# *Samuel A. Mumley Memorial Basketball Classic*

Back in 1977, four veteran Ohio Valley basketballers decided that the concept of a high school All-Star game similar to the highly successful football contest, was a very practical idea. And so, Earl Haberfield of Paden City, Dick Potts of River, Henry "Herk" Lazasz of Paden City, and Bobby Dawson of Wellsburg sat down and worked up the format of what would become the OVAC All-Star Basketball Classic.

Earl Haberfield was chosen as the game's first director. The committee enlisted the support of Ogden Potts to help underwrite the game, and booked the Paden City Civic Center for the location, hoping to pack the arena.

However, the only problem was that the game had to be played in June. Due to the rules of the West Virginia State Schools Activities Commission, Mountain State schools could not participate without losing their eligibility in other sports. As the game was a novelty, the Classic drew a time see 1700 fans witness the Valley's finest, and the heat and the timing soon began to dwindle the number of area spectators.

Over the years, due to expenses and availability of venues, the game was played at St. John Arena, Wheeling High School, Bellaire High School, Wheeling College, and Buckeye Local High School.

Although the game always showcased some exciting hardcourt performers, other problems existed. The format underwent several changes, and as interest in girls' sports became greater, the need to have more games for the boys and two games for the girls became apparent. However, West Virginia schools, being fewer in number, often had difficulty finding enough quality opponents while Ohio schools had more players than they could handle.

Another change in the program came in 1982 when Earl Haberfield left the area to coach in northern Ohio. In moving, however, the committee made a wise move by turning over the directorship to Gene Ammirante of Paden City. Under his leadership, the game became more exciting and competitive.

Gene Ammirante ran the game until 1987 when, due to an increasing work load, he resigned the contest to Clyde Potts of Steubenville Catholic Central who guided the game for two years. The game was then directed by John Potts of Wellsville. After a one-year tenure, the game encountered serious problems, as no one wanted to assume the directorship. Also facing financial problems, the game more needed strong leadership. With that in mind, only one name was obvious - Ammirante. Under his direction for the next five years, the game made tremendous changes. The game was placed back on strong financial footing. The second change came in the form of strong leadership of the OVAC Executive Secretary, Sam Potts who took it upon himself, with the assistance of the staff of Moundsville, to initiate the 1992 contest.

many trips to Charleston and hours of phone conversation and lobbying, the game was approved. Starting with the 1992 contest, the game would be moved to April.

Because of his dedication to the Conference and his unselfish support of the Classic, the committee decided to change the name of the Classic to the Samuel A. Mumley Memorial Basketball Classic.

The format was changed to one boys' game and one girls' game and a Conference cheering competition was added. Through the hard work and efforts, not to mention the enthusiasm, of Linda Alexander of Paden City, the contest never struggled like the game, but jumped right into successful the first year. Although all 44 OVAC schools chose not to participate, the Championship brought hundreds of cheerleaders before the Valley fans to show them that cheering was a bona fide sport also.

With the 1994 Classic, two more changes took place. First, Tom Rataiczak of Bellaire High School, who had served as program director for fifteen years, took over as Game Director. With this came the inception of a coaches' clinic held prior to the game and a luncheon for all the players and their parents. One of the best decisions made was moving the game to the campus of Wheeling Jesuit College and their beautiful facilities. The game was held there for seven years. This change not only established a home for the Classic, but allowed its players and cheerleaders to enjoy a major college experience without leaving the Valley.

The 1995 Classic saw three more adjustments. First, the coaches' clinic was dropped, as its timing ran too close to the NCAA Tournament and the availability of quality college coaches. Second, it was decided to begin honoring a coach who pioneered in the establishment of girls' basketball as a sport. The third reason was perhaps the most noticeable. After three years, the cheerleading advisors decided to branch out on their own and move their competition to November.

In 1997, reaching its twentieth anniversary, the advent of a reunion team was created. Thirty plus athletes from the original all-star game returned to initiate an annual 20th-year reunion.

Although the committee thought the Classic was stabilizing, another big change came in 1998. Following on the heels of the All-Star Football Game and the OVA Wrestling Tournament, the game was broadcast live on Channel 7. Now, instead of the athletes playing before 2,000 people, they went into over 50,000 homes throughout the Ohio Valley.

Even though the All-Star game has undergone several changes, it is still undergoing change, one fact remains constant - it continues to showcase the finest basketball talent that the Ohio Valley has to offer.

Ohio University Eastern's Ney Center now offers a beautiful facility in Eastern Ohio to carry on the tradition. We welcome you today, and hope you enjoy the contest!
