions were in the best interest of the OVAC student-athletes.

From a personal standpoint, if Sam became your friend, he was your friend for life. He was always there with a kind word, a bit of advice if it was asked for, and encouragement when any of his friends were in a difficult situation.

I once wrote in a column that Sam was no saint, but that he was sent to us by angels to perform good works and turn our impossible dreams into reality.

He dearly loved his wife, Nancy, who remained by his side through good times and rough times. No different from the rest of us, Nancy became part of the OVAC family as well, taking care of the conference's financial books, a role she continues to handle today.

They were married just 11 years when Sam passed away. But, as Nancy once said, they crammed 40 years of happiness into that short time.

A long bout with cancer terminated Mumley's life at the too young age of 67. But, as this writer has stated before, you won't make me believe "Sammy" lost that fight with cancer. Nothing defeated Sam Mumley in his lifetime. God, whom Sam believed in with all his heart, simply decided it was time to call him home.

Sam Mumley was one of a kind.

He will remain in our thoughts and prayers forever.

28 Years... OVAC All-Star Football Classic in Retrospect ...and The Tradition Continues

vast majority of people said it would never happen, many felt that it was impossible and some believing that it was to no avail... "The OVAC would not gain sanction for the resurrection of the defunct Ohio-West All-Star Football Game." True, as it was, the 1960's allow the conference much latitude for its quest for an sanction.

For general information, at that time it was mandatory to have NCAA sanction, otherwise those college bound grant-players would be declared ineligible for their freshman year. Therefore, during the early and middle 1960's, the Ohio-West Virginia All-Star Football Game drew those athletes of athleticism or those not considering to participate on collegiate level. Through such sanctioning, the NCAA could regulate any and all summer all-star contests, thus putting the "squeeze" on booster clubs and civic organizations who endeavored to work around such regulations. The West Virginia All Star Football Game fell into this category thus ending the game in the late 1960's and with it the celebrated official opening of the Ohio Valley's "pigskin" tradition.

"We are not going to be denied," said Sam A. Mumley, Executive Secretary of the OVAC. "The rich athletic heritage of the valley as well as having one of the most prolific school-conferences in the country should entitle us the opportunity of showcasing our student athletes." In this respect the conference executive board passed legislation which directed executive secretary to set the course in obtaining NCAA sanction, all of which would cover three years of time, effort and patience.

Beginning in early 1968, and with the intent of gathering primary information, it readily became apparent that the "game was stacked" and those who originally commented on possibility of such an adventure their opinions seemed doubtful. However, the decision to move forward with our game remained and it was full speed ahead with enthusiasm, confidence and faith. What followed were days and months of endless phone conversations ranging from those with NCAA officials in Kansas City to those local and state political leaders; well as keeping the media constantly informed. Additionally there were endless committee and board meetings all as dinner and luncheon engagements all designed for the purpose of seeking sanction approval.

1968 and 1969 quickly became history and among all of our conference business, the OVAC was very busy in

implementing its Title IX Program for Girls. Such female programs were introduced with the 1970 school year, two years before the federal mandatory date of September 1972. During this time period the conference was also formulating a full scale scholarship program, Partners in Academic and Athletic Programs, re-designing those needed changes in many sport levels and maintaining a sound financial base for all conference operations. Regardless, the NCAA all-star sanction movement was in full swing with constant communication between the NCAA and the OVAC on target.

Late in 1971, a remarkable turn of events took place as the NCAA informed the OVAC that they reviewed one of our many proposed all-star formats and found some definite interests in the overall structure. This, then, led to three continuous months of very intense correspondence and phone conversations. At this juncture it was felt that we were closing in on gaining sanction and the pendulum was swinging toward our future.

Then it happened... late February 1972, a registered letter from the NCAA arrived at the conference office officially notifying the OVAC that the NCAA Review Board for all-star contests had awarded total sanction for a conference all-star game for the summer of 1972. Overwhelmed and overjoyed, the conference held a monumental press meeting at the McClure Hotel in Wheeling announcing all the details relative to the first OVAC All-Star Football Game. Rudy Mumley was already in the fold as our first director and remained as such for 23 years. In 1986, the game was officially re-named as: The Rudy Mumley OVAC Ohio-West Virginia Charity Football All-Star Classic.

Tonight's 27th Annual Extravaganza will have produced... 1,500 players • 3,200 musicians and directors (since 1982) • 500 cheerleaders • 750 queen candidates • 300 coaches, trainers, doctors, and managers • 225,000 fans... and an enormous array of Shriners and volunteers, all major contributors in distributing over \$600,000.00 to local upper Ohio Valley charities.

Speaking for everyone in the OVAC family, we thank you for allowing us to share... "Charity and love for our fellow man."

the beginning...

1940" The First All-Star Game

West Virginia's senior All-Star schoolboy held a 13 to 7 victory as the result of their first meeting with the Ohio team in the maiden football game played under the new lighting system at Island Stadium.

The victory of the mountain state which had trailed from the opening until the last seven minutes of the game, 7-0, came as a mild surprise as the drilled and highly efficient combination delighted an early season crowd of 3,000 fans.

Ohioans drew first blood in the first contest. A Mallery-Shackleford combination in the first period, moved the ball from mid-field to the West Virginia Sadlowski, another Bellaire back, who planted the ball on the nine, where Sadlowski scored in two plays. The remainder of the half was devoid of threat on the part of either team as the Rowe-Howell coached combination advanced to the Ohio 25 when the game was over.

The mountain sturdiest rush line met an equally effective Ohio forwards line on even terms into the final period. On a rainy August, a Shadyside youth, took the starting role for the Bucks, and on his own 30 and Joe Corba, a defensive back, seized the white leather football as potential winners.

Helinski, Union product, belted the ball of fire at this stage. He wheeled the ball to the Ohio 19 and then lugged it to the five aided by a too many yards penalty. Helinski picked up a Mike "Punchy" Dimitro punched into the payoff zone. Dimitro held the line for the extra point and the game was deadlocked.

Decide Battle

The West Virginia stands settled back after this furious display satisfied with a 7-7 standoff, but the mountaineers were fired with the idea of victory when one of Joe Mallery's passes was intercepted near the 50 shortly after the succeeding kickoff.

Helinski nipped successive passes to Phil Saseen and after the second toss to the Central Catholic back had planted the ball on the Ohioans nine. Helinski and Dimitro required three tries before the former had found the pay dirt and the West Virginia youths had a 13-7 lead.

The remaining time allowed for another kickoff and the West Virginians successfully negotiated an onside kick, recovering the ball as the fray ended.

Coaches Bill Kerns of WVU and Don C. Pedden of Ohio University were the honorary mentors and in addition to sitting on the benches of the contesting squads, both spoke over the P.A. system at half-time. Kerns was accompanied here by Frank Kutz, one of his line mentors, and Ray Carnelly, his plebe mentor. The trio departed today for Charleston and tonight's North-South Game, although Kerns had an opportunity to talk to some local prospects.

Bill Stobbs, the Wheeling native who tutors the Wittenberg athletic teams, was one of the spectators in the stands. Another was George Roark, coach of W & J's Presidents, and probably there were others.

Carl Hamill, Weirton's cagey tutor was in the dressing room to minister to a pair of his former Red Riders. Tony Brown aggravated an old shoulder injury while Luke Tomasovich received a cracked rib.

The West Virginians showed big Sedor due respect while the prospective Ohio State youth was in the game. His Shadyside backfield mate, August despite his costly fumble, was one of the big guns in the

Bucks' effort and the Niemiec-Hart combinations thrusts left the West Virginia fans worried.

Lou Caffaro, recovering from nasal operation, held the sticks for the West Virginians but felt the call of battle in an impassive role. Paul Bricker, Weirton who handled the kicking for Howell and Rowe, and did an effective job although one of his boots slipped off the side of the foot and out of bounds.

'1942" All-Star Game – 60 Years Ago

Ohio celebrated its first triumph in the three year interstate series with a 20-7 victory that thrilled a big crowd of close to 12,000 last night at Wheeling Island Stadium.

The big, hard-hitting Buckeye new with Dick Leonard, ex-fullback at Tiltonsville High, doing a masterful job of ball lugging and his pass tossing was a major factor in widening the margin. The Ohioans crowded all their scoring into the first half, tallying twice during the second period.

West Virginia, winner of the first two battles, began to assert itself during the last half but the final quarter was five minutes old before the Mountaineers marched 46 yards to prevent a shutout, Guido DeVecchis plunging for the touchdown.

Ohio not only held command of the offense, punching out 11 first downs to West Virginia's seven, but

the big Buckeyes forward wall backed up by McCarty, Merkel, Leonard, Jarvis and Simpson never permitted Weirton's DeVecchis, Moczek or Albus too much freedom.

Leonard paced a 76-yard scoring drive the second time Ohio had possession and aerial heaves to Fitch and Voytecek, the latter for 18 and first down on the one, set the stage for Merkel to hit the line for the opening touchdown.

The Ohioans scored again shortly after the second period opened after taking the Joe Garan's

quick-kick on the foe's 46. V took a pass to the 21 and the in another Leonard heave in zone for the touchdown.

Ohio counted its last touch midway through the second a Leonard-to-George pass last 14 yards doing the trick.

Bill Albus' seven yard started the West Virginians scoring drive as the third ended. It was Albus and I backfield mate. DeVecchis featured the scoring march a two roughing penalties on the ans aided.

T-minded West Virginians nited to 125 yards over ground aged to take the lead before the es ground onslaught crushed the fourth period with three owns.

l Kramer, the 220-pound end nion High and winner of the "most valuable award" as pre-oy the Hub and its teen queen, Lee Ricker of Martins Ferry, l three passes from Wheeling's nively and accounted for the ountaineers point by grabbing

an aerial from Moundsville's John Simms after the second TD.

Ohio, coached by Princeton's Charley Caldwell and passing its attack on single wing tactics, stormed to a six-pointer late in the first period after Vincent returned Simms' pun 16 yards to the WV 38. Vincent stabbed at guard for seven yards and Steve Drazich who teamed with Lee Carney as Winterville's explosives representatives - shot 20 yards through tackle to the 11. Vincent skirted end for seven before being forced out on the two by Wheeling's Bob Brinkman, who played a great all-around game, and after Drazich gained a yard in two line bucks, Bellaire's Bill Thomas slipped through for the tally.

But then the passing company of Shively's 35-yard drive in the second period was climaxed by Shively's 35-yard fling to Kramer on the ten - the Union end romping into the end zone. Then in the third quarter after Shively had recovered Thomas' fumble of a punt on the Ohio 38, the Wheeling lad again hit Kramer on a 38-yard play which put the Mountaineers ahead 12-

The third period ended with West Virginians on top 13-6. But tl the fireworks started and they w ignited by the Ohioans. Ohio rolled yards for its second score, but mis. the try for the extra point and trai 13-12.

'1962" All-Star Game – 40 Years Ago

West Virginia's All-Stars defeated the Buckeyes of Ohio last night at Wheeling Stadium to win the 20th edition of the Ohio Valley's All-Star football spectacle 12 to 6.

Sparked by the All-Stater Bill Tucker of Weirton - he was named the victors' most valuable player - the Mountaineers scored three times, but an offside penalty, first of two successive fouls by West Virginia, nullified the third.

Bob Sullivan's West Virginian's led up 15 first downs to Ohio's one, widened a 6-0 half-time lead by moving 65 yards in 12 plays for the second touchdown when Tucker's 21-yard pass hit Bill Thompson, Weirton end, in the end zone.

West Virginia was aided by a 10-yard penalty for an Ohio personal foul when Tucker had gained seven to his own 49. The penalty moved to the Ohio 31 and four plays later QB Ken Morgan couldn't find a receiver for the PAT pass.

After penalties had erased Tucker's second TD on an eighty-yard smash, Ohio went on the prowl to drill 81 yards for its tally. Mike Herrick, from Mingo, the Buck QB rolled out for 30 yards to the WV 21 for the big gain. On fourth down he passed to Chuck Waligura of Wayne High for the score. Herrick tried to pass for the point but it was void.

Bill Thompson's 59-yard dash to Ohio's 16 with an intercepted pass set up the unsuccessful WV TD. Another personal foul put the ball at the Ohio eight but Tucker's dash to the end zone was nullified when WV was offside.

West Virginia menaced the Buckeyes early in the game, driving from the opening kickoff from its own 41 to the Ohio five, before Hen Thomas was caught for a seven-yard loss. Thomas got back two, but a backfield mix-up, on the next play, lost 10 yards to the 20.

The threat ended on the next play when Tucker, attempting to pass, had to eat the ball when no

receiver was open and he struggle back to the Ohio 1

The Mountaineers broke the scoreless affair early in the period by staging a 70-yard play that began in the previous period and was concluded by a 70-yard smash inside tackle for three and a touchdown. Thomas' PAT was batted down by Smolira, Buckeye back from Local.

The West Virginia drive ended with Ken Morgan's 14-yard gain on a roll-out that carried to the Ohio five. Chuck Grandstaff picked up two and then Tucker hit to

The Ohioans mounted a drive following the touchdown. Ed Smith's 25-yard quick kick gave them the ball at the WV 49 and they moved to the 12 on Mike Herrick's pass to Dwight Cunningham for 15 yards, Herrick's nine-yard run and line stabs by Dave K and Claus Harvey.

1972" All-Star Game – 30 Years Ago

zing the "big play" the Ohio won the 27th edition of the West Virginia All-Star Game 24-6 on a Friday night at jam packed Marysville Stadium. More than 7,500 fans saw a hard-hitting, razzle-dazzle football game which the Mountaineers finally put away by over-coming the smaller but game Moun-

ting up 306 yards on the ground and its only pass completion of 12 yards into a touchdown, Ohio broke a tight game with two touchdowns the first two times they had their hands on the ball in the second half.

After spotting the Mountaineers a lead in the opening minutes, the Mountaineers pulled in front 12-6, before Ohio scored on a spectacular 95 yard run by the wishbone "T" by Cadiz running back Dave Mazerowski. The 195-pound power runner galloped 124 yards on 11 carries while Winterville's Viltro streaked for 123, also in 11 attempts.

Ohio's quarterback Tom King, of Steubenville, completed just one of five pass attempts but that was worth 24 points and a TD to Bellaire tight end Steve Frizzi, who was a two-way star. West Virginia, which had a 14-13 lead, had 11 first downs, ground out 137 yards and rushed 96 of which were 20 yards or more by Linsly Institute great Terry Murphy in 10 carries. Terry Murphy, a high school's bomb-throwing QB, had 110 completions in 18 attempts for 1,000 yards.

After taking its 12-6 edge to the lead at half-time, Ohio went 65 yards on six plays and Viltro returned the game with a quarter kick off to the Buckeye. On the first play, the flashy running back outside and raced thirty yards to the end zone for a 35-12 lead. Viltro had a 13-yard carry

to the 22 and King looped a scoring pass to Frizzi, who hauled in the ball while stepping into the end zone.

King was stopped short on the try for the points-after but the Ohioans held an 18-6 spread with 9:18 to go in the third round.

A little later, Murphy's pass was grabbed by Frizzi who dashed 29 yards down the left sidelines. Viltro had a twisting 15-yard run, breaking three tackles on a fourth-and-three play, to put the ball at the Mountaineer 12. Three plays later, Toronto's Steve Jones powered off the right side and fell into the end zone. Steubenville's Jerry Johnson was thrown in the backfield on the try for the conversion.

Following Ohio's third score, West Virginia made its threat when Viltro dropped Murphy's punt at the 28 and Gillette recovered. However, Markonich was thrown for a 16-yard loss and the Frizzi interception followed.

One play after blunting a West Virginia drive near the Buckeye goal line, Ohio broke a 6-6 tie and went in front in the second quarter. Catching the Mountaineer defense in a stunt, fullback Mazerowski, shot right over center, found himself in the open, cut to the left sideline and romped 95 yards to paydirt. This score came with 5:11 left to go in the half and gave the Bucks a 12-6 lead. Quarterback King attempted to roll out for the two-pointer but was stopped by Thad Podrasky, of Wheeling Central and Gillette just inches from the goal line.

West Virginia drew first blood, surging 66 yards in the opening stanza. Highlighting the drive were play-action passes from Murphy to Edwards, one going 13 yards and the other for 12. The later put the ball at the Ohio 19 and

West Virginia scored from there. Edwards galloped for seven to the 1 and Markonich put it at the five and Edwards hit right tackle to tally on the next play.

Ohio came right back to go 66 yards in 12 plays. Staying on the ground all the way, King utilized the speed of Viltro and a couple of power slants to Mazerowski. Ohio drove on to the four from where Toronto's Steve Jones got a first down at the two on a third down run. After Doug Fedak and Jim Meek held Mazerowski to no gain, on the next play, Mazerowski then went over for the score with 2:10 left in the period.

Two big plays by defensive end Tom Bell, of John Marshall, and a fourth-down gamble nearly put West Virginia back in front. With Ohio on the march, Bell threw King for an eight yard loss on a third-down play and then partially blocked Sam Mumley's punt to give the Mountaineers the ball on their own 40. On fourth and 13 at the WV 30, Murphy threw a daring pass from pocket information to Magnolia guard Ral McNeil, who lined up at end, and galloped to the Ohio 42 for 21 yards and a first down. With terrific Terry Edwards doing most of the ball-totting, WV marched to the Ohio one. On fourth and goal Edwards fumbled a pitch and scooped it up, and was slammed by Mumley, Viltro and Pfeffer. The Buckeye scored on the next play.

'1982" All-Star Game – 20 Years Ago

Oak Glen's Leon Taylor intercepted a Dennis Swearingen pass midway through the second quarter set up West Virginia's only touchdown of the evening. And then, with only 30 seconds remaining in the hard fought contest, he broke up a two point conversion pass to preserve the Mountaineers 7-6 victory in the annual Ohio-West Virginia charity All-Star Football Game.

A crowd estimated at 9,000 gathered on a warm summer evening to watch West Virginia snap a four-year Ohio winning streak.

West Virginia played sparkling offense most of the game. The Mountaineers intercepted three passes off Martins Ferry's Swearingen and came up with a neat goal line stand in the third quarter. But with the clock winding down, Ohio came up with one last effort.

Taking over at their own 18 with 5:57 remaining, the Buckeyes drove downfield in 14 plays for their only TD.

On third and six from the 33, Swearingen hit Meadowbrook's Todd Murgatroyd for 31 yards and a first down at the West Virginia 36. A ten yard pass from Swearingen to

Steubenville Catholic's Dave Wilinski was good for a first down at the 10 with 1:26 to go.

Three plays later, Swearingen snuck over from the one for the touchdown. Only thirty seconds remained when Ohio called a timeout to set the strategy for the two-point attempt.

Swearingen rolled to his right with an option to either run or pass. Running out of room, he tried to hit Murgatroyd in the corner, but Taylor stepped in and picked off the pass.

Bellaire's Mark Marchese then tried two on-side kicks. On his first attempt, Ohio was off-sides, and his second try failed to go ten yards, enabling the happy Mountaineers to run out the clock.

Taylor's interception set the stage for West Virginia's only touchdown. The big play of the drive was a 13-yard run by Magnolia's Barry Bohrer on third and five from the 16. Three plays later, Bohrer cracked over the left side from a yard out for the TD. Brooke's Keith Rea added the extra point with 3:27 to go in the first half. Moments later, Bridgeport's Brian Miller intercepted a pass from Brooke's Mark

Hone to give the ball at its

Three plays later, Swearingen hit Fred Hocker, also from Martins Ferry, for 27 yards and a first down at the Mountaineer 23. With only four seconds left, Mark Baker's 34-yard field goal attempt was partially blocked and fell short.

West Virginia came out with a field goal at the outset of the second half. Weirton's Carl Fodor hit it for 3 points. Bob Whitehead for 39 yards and a first down. The next play Sisterville's Swisher outwrestled Steubenville Catholic Brian Allen for a first down and a 24-yard gain to the Cincinnati 40. But four plays later, Rea's 34-yard field goal attempt hit the uprights and bounced back toward the end zone.

Taking the ball over at their own 20, the Buckeyes drove West Virginia one, with Baker racking up 12 out of 13 plays for 100 yards. But on fourth and goal from the one, Baker was stopped by Wheeling Park's Jack Stuntz.

~ A Tribute to Cal Pokas ~

BY RICH GIBSON, OVAC Media Relations

The Ohio Valley Athletic Conference lost one of its closest friends and supporters last past January when long-time Sports Editor of the **Martins Ferry Times** and OVAC official Calvin Pokas passed away.

Pokas, whose outstanding career in journalism spanned 40-plus years, spent a majority of that time keeping eastern Ohio readers informed with his unique and entertaining perspective of local high school and collegiate sports news. Through the years, Cal chronicled the athletic achievements of area prep legends: Phil and Joe Niekro, Bill Mazerowski, Bobby Douglas, John Havlicek, Johnny and more recent stars including Tim Spencer, Lance Mehl, and Joey Gallo. Well-respected for his writing style and often wry sense of humor, Pokas had an informative weekly column, "Cal's Corner." Following retirement, Cal remained active, offering **Times-Leader** readers and Ohio State followers a popular "Eye on the Bucks" column featuring comprehensive coverage and concerning the local Buckeyes.

As current **Times-Leader** Sports Editor, Robert "Bubba" Kapral: "Cal Pokas is one of the legends in Ohio Valley sports journalism. He was a true professional in his field. Cal was a very compassionate man who championed the cause of all sports. He is a great role model for all current and future sports writers."

Pokas, indeed, felt a special need to recognize young athletes in all facets of sports including cross country, volleyball, golf and soccer, among others.

Tom Circosta, head football coach at Monroe Central High and serving as Ohio State Coach for this evening's game, worked closely with Pokas in various functions.

"Cal's passing was a great loss - - not only to athletes and sports fans in the area - - but to the OVAC community as well," Circosta noted.

"Cal's contributions over the years are truly too numerous to mention. It's impossible to count the number of times he went out of his way to ensure a team or individual young people received proper recognition."

Pokas' dedication to his profession certainly did not go unnoticed. Here are just a few of the accolades bestowed on Cal Pokas for his years of service:

Community Service Award presented by United Press International

Elected into Ohio Prep Sports Writers Hall of Fame...Named Ohio Prep Writers Association, "Sports

Writer of the Year"...

Distinguished Service Award presented by Ohio Association of Track and Cross Country Coaches...Distinguished Service Award

presented by District 12 Basketball Coaches Association...Presented inaugural Service Award by Eastern District Athletic Directors Association.

Inaugural Media Recognition Award presented by the Meadows Race Track, Washington, PA.

Appreciation Award presented by the Ohio Valley Football Coaches Association...Media Service Award presented by the Ohio Baseball Hall of

Fame...

Presented inaugural Sportsmanship, Ethics and Integrity Award for the East District from the Ohio High School Athletic Association...Presented "Mr

Mat" Award from the Ohio Valley Wrestling Coaches Association...Selected for Bellaire High School's "Wall of Fame"...

Honorary Referee for Domino's Pizza/Pepsi Cola Track Classic at Wheeling Park High School...

Distinguished Service Award presented posthumously by the Eastern Ohio Interscholastic Athletic Administrators Association...

is fall, the First Annual Cal Pokas Memorial Cross Country Meet will be held at Buckeye Local High School. Cal's wife, Betty, is a long-time employee of the **Times-Leader** where she currently serves as Area Editor.

Cal and Betty are the parents of three children: Dr. John Pokas (Optometrist) of St. Clairsville; Judy Mayles of Wheeling; and James of Los Angeles, California. They have four grandchildren: Olivia, Alexandra and Nicholas Pokas; and Jacob Mayles.

For my 40 years of writing sports in the Ohio Valley, I had the pleasure of being associated with two giants of the newspaper profession. One was the late Van Horne, my boss for 27 years, and friend and mentor for over 30 years.

The other was Cal Pokas, who also was tutored by Van Horne during his early years as a journalist. I was always impressed with Cal's dedication to his job and his attention and devotion to all sports...not just football, basketball and baseball.

I also contributed much time and devotion to organizations such as the Ohio Valley Athletic Conference and the Upper Ohio Valley Dapper Dan Club. More than just a newspaper acquaintance to me, he was a friend and advisor, as well. We worked together on many projects pertaining to the OVAC.

The best way for me to describe him is that Cal was a true professional.

NICK BEDWAY, Executive Sports Editor, Wheeling Newspaper

Cal Pokas was a "quiet giant" in the newspaper industry. His dedication to OVAC athletics and Ohio State University was unparalleled. When it came to the OVAC, the big difference between Cal and most reporters was that he championed the "little man."

...cross Country...girls' basketball in the early days...golf; all sports were important to Cal, and he saw to it that they received recognition in the **Times**

...member visiting him in the hospital during his last stay, just to say hello. But it quickly went way beyond that. Cal was telling me things I should look at in my new position, the history of why things were done the way they were, dishing out advice upon advice, never once complaining about his problems, but always taking the best care of business at hand. That was Cal.

I refer to him as a "quiet giant" in the industry, because you really didn't know Cal was around at an event...until you touched a nerve by asking him about athletics. Then, it was as if you magically opened the **Encyclopedia Britannica** of sports.

...my Mountain, Bill Van Horne, Rudy Mumley, Sam Mumley, Cal Pokas - - giants in the Ohio Valley Athletic Conference. And right this minute, I'm talking to you, Bill and Jimmy are busy writing press releases for the only all-star game that truly matters.

THOMAS E. RATAJCZAK, Executive Secretary, Ohio Valley Athletic Conference

Dr. Robert Jones, the team doctor for the West Virginia All-Stars in tonight's Rudy Mumley AC All-Star Charity Football Classic, has a simple self-diagnosis to explain his affection for football. The game, he says, is in his blood. And no antibiotic, no pill or shot can get the sport of his system. "I got involved because of the game of football," he said. (The appeal) is the game itself... it doesn't matter what aspect it is."

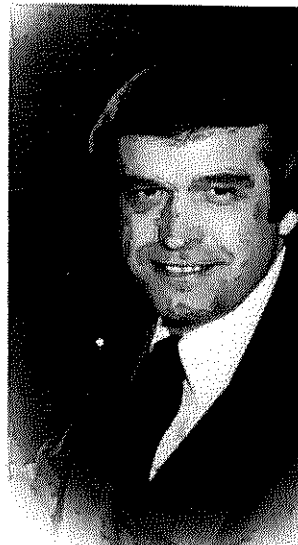

Football found its way into the heart of Dr. Jones in the mid-1960s, when he played for the legendary Wheeling Ironmen. Jones played defensive end, linebacker, offensive line -- "Back then, you had to do it all," he said. -- and remembers cross-state clashes with Charleston vividly. Even if memories of the game's details remain cloudy, the atmosphere of Wheeling Stadium will always remain indelibly etched in Jones' heart and mind. "I remember my first game... we played Charleston," Jones said. "It was the only time I've ever seen the stadium completely packed. We had a little bit of a rivalry with them." And he still gets the chills up his spine every time he visits the stadium, which was remodeled in the 1980s. "It's still the same place," Jones said. "Even if it is a different stadium. It's still a great place to play football."

Of course, the main purpose of football and other sports is to teach the participants qualities they can take with themselves throughout their lives. Football was no different for Jones. Currently a general surgeon who also performs thoracic and vascular work at Wheeling Hospital, Jones says he learned self-discipline -- a necessary component in any surgeon's mental makeup by playing football all his life. "The discipline of football pushed me to be a surgeon and in the medical field," Jones said

Jones has been involved with the OVAC Football Classic for the past 15 years, getting his first taste of the game when O. V. Vazquez -- invited him to the 1984 game.

Many of the games that he's seen and worked were good. But one -- the 1987 classic -- stands out as great; because of the numerous stars who played in the contest. Ohio - featuring St. Clairsville's duo of Shawn Vincent and John Spencer - defeated the West Virginia team 13-11 in the all-star game, played at Steubenville because of the renovations to Wheeling Stadium. "That was the best year, as far as players go," Jones said.

Jones earned his bachelor's degree from the University of Nebraska and graduated from the West Virginia University School of Medicine. Jones lives in Wheeling with his wife, Rita and has three children - Patricia and Pamela, both 31, and Robert, 7.

☆☆☆ OVAC DOCTORS ☆☆☆

After studying pre-med at Ripon College in the state of Wisconsin, Luis Vazquez decided the best place to live and raise a family.

A native of Caguas, Puerto Rico, Vazquez later studied and obtained a doctorate at the University of Seville in Spain.

When it came time to apply for an internship in the States, I hoped to return to Wisconsin, or somewhere close to that region of the country," he recalls.

Luckily for the Ohio Valley, an opening became available at old Wheeling Hospital in 1967. Vazquez accepted, and the rest -- as they say -- is history.

And what a history for one of the area's most respected and successful physicians.

Dr. Vazquez has been on the Ohio sideline, donating his services each and every year the Rudy Mumley OVAC All-Star Game has been in existence.

"I can't think of a finer organization to be involved with," he said from his St. Clairsville-based offices where he first established practice in 1961.

A long-time sports enthusiast, Vazquez has served in a similar capacity 32 years at St. Clairsville High. He's also aided the prep grid programs at Bridgeport and Martins Ferry.

"I'm fortunate that my four sons were involved in football. That helped me stay close to the sport," he noted. "Today, I enjoy it today as much as I ever have."

Through the years, Dr. Vazquez has served on numerous committees, including Ohio's prestigious Sports Medicine Advisory Board where he worked alongside the legendary Woody Hayes, longtime Buckeyes' head football coach.

Currently, Vazquez is Chairman of the OVAC Foundation Committee.

Dr. Vazquez has been married 41 years to the former Bonnie Watkins, a Wheeling native. They are the parents of six children, four of whom own college degrees.

His son Louie played quarterback under the late George Strager at St. Clairsville High. Last fall, Lou was on the staff at state qualifier Fisher Catholic High in Lancaster where he earned a district honor as defensive coach. He played collegiately at the University of Akron.

His son Mark Vazquez, a graduate of the Coast Guard Academy, is currently a Commander and is based in Clearwater, Fla. His son Roger Vazquez also played quarterback for Strager and was the Red Devils' field general during the 1979 season that featured a running back Tim Spencer.

His son Mike Vazquez holds a masters degree in Political Science from the University of Akron and is working on a doctorate. His son Matt Vazquez played tight end at St. C. High.

Dr. Vazquez and his wife have two daughters -- Lori and Becky. Both own masters degrees and are teachers in the Franklin County school district in Columbus.

DR. LUIS VAZQUEZ

Nick Ghaphery has worked tirelessly to make sure that all athletes in the Ohio Valley Conference enjoy the finest sports medical services around. Since he first became involved with the OVAC four years ago, Ghaphery – the league's co-director along with Dr. Luis Vasquez – has worked to ensure that athletes are healthy and safe about health issues.

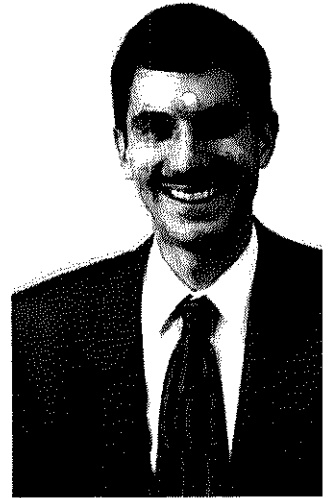

"We're trying to bring sports medicine more into focus," Ghaphery said. "We are trying to increase coverage for events that occur in the OVAC, and we're trying to address educational issues for athletes in the OVAC."

A hot-button issue with Ghaphery is the use of performance-enhancing substances, both legal ones like creatine and illegal steroids. And Ghaphery said he and the league are making a strong warning athletes about the dangers of steroid use.

Spreading the facts out is Ghaphery's mission, and he feels he and the league are succeeding in providing accurate information to coaches.

"There's a lot of perception versus reality out there, and education is the key. Our goal is to provide the information so that athletes can make informed direction, and we are pleased with the results that we have accomplished."

Ghaphery graduated from West Virginia University in 1984 with a bachelor's degree in liberal arts and then earned a degree from the West Virginia School of Osteopathic Medicine in Lewisburg

After spending a year completing his internship at Ohio Valley Medical Center, Ghaphery completed his family practice residency at WVU in 1991.

After that, he worked at Children's Hospital in Akron, Ohio, as a primary care sports medicine fellow until 1993. Ghaphery then spent three years, from 1993-1996, in the sports medicine program at the University of Pittsburgh.

In 1996, Ghaphery came to Wheeling and since then has been sports medicine director at Wheeling Hospital and a faculty member for family practice and residency.

He lives in Wheeling with his wife and two children.

★ ★ ★ SPECIAL THANKS ★ ★ ★

There's a lot more to playing an all-star football than X's and O's. For proof, just ask Todd Fullerton, who will coordinate all the medical services for tonight's Rudy Mumley OVAC All-Star Football Classic.

"Basically, my job is to make sure all the i's are dotted and the t's are crossed," Fullerton said,

and among Fullerton's i's and t's are:

• Making sure enough trainers, doctors and emergency technicians are present, in case of injury.

• Making sure that the teams have plenty of supplies, from medical tape to ice packs.

• Making sure coaches if players injured during the game are healthy enough to return to action.

• Making sure whether or not to play, delay or cancel a game because of weather conditions. Last year, for example, the game was delayed 55 minutes because of oppressive humidity.

• Making sure from a medical standpoint, the key to keeping a game running smoothly is communication, Fullerton said.

"Basically, we try to work with each other and communicate with the coaches," Fullerton said.

"It's a lot of communication between everyone involved."

Fullerton should know. After all, he's been seriously involved with the OVAC for the past 15 years.

And he's been working in sports medicine for the past 30 years.

His athletic training career started in the late 1960s when, as a student-athlete at Martinsburg

High School, Art Simpson befriended Fullerton and gave him his first chance at being a

trainer. And Fullerton's stepfather, Bill Van Home, the sports editor of the Wheeling News-Register until his death in 1995, took

him to sporting events, which fueled his desire to remain involved in sports.

Fullerton holds a Bachelor's degree in physical education from The Ohio State University and a Master's degree in exercise

science from the University of Arizona. Along the way, he's worked with several notable organizations, including the following

at Ohio State, he was an athletic trainer for the Buckeye football team, a position that allowed him to work with Woody Hayes

and the Rose Bowl.

Fullerton worked the summers of 1972 and 1973 in Bradenton, Fla. with the Pittsburgh Pirates organization.

While a graduate student at Arizona in 1977-1979, he was an athletic trainer with the Association of Tennis Professionals,

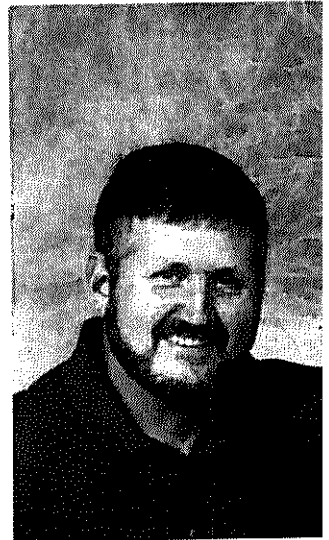

working with such tennis luminaries as Jimmy Connors and Bjorn Borg.

Fullerton said, "There's nothing quite as special as the OVAC. That's why he returned to the Ohio Valley in 1985. Currently

working as a registered nurse in the emergency room at Wheeling Hospital. "People like (Van Home, Simpson and the late

Art Simpson) were very instrumental and influential in high school sports," Fullerton said. "There's great camaraderie, good

friendship...sometimes the kids don't realize what they have until they are out of it." Fullerton lives in Wheeling with his wife, Susan

Born out of the need for financial assistance to the OVAC, the Ohio Valley Athletic Conference Foundation was organized in the late 1980 school year. It brought together many of the valley business and professional athletic enthusiasts with the purpose of financially supplementing the conference.

The OVAC Foundation has approximately 100 members. The Foundation is the fund raising arm of the OVAC and they believe you cannot lose when you help the student athlete of the Ohio Valley. Additionally the Foundation presents two scholarships annually to a male and female athlete.

Saying Goodbye to **KEN BONNELL**

Ken Bonnell has served with the OVAC McDonald's All-Star for twenty years. Ken has decided that this year will be his last. He began working with the OVAC band while he was the band director at Buckeye South. The principal of Buckeye South just happened to be Rudy Mumley, the first Game Director who resurrected the All-Star Game. Ken noted, "Rudy asked me to direct the band for one year, and I agreed. The following year, the new director that was picked, backed out at the last minute, and Rudy asked me if I would be willing to do it again. Rudy was a hard person to say no to. I agreed to do it a second time, and here I am, twenty years later."

In that period of time, Ken has served in every capacity possible with the band. Currently, he serves as the Band Coordinator for the OVAC which involves the nomination and selection of players, purchasing of band uniforms and music, the assignment of rooms at OVAC band camp, securing room chaperones and band instructors, as well as anything else that may come up. He coordinates all the activities at band camp that lasts from Wednesday to Sunday at West Liberty State College.

When Ken started twenty years ago, the band had 84 members in it. Ken notes, "We used to wear socks with a red stripe around the top. I always had to say, 'Shirts In, Socks Up' that was my slogan for many years." This year, the band has 229 members. There has been as many as 254 members in the band. "When I see the band on the field, I'll miss it. The paper work I won't miss. It's been fun, but it's time for someone else to take over."

Ron Mauck, who served as Game Assistant and Game Director for many of the years Ken has been involved, commented, "Ken is a well-organized person and a perfectionist who demands a lot, but gives a lot. He has the ability to bring out the best in people. The number of former OVAC Band members who return each summer to help is a testament to Ken's influence and abilities."

Ken currently serves as the Principal at Northwest Elementary in Smithfield, Ohio in the Buckeye Local School District. He started teaching at Beallsville High School where he was Band Director before moving to Buckeye Local Schools. While at Buckeye, he has taught at Buckeye South, Buckeye Southwest, and Buckeye Local High Schools. In addition, Ken is a past President of the St. Clairsville High School Alumni Association and a former representation for the Ohio Education Association.

Presently, Ken serves as a Praxis III assessor for the Ohio Department of Education, a judge for the Ohio Music Association, and is the Jefferson County Representative for Zone 9 of the Ohio Association of Elementary School Administrators.

Ken and wife, Judy live in St. Clairsville with daughters Kristin, a sophomore pharmacy major at Ohio Northern University, and Jennifer, a sophomore at St. Clairsville High School. He is the son of Robert and Nora Bonnell, also of St. Clairsville.

★ ★ ★ RETIRED OFFICIALS ★ ★

One of the great things about athletics is the people you meet and become associated with from all walks of life. Coaches and players provide many memorable and unforgettable moments for the fans and, yes, even the journalists who exploit on the various fields of battle.

Sometimes forgotten, however, are the men and women in the striped shirts who officiate each and every contest with their main objective being to enforce the rules both to protect the safety of the participants and to see that the games are conducted in a fair and square manner.

Two gentlemen who proudly wore a whistle around their neck for many years will be provided a rare moment in the spotlight during festivities at the 30th annual Rudy Mumley Ohio Valley Athletic Conference Charity All-Star Football Classic.

JOHN "STREAKY" HALOZSKA

JOHN 'STREAKY' HALOZSKA, lives in Wheeling, West Virginia. Growing up, he played basketball at Wheeling Central and Wheeling High before McKinley Trade School. Streaky worked as a Dental Technician for thirty years fitting false teeth for many area dentists. Competition from large dental operations led to the closure of the business and he then took a grounds-keeper position at Jesuit University, from where he retired.

He started officiating basketball in 1949, when his neighbor, Albern, needed help at a JV basketball game at Martins Ferry. He convinced Streaky to go along and give it a try. He liked it enough that he did it for 40 more years. He started officiating football the following year. Streaky refereed competition in basketball, baseball, softball and track before calling his last game in 1988.

Noting how officiating has changed, when he began, they had three-man crews, and used two man crews on 6-man football games which were played on the field. Lafferty, New Athens, and Hopedale among others. "We kept the clock, and a man on the field, in addition to calling the game. Heck, now they use three-man crews on basketball." Streaky observed with a laugh.

Streaky recalls one time when he had to referee a football game at Martins Ferry. When the teams came out at the start of the game for the coin toss, Streaky noticed he had no change in his pockets. None of the other officials did either. Streaky, however, picked up a flat stone and spit on one side, told the captains to call a coin and proceeded on with the game.

Married to wife, Audrey for 55 years, they have three children: Janet, Molly and Molly who have added nine grandchildren and four great grandchildren to the family.

Streaky notes, "I have many fond memories of the wonderful people I met in contact with while officiating. I would encourage anyone - if they have the temperament - to get into officiating. It's very worthwhile."

BILL LINN retired from officiating at the end of last year after 28 years of officiating business at both the local and state levels. Having served as President of the Steubenville/Weirton Boards of Officials, as well as many other offices, Bill has been the Training Class Instructor for thirteen years and Rules Interpreter for eight years.

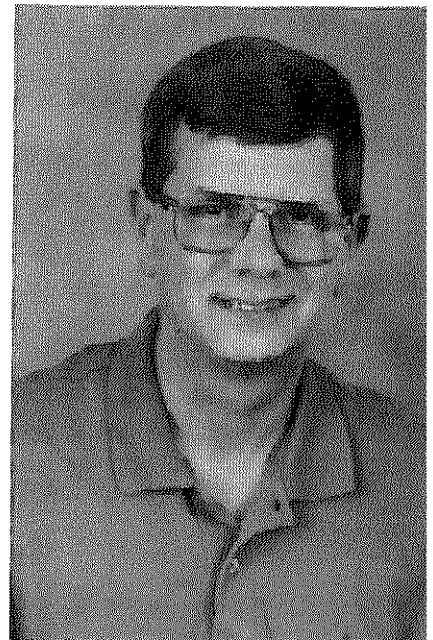

At the state level, Bill was a member of the Ohio State (OHSAA) Football Officials Training Committee for nine years and served as an OHSAA clinician for seven years. He has been on the Appeals Committee for the Eastern District for nine years.

Bill worked OHSAA play-off games for 16 consecutive years, including two championship games and five state semi-finals. He also refereed four play-off games in West Virginia. He currently serves as a State play-off observer.

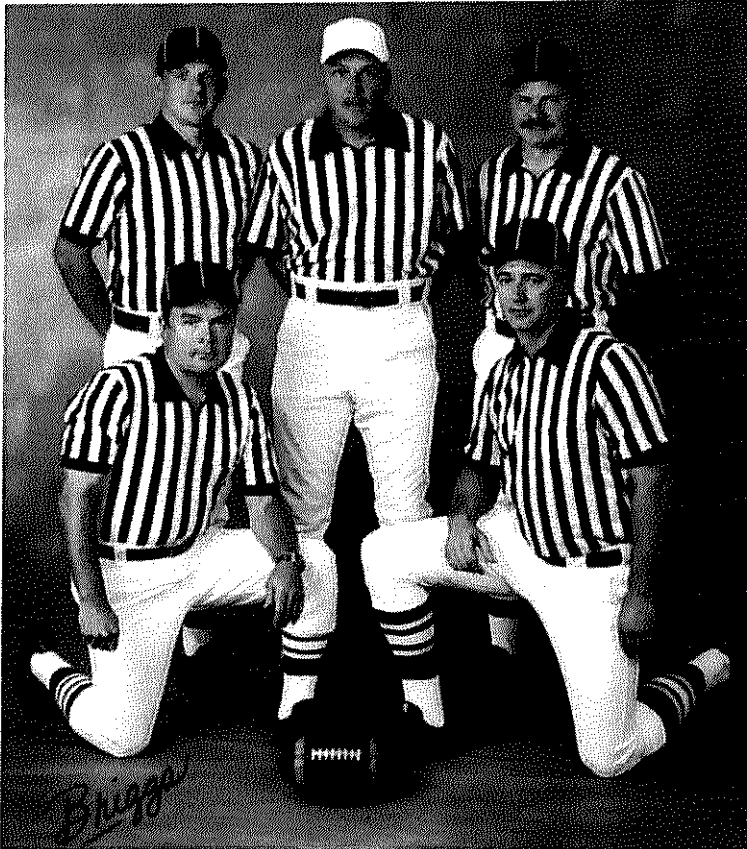

The games that stick out in his mind are his first state play-off game and his state championship play-off game. He also is proud to have served as an official in the Big 33 Football Classic at Hershey, PA.

He thoroughly enjoyed working to improve officiating, both at the local level and state-wide, developing the OHSAA state-wide training program for officials and their instructors. "I will always remember the many acquaintances and friendships that I have made throughout my career."

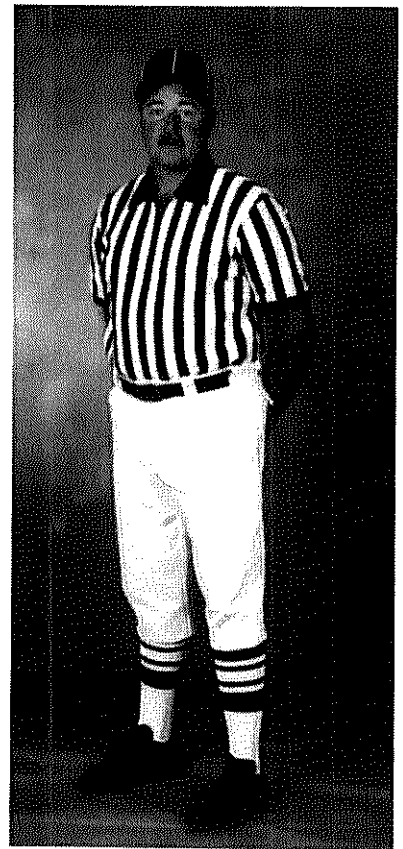

Bill has been employed for thirty-two years at Weirton Steel Corporation and is currently a Customer Technical Service Representative. Bill is 54 years old and resides with wife, Nancy in Steubenville, with a family of three children: Melanie, Carrie (22) and Eric (18).

LINE JUDGE AL RATCLIFFE has been officiating for 15 years. In addition to his football duties, he works a lot of fast pitch softball, and once officiated a game with the legend, King and his Court. Al has worked ten play-off games in Pennsylvania and two in West Virginia. He lived in Indiana, PA for seven years before moving back to the area. He credits the high quality of training he received in the OVAC before moving to Pennsylvania for enabling him to do so many WPIAL games. He started officiating when old high school friend Dave Clutter talked him into doing a softball game. The following year he did football, and has been at it ever since.

Al graduated from Wheeling High School and now lives in Bridgeport, Ohio. He and his wife, Toni, have two daughters: Michelle and Robin. He is currently employed at Consol's McElhattan Mine.

THE BIG RED BOOSTERS CLUB

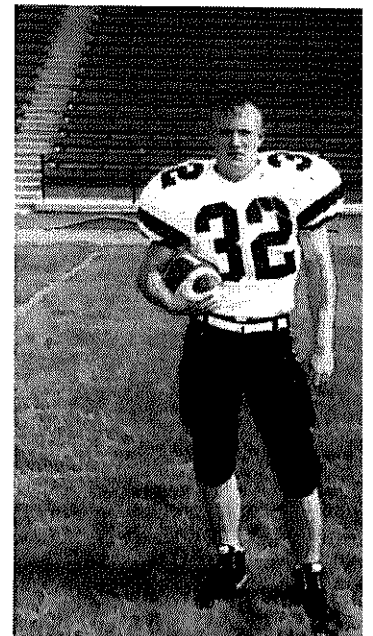

JOHN LESTER

JESS TURNER

STEUBENVILLE "BIG RED"

LUKE HARTM.

It is my honor to take this opportunity to first thank all the businesses and school organizations that kindly purchased an ad to help me reach my goal. They are all greatly appreciated. Thanks to all my friends who have supported me through thick & thin. Each of your own special way has brought lots of happiness and unforgettable memories to my life. Also, a thanks goes out to Kristina and Mika Linsky for escorting me tonight.

Many people have helped me to get where I am today, but one person in particular has left a big impact on my life and that is Stacy Coughlan. Stacy, you have not only been my dance teacher for fifteen years but also my inspiration, determination and friend. Thank you for all of your time, hard work and dedication. I'll never forget the endless hours in the dance room that has made me the dancer I am today possessing grace, style and poise. Above all, thank you for teaching me to love what I do and to dance from my heart. I am so appreciative for everything you have given to me.

Thank you to my family, thanks for everything you have given to me. You have definitely been through it all, and have supported me every step of the way. Mom & Dad, I hope when you watch me dance you both feel that all the laughs, tears, strife and hard work is well worth it. You have given so much of yourselves to help make my dreams come true. Without both of you, none of this would have been possible. Also, my gratitude goes out to my brothers, Mitchell and Zach, all my aunts, uncles, cousins and grandparents. I love you all!

And finally, but not least, I thank God for the many blessings He has bestowed upon me. I thank Him for giving me the ability to be a part of all the wonderful people in my life.

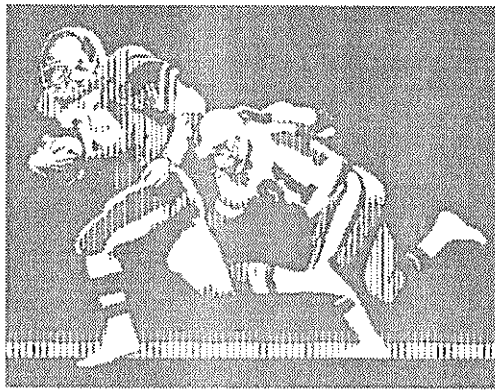

Good Luck to all the athletes and queens participating in the OVAC game tonight, especially Amber Martin who cheered for me for three years at JM.

With all my love,

Congratulations & Good Luck

Queen Lindsey

Thank you for blessing me with the opportunity to share in your life for the past 15 years. It has been a heartfelt, memorable journey in which I will treasure for an eternity.

May you always continue to dance with a love for your art, but most of all...with a smile in your heart. Although in a technical way of speaking you are graduated from our dance, I know in your heart the dance will continue on. You have always been a winner in my eyes, so go out there and do what you know best...the stage and to simply dance"!

LOVE AND GOD BLESS YOU,

In this night, just as always, we are so very proud of you. We are proud of the young woman you have become. You have been a shining star since the day you were born.

You have proven that you can make it in this world, despite any hardship that is thrown in front of you. You have a spirit that glows for everyone to see.

We are proud of all that you have become and all that you are striving to become.

What an excellent nurse you will make.

Live well, strive hard, be happy, play smart and always work toward making yourself someone that you can respect and that others will respect.

We couldn't have asked for a more loving and compassionate daughter. We wish you well tonight and in all your years to come.

I would like to take this opportunity to express my sincere gratitude and appreciation to all the businesses, organizations and friends who purchased ads from me. A special thank you to Toni Sivert of Picci-Sivert Studios and Susie and Dana of River City Dance Works for always believing in me and inspiring me to do my best.

As a graduate of Wheeling Central, I am very proud to represent my school in the Queen of Queens contest. Thank you, Mr. Stan Kaniecki for the endless hours of dedication and hard work you sacrificed for our senior class of 2002. Thanks to Shay Stein and Bethany Swaton for escorting me.

Finally, I would like to thank those most dear to me, my family. Mom, you have always been my biggest source of love, encouragement and guidance; you and dad are my heroes.

Above all, I would like to thank my heavenly Father for all of the blessings and gifts he has bestowed upon me.

Love, Kristin ♥

Dana,  
We are all so proud  
of you! Good Luck  
& have a great  
time!

Love, Your Family

First, I would like to thank my mom and dad. Without their support (and money) I would not be here today. Thank you for your support through all the years. I would like to thank my family and friends. Chantelli you have been there for every performance and I truly appreciate everything you have done for me. Ma you have always supported me in whatever I did. Thank you! This performance is for you!

Aunt Mary, without you, I would be lost. Thank you for everything you have done for me. All the two-hour trips to come support me!

Miss. Edington you have stuck with me the past four years. Without your guidance I would not be here singing. Thanks for teaching me how to sing and perform. I would like to thank everyone else that I have not mentioned thank you from the bottom of my heart! Also, thank you to all of the patrons, friends, and family who purchased ads and tickets from me! Your support is greatly appreciated!

Love, Dana ♥

would like to thank my parents for always being there for me. You have always been my biggest support and I would be nowhere without you! Also, I would like to thank my sister, Gina, who has been my biggest support to me as well. I would also like to thank Mrs. Carol Burda for EVERYTHING she has done for me and for the students of MFHS. Without you, none of this would be possible! I also want to thank all of the businesses, school organizations, and clubs who purchased an ad. Your generosity is greatly appreciated. I want to thank my piano teacher, Becky Bradenburg, for 11 wonderful years. You have helped me grow in more ways than just at the piano. I would like to thank the Martins Ferry Booster Club for my gown, and Martins Ferry Flower Shop for the beautiful flowers. I also want to thank my friends who are a wonderful gift! Most of all, I would like to thank God for the many blessings he has bestowed upon me in my life. Without Him, nothing would be possible.

*"Your Friend
Down The Road"*

Queen Elizabeth Suzette Richmond

I wish to start by saying what a wonderful experience this has been for me and thank my Lord & Savior for blessing me with this opportunity. I give Him all glory and honor this evening.

I am so lucky to live in Tyler County with such good and caring people. Therefore, I could not go on without expressing my gratitude to all the local businesses & friends who so graciously supported me by purchasing ads and raffle tickets. I pray that I can and will represent my county as well as they do every day.

I also want to thank my school for showing me that everyone is behind me and cheering me on. This endeavor is not just for me, but for our school, Tyler Consolidated. I will do my best to represent our school with honor. So Knights!!!

I consider myself very fortunate to have good friends who are with me to celebrate the good times and who lifts me up through the tough times. I have grown in many ways by their presence in my life and the gifts they have shared. I want them to know with all my heart I am ever so thankful for their friendship.

*My life is only complete with the love and support of my family. They have given me so many opportunities and encouraged me throughout them all. They love unconditionally and have been shining examples of God's love. I am truly blessed. May I follow in their steps and become all that God has planned for me. I love you
!!!*
