There are many words to describe the life of Rudolph Mumley, but perhaps the most appropriate would be service.

For most of his 80-plus years, Mumley, known as 'Rudy' to his legion of friends, worked on behalf of many causes. None were more important to him than the youth of the Ohio Valley.

It is befitting that the game which fans are witnessing this evening is named in his honor. If it hadn't been for Rudy's willingness to step forward, the Ohio-West Virginia All-Star Game would not have existed the last 28 years, and it now appears to be a fixture that will carry it well into the next millennium.

The game's history goes back to the early 1940s and, for many years after that, it was sponsored by booster club associations from Eastern Ohio and the West Virginia northern panhandle.

However, the game could not receive NCAA sanction and consequently was held during the spring to allow players who had received scholarships to NCAA schools an opportunity to participate.

When it became apparent that the booster club organizations could no longer sponsor the game, it ceased to exist. An idea was presented to Sam A. Mumley Sr. that the Ohio Valley Athletic Conference could assume sponsorship of the game and apply for NCAA sanction.

One of the requirements toward receiving NCAA sanction was that only 60 percent of game proceeds could be spent to cover expenses and the other 40 percent had to be used for charitable purposes.

Once the game received sanction, the OVAC had another problem. It was experiencing financial problems and did not have the resources to provide "seed" money that would be needed to purchase uniforms, pay for training camp and other start-up expenses such as insurance.

Sam Mumley, who was the executive secretary of the OVAC, appealed to his uncle, Rudy, to provide the financial help. The story has become legend on how Rudy, a bachelor who lived with his beloved sister Lillian, in the Warwood area of Wheeling, mortgaged their home to receive a loan. The rest, as the saying goes, is history.

There was more adversity to overcome for this inaugural OVAC venture. The Ohio Valley experienced damaging floods during June of 1972. Wheeling Stadium sustained considerable damage and the facility would not be available for the early August game.

Sam Mumley called his longtime friend, the late Edmund Joseph, who was then athletic director at Martins Ferry High School and asked if the OVAC could use Ferry Stadium. Once Joseph took the request to school officials and received permission, the game was finally on.

However, on the day of the game, the area was hit hard by a rainstorm. More adversity. By this time, you could not fault Rudy Mumley, who agreed to serve as game director, if he was feeling a bit jinxed. Several hours before kickoff was scheduled, the rain stopped and the sun came out. It turned into a beautiful evening, and the game went off like clockwork before a capacity audience.

The OVAC was in business as far as renewal of the Ohio-West Virginia midsummer classic was concerned.

However, that's not the end of the story. Over the next two decades-plus that Rudy Mumley served as game director, he made numerous improvements to the game. He turned it from just an all-star game into an extravaganza.

He took the all-star gridders to camp at West Liberty State College, his alma mater, and a place where he had long-standing ties. Each year, Mumley added activities for the players to help them pass the time and provide some relief from the rigors of training camp.

RUDOLPH "RUDY" MUMLEY
1918 - 1999

He enlisted the help of the Osiris Shrine and this group gave the game a more meaningful purpose as it would eventually gain the lion's share of the charity proceeds.

Through his good friend, the late George Strager, another mid-week event, "An Evening With the Stars," was initiated and handled with impeccable care by two other longtime friends, Mike Young and Pete Cuffaro.

From the time the OVAC assumed sponsorship of the game, Mumley brought back the Stone & Thomas "Queen of Queens" Pageant which had been a part of the All-Star Game series when it was sponsored by the booster club associations. Stone & Thomas continued to sponsor the event over the next two decades-plus. In recent years, the queen's pageant has continued under the sponsorship of Kaufman's of Wheeling and WTOV-9.

In the meantime, Mumley enlisted the help of Glenn Didriksen and his family, which owned and operated several McDonald's Family Restaurants in the area, to form the McDonald's All-Star Band. This has become an increasingly popular feature of the game.

Mumley's innovative mind produced a game that would help kick off the Ohio Valley football season, a classic that would involve some 60 to 70 football players annually and several hundred bandsmen. Add to that some 25 to 30 queen candidates and a myriad of volunteers who helped make the 10-day to two-week experience a memorable part of their lives.

For a number of years, Rudy and his nephew Sam, along with other OVAC officials and the dedicated men from the Osiris Shrine, would hold a pep rally at Russek Field on the campus of West Liberty State College. Several thousands of people attended these events and, of course, it was Rudy who usually stole the show.

From his days at old Wheeling High to those at West Liberty State College, Rudy was always there to help. Following a stint in the military service, he spent the next three decades or so as an educator, primarily in Eastern Ohio. He was principal at Buckeye South High when he retired.

His service to the Ohio Valley Athletic Conference was ongoing for more than three decades, and he served as president on two different occasions.

Through his efforts and those of his many friends who joined with him to work on various facets of the All-star classic, more than \$600,000 has been provided to Ohio Valley charitable groups.

Several years before his death, which came in early February of 1999, Mumley relinquished directorship of the game to his longtime associate and close friend, Ron Mauck.

Nonetheless, Rudy still remained a familiar figure on the sidelines. His walk had slowed considerably although he had bounced back from a series of illnesses. But, the enthusiasm was as great as ever. He had seen the game reach new heights last year when it was televised live by WTOV-9 and the game still drew a near-capacity crowd.

It was a fitting tribute that OVAC officials several years ago renamed the contest as the Rudy Mumley OVAC Charity All-Star Game.

Rudy was to become one of the most recognizable sports figures the Ohio Valley had ever produced. He was honored as the Dapper Dan's "Man of the Year" in 1992, and earlier was inducted into the Athletic Hall of Fame at his beloved West Liberty State College, following in the footsteps of his late brother, Eli. Rudy was the first non-athlete or non-coach to earn this honor, and in recent years, he became a prominent benefactor to the school.

Educator, humanitarian and philanthropist. That's the legacy of a guy who wanted to be known simply as Rudy.

And as long as this game can survive, fans of the Ohio Valley for the coming generations will be able to look skyward and say, "Thanks, Rudy!"

For more than three decades, Samuel A. Mumley served the youth of this area as executive secretary of the Ohio Valley Athletic Conference.

Last February, "Sammy" was called home by his maker to receive his just reward for a lifetime spent in service to others.

Perhaps the greatest compliment one can pay Sam Mumley following his passing is to say that he made his world a much better place to live because he once walked among us.

Mumley devoted nearly five decades to working for the youth of our Ohio Valley. In addition to his time as executive secretary of the OVAC, which is still

SAMUEL A. MUMLEY
1931 - 1999

believed to be the largest high school athletic conference of its kind in the United States, Mumley was an athletic trainer, coach, basketball official, teacher and a school administrator.

If that wasn't enough time to give, Mumley joined Eric Carder, an assistant principal and director of activities at Wheeling Park High School, in serving as co-director for the West Virginia Super Six state high school football championships, which they brought to Wheeling Island Stadium six years ago.

Additionally, the pair helped secure the West Virginia state soccer championships held last year at the brand new athletic facility at Wheeling Jesuit University.

Sam also played a major role in the wonderful mid-summer football spectacle you are attending tonight at Wheeling Island Stadium. Renamed several years ago to honor his uncle, who also passed away earlier this year, the Rudy Mumley Charity All-Star Football Classic was revived in 1972 under the sponsorship of the OVAC.

In those days, the NCAA made things difficult for sponsors seeking sanction to hold various all-star contests. The local Ohio-West Virginia All-Star game had been dormant for many years after having been a fixture on the Ohio Valley gridiron scene since the early 1940s.

Both Mumley's spent hundreds of hours putting together the formula for a program that the NCAA found acceptable. Today, the game is more vibrant and popular than ever among the area football fans, who nearly pack the Island Stadium each and every July to kick off a new gridiron campaign.

They also helped turn this event into more than just a football game. It has become a mid-summer spectacular complete with an All-Star Band, cheerleaders and the pageantry of a Queen of Queens contest.

It also helped raise hundreds of thousands of dollars for charitable organizations in the Ohio Valley over the past 26 years.

Much of these wonders have been achieved because Mumley refused to take "no" for an answer from anyone and because he dared to dream what many of us have considered to be impossible dreams.

Who would have believed that the state high school football championships could ever be lured out of Charleston to the Northern Panhandle?

Sam did.

And Wheeling will host the state title games for the sixth straight year the first weekend of December.

Through his fund-raising efforts and the help of countless corporate sponsors and Super Six volunteers from up and down the Ohio Valley, the state football finals have been raised to a level that may never be matched in the Mountain State.

When Mumley came back to take over a second time as executive secretary of the OVAC, the league was in dire financial straits.

Through Mumley's efforts and the backing of other leaders in the community, an OVAC Foundation board was formed to serve as a fund-raising arm of the bi-state league. That board is still in existence today.

The sports programs at the various schools were improved immensely. All-star games are now held each year in football, boys' and girls' basketball, baseball, softball and boys' and girls' soccer. The OVAC sponsors championship tournaments in wrestling, swimming, tennis, golf, volleyball, baseball, softball, boys' and girls' soccer, boys' and girls' cross country, boys' and girls' track, cheerleading, etc.

Girls sports have risen to equal importance because Sam had the foresight and the courage to support each and every program offered by the OVAC. His efforts with girls' sports earned Mumley a seat on the equity panels for both the Ohio High School Athletic Association and the West Virginia Secondary School Athletic Commission.

The scholarship program also has been enhanced by Sam's ability to involve the corporate sector of the various communities within the extensive OVAC map. At last May's OVAC Banquet of Champions held at the Wheeling Civic Center, more than \$15,000 in scholarship money was awarded to deserving OVAC student-athletes.

That money wasn't just found on the street corner; it was obtained largely through tireless efforts of the late executive secretary.

Sam put the OVAC's "kids" first in all his dreams and work for the conference. "What can we do for the 'kids'? How can we make things better for them?" Those were the first questions he posed whenever the OVAC or Super Six would discuss changes in their programs.

He took great pains to involve everyone in conference business. He was constantly in touch with media members, keeping them updated on matters and seeking their opinions.

When important final decisions had to be made, Sam didn't mind being the one to make them. But he did so after many discussions among his constituents and his own private soul-searching. And, of course, his main concern was making sure that the decisions were in the best interest of the OVAC student-athletes.

From a personal standpoint, if Sam became your friend, he was your friend for life. He was always there with a kind word, a bit of advice if it was asked for, and encouragement when any of his friends were in a difficult situation.

I once wrote in a column that Sam was no saint, but that he was sent to us by angels to perform good works and turn our impossible dreams into reality.

He dearly loved his wife, Nancy, who remained by his side through good times and rough times. No different from the rest of us, Nancy became part of the OVAC family as well, taking care of the conference's financial books, a role she continues to handle today.

They were married just 11 years when Sam passed away. But, as Nancy once said, they crammed 40 years of happiness into that short time.

A long bout with cancer terminated Mumley's life at the too young age of 67. But, as this writer has stated before, you won't make me believe "Sammy" lost that fight with cancer. Nothing defeated Sam Mumley in his lifetime. God, whom Sam believed in with all his heart, simply decided it was time to call him home.

Sam Mumley was one of a kind.

He will remain in our thoughts and prayers forever.

28 Years... OVAC All-Star Football Classic in Retrospect ...and The Tradition Continues

A vast majority of people said it would never happen, many felt that it was impossible and some believing that it was to no avail... "The OVAC would not gain NCAA sanction for the resurrection of the defunct Ohio-West Virginia All-Star Football Game." True, as it was, the 1960's did not allow the conference much latitude for its quest for an NCAA sanction.

As general information, at that time it was mandatory to have NCAA sanction, otherwise those college bound grant-aid players would be declared ineligible for their freshman year. Therefore, during the early and middle 1960's, the Ohio-West Virginia All-Star Football Game drew those athletes of lesser athleticism or those not considering to participate on the collegiate level. Through such sanctioning, the NCAA could legally regulate any and all summer all-star contests, thus putting the "squeeze" on booster clubs and civic organizations who endeavored to work around such regulations. The Ohio-West Virginia All Star Football Game fell into this category, thus ending the game in the late 1960's and with it the once celebrated official opening of the Ohio Valley's "pigskin" season.

"We are not going to be denied," said Sam A. Mumley, Executive Secretary of the OVAC. "The rich athletic heritage of this valley as well as having one of the most prolific scholastic conferences in the country should entitle us the opportunity of showcasing our student athletes." In this respect the conference executive board passed legislation which directed the executive secretary to set the course in obtaining NCAA sanctioning, all of which would cover three years of time, effort and patience.

Beginning in early 1968, and with the intent of gathering preliminary information, it readily became apparent that the deck was stacked" and those who originally commented on the impossibility of such an adventure their opinions seemed correct. However, the decision to move forward with our game remained and it was full speed ahead with enthusiasm, confidence and faith. What followed were days and months of endless phone conversations ranging from those with NCAA officials in Kansas City to those local and state political leaders as well as keeping the media constantly informed. Additionally there were endless committee and board meetings as well as dinner and luncheon engagements all designed with the purpose of seeking sanction approval.

1968 and 1969 quickly became history and among all of the other conference business, the OVAC was very busy in

implementing its Title IX Program for Girls. Such female programs were introduced with the 1970 school year, two years before the federal mandatory date of September 1972. During this time period the conference was also formulating a full scale scholarship program, Partners in Academic and Athletic Programs, re-designing those needed changes in many sports levels and maintaining a sound financial base for all conference operations. Regardless, the NCAA all-star sanction movement was in full swing with constant communication between the NCAA and the OVAC on target.

Late in 1971, a remarkable turn of events took place when the NCAA informed the OVAC that they reviewed one of many proposed all-star formats and found some definite interests in the overall structure. This, then, led to three continuous months of very intense correspondence and phone conversations. At this juncture it was felt that we were closing in on gaining sanction and the pendulum was swinging towards our future.

Then it happened... late February 1972, a registered letter from the NCAA arrived at the conference office officially notifying the OVAC that the NCAA Review Board for all-star contests had awarded total sanction for a conference all-star game for the summer of 1972. Overwhelmed and overjoyed the conference held a monumental press meeting at the McClure Hotel in Wheeling announcing all the details related to the first OVAC All-Star Football Game. Rudy Mumley was already in the fold as our first director and remained as such for 23 years. In 1986, the game was officially re-named The Rudy Mumley OVAC Ohio-West Virginia Charity Football All-Star Classic.

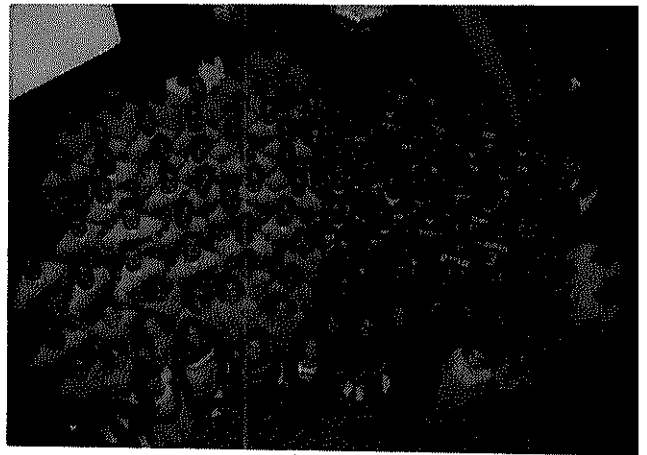

Tonight's 27th Annual Extravaganza will have produced 1,500 players • 3,200 musicians and directors (since 1986) • 500 cheerleaders • 750 queen candidates • 300 coaches, trainers, doctors, and managers • 225,000 fans... and an enormous array of Shriners and volunteers, all major contributors in distributing over \$600,000.00 to local upper Ohio Valley charities.

Speaking for everyone in the OVAC family, we thank you for allowing us to share... "Charity and love for our fellow men

4th ANNUAL OVAC BLOOD DRIVE COMPETITION

STUDENTS GIVE GIFT OF LIFE

Plans are being made for one of the largest blood drives in the region, the Annual Ohio V^ol^unt^eer Athletic Conference Blood Competition, with events scheduled at 15 different sites throughout the Southern Panhandle and East Ohio.

Begun in 2002 by the St. Clairsville Sunrise Rotary Club in remembrance of victims of the September 11, 2001 terrorist attacks against America, the competition has expanded to include support from Rotary Clubs throughout the region. Rotarians work with the Ohio Valley Chapter of the American Red Cross and the OVAC to make the program a success.

In contrast to some blood drives, the OVAC Competition is just that — a competition among various high schools to convince area residents to donate blood in the name of their favorite sports teams. Trophies are awarded to schools with the most blood donated in their names, with an overall trophy presented to the school with the highest total.

Members of the planning Committee of the Annual OVAC Blood Competition gather to discuss the event.

The West Virginia stands settled back after this furious display satisfied with a 7-7 standoff, but the mountaineers were fired with the idea of victory when one of Joe Mallery's passes was intercepted near the 50 shortly after the succeeding kickoff.

Helinski niched successive passes to Phil Saseen and after the second toss to the Central Catholic back had planted the ball on the Ohioans nine. Helinski and Dimitro required three tries before the former had found the pay dirt and the West Virginia youths had a 13-7 lead.

The remaining time allowed for another kickoff and the West Virginians successfully negotiated an onside kick, recovering the ball as the fray ended.

Coaches Bill Kerns of WVU and Don C. Pedden of Ohio University were the honorary mentors and in addition to sitting on the benches of the contesting squads, both spoke over the P.A. system at halftime. Kerns was accompanied here by Frank Kutz, one of his line mentors, and Ray Carnelly, his plebe mentor. The trio departed today for Charleston and tonight's North-South Game, although Kerns had an opportunity to talk to some local prospects.

1955" All-Star Game – 50 Years Ago

A speedster from Wellsville the show in the 1955 All-Star ball Game. John Martin at 5'10 inches tall and 170 pounds printed the West Virginia defenders on touchdown jaunts of 99 yards and 57 years as the Ohio All-Stars won by a 31-20 count before 10,000 fans at Wheeling Island Stadium.

Martin, Ohio's most valuable player, was not originally listed on the All-star squad but when Adena's Jarvis was unable to play due to an appendicitis operation in the summer, Buckeye coach Steve Magyar made an extremely wise choice - John Martin - to replace him. Martin had never played for a Wellsville team which he only joined three games during his senior year.

The All-Star game itself had been a victim to the weather on the date scheduled night, and ended up being played on a Tuesday night. Game director Bob Roe bypassing the Monday night venue because on Monday night the stores in Wheeling were not opened until 9 p.m., and by postponing it would cause a traffic problem for those trying to get to Island.

The two teams came into the game tied at 6-6 in the series, and after a scoreless first period the Ohioans would score 12 points in the second period and never looked back in gaining the 11-point decision. Ohio's victory snapped a two-year win streak of the West Vir-

ginia All-Stars. The 51 points marked the largest total in the history of the series.

Ohio's first touchdown came after the Buckeye defense stopped a West Virginia drive at the Ohio 23. Ohio then proceeded to drive 77 yards, the TD coming when Shadyside's Frankie August hit high school teammate Bob Bittengale on a 13-yard pass.

West Virginia came charging back late in the period, only to be stalled at the Ohio 11, and that set the stage for the first of Martin's three touchdowns. The Wellsville standout romping 89 yards off tackle to give the Ohioans a 12-0 intermission advantage.

The Mountaineers engineered a successful TD thrust in the third period after Follansbee's Mike Falbo recovered an Ohio bobble on its own 42. The two big plays in the drive were Weirton's Duke Bailey's 13 yard run and Challen Bonar of Moundsville passing to Wheeling's Nick Mumley for 20 yards which put the ball at the one yard line. Bonar then sneaked across on third down, and Wheeling Dick Albinger booted the extra point. With its lead now five points, Ohio again called on Martin whose 57-yard touchdown run increasing the margin to 11 points, 18-7.

Late in the third period Steubenville Catholic's Tom Mieczkowski recovered a West Virginia fumble at the Mountaineers

42, and three plays later - in the fourth quarter, Ohio was again on the scoreboard as August found another Shadyside mate, Don Fleron on a 30-yard pass play. McGrew's conversion made it 18-7. A jump pass from Bonar to Wilinski of Follansbee got the Ohio lead on the scoreboard for the second time.

The Mountaineers kicked and immediately regained possession of the pigskin at the Ohio 45. Bonar on a bootleg gained 21 yards to the four, and two plays later quarterback from Moundsville scored, the TD coming from the Ohio 45 as the Mountaineers getting the drive were squelched as Martin ran for 99 yards with the ensuing kickoff which rounded out the score. Wilinski was West Virginia's 100th point. The West Virginia All-Stars coached by Doug Stoneman, Follansbee who was seeking his second straight win in the classic.

1965 " All-Star Game – 40 Years Ago

The 1965 All-Star game went despite the fact that the light was somewhat of a problem in the initial half. The candlestick got better after intermission, but only provided the Ohio fans with a better view of West Virginia backs who were unable to get untracked throughout the game.

An account in the Wheeling News-Register starts out stating Ohio won the annual West Virginia-Ohio All-Star game in what was described as one of the most ridiculous football games of all time.

Of the three Ohio touchdowns, two came as the result of recoveries in the end zone.

The only offensive touchdown came in the final period when Jerry Fato connected with Ed Olzeski on a 27-yard aerial. The write-up stated that it wasn't the players fault, pointing out that they "knocked heads" and struggled and performed under the pretty adverse conditions.

The newspaper account noted that Ohio got 10 points in the first half and 12 in the second half, and that West Virginia got to the winners' five yard line once.

The story of the game was described as the toughest bit Ohio line which kept the Mountaineers in trouble all night. The write-up stated, "They kept popping into people and making them drop the ball."

The West Virginia defense saw a big dose of single wing football as Ohio coach Gene Millick, from Smithfield, ran this offense everywhere but straight up and his backs behind awesome blocking simply trampled over the lighter West Virginia team.

Ohio got on the board first with 7:26 left in the first half thanks to a safety. Tom Kochalka was the punter for West Virginia, and the snap from center sailed over his head, and thus instead of punting he recovered in the end zone for a touchdown. A two-

point pass conversion, Bruney of Martins Ferry to Mager of Bellaire St. Johns, it 10-0 at half-time.

Another West Virginia error at the outset of the third period resulted in yet another score for the Ohioans. The points tacked on when Westlake recovered the ball in the West Virginia end zone.

The final score of the game came on the Fato to Olzeski. Olzeski was named as the most valuable player.

Ohio - WV recovers ball in end zone for safety.

Ohio - Gill recovered blocked punt in end zone (Magers).

Ohio - Westfall recovered fumble in end zone (extra point failed).

975" All-Star Game – 30 Years Ago

52-yard scoring drive capped by a 15-yard touchdown run by Cain of John Marshall gave Virginia an 8-0 victory over in the annual OVAC sponsored charity football game at Kling Island Stadium.

The crowd estimated at 10,000 packed out on a warm August evening for the All-Star struggle witnessed a game in which there was little sustained offense, though frequent turnovers and some dazzling defensive play added excitement to the evening.

After a scoreless first half, the Mountaineers piloted by Brooke coach Vincent "Sonny" Rea put everything together for a game's first TD.

The touchdown was manufactured after Oak Glen's Paul Kuzio blocked an Ohio punt seven yards from West Virginia 48.

Wheeling Central quarterback K. Hoose set the winning march in motion when he threw a quick out pass to his Maroon Knight buddy, Botizan, for nine yards. Hoose then hit Brooke half-back Rich Maselli on a wing pass and the Bruin dragged tacklers with him for a 19-yard gain to the 24.

Ly-legged Greg Babe of Magawson, a consistent ground-gainer, hammered center to the 20. On the next play Cain picked up five yards and then Cain, who was married a week earlier, fired quickly through a hole made by the block-

ing of Linsly guard Ken McNinch and John Marshall center Ed Lautar, and zipped into the end zone untouched. The TD came with just 14 seconds remaining in the third period. Babe tacked on the bonus points on a run.

The Ohio squad had a couple scoring opportunities in the fourth period, one stymied by an unsportsmanlike conduct which resulted in the Buckeyes having to punt, and the other on a fumble which was recovered by Oak Glen's defensive end Kevin Beck at the West Virginia 20. The Mountaineers shutout was largely due to the efforts of such stalwart defenders as Bernie Shalvey of Wheeling Central, Mike Yankavitch of Warwood, Steve Jeter of Weir, Randy Rodgers of Wheeling, Butch Biondillo and Dan Griffith of Brooke, and Beck.

The Ohioans made only 111 yards rushing and were thrown for losses of 39 yards. The Buckeyes passing game could only show 51 yards on five of 10 passes. Ohio moved the chains on only eight occasions.

West Virginia's offense was just 209 yards, 140 yards rushing and 69 yards passing, five of 11. Two of the aeriels were intercepted. West Virginia backs were tossed for losses of 21 yards. The Mountaineers had 13 first downs.

Penalties played a key role in the game, as 80 yards were stepped off against Ohio, while West

Virginia's penalty total was 40 yards. West Virginia's touted pass game backfired three times in the first half, two on pass interception and a fumble after a pass completion.

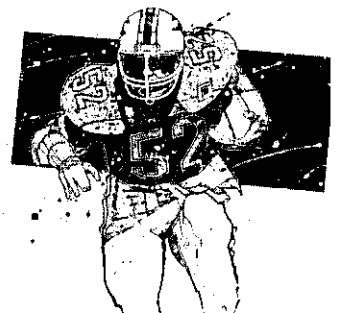

The Mountaineers also had scoring threats thwarted in the period. On the initial drive of the game West Virginia moved to Ohio 19-yard line, but a fourth down went incomplete. The other period ended on pass interception by Brooke eye West's Chuck George.

Ohio's Sam Reynolds of Barnesville intercepted a pass in the second half, and ended attempting a 44-yard field goal which was unsuccessful.

The Buckeyes had yet another scoring opportunity when Paul Cernansky of Toronto intercepted a pass at the West Virginia 30 and returned it to the 13. Three interceptions netted only four down, defeated Paul Kuzio of Oak Glen coming from his safety position on a down to administer a one-yard penalty and forcing another field goal attempt which failed as Griffith kept through to block the boot and made the recovery at the 33.

1985" All-Star Game – 20 Years Ago

West Virginia came from behind in final period to gain a 28-26 victory over Ohio in the OVAC sponsored charity All-Star Football Game at Reeling Island Stadium.

Ohio led 6-0 after one period, 12-7 at intermission and 19-15 after three periods, however, West Virginia scored two TD's in the final quarter to take a 21-19 lead. A blocked punt in the end zone enabled Ohio to get within two points.

The Mountaineers used a punishing ground game featuring Kennedy Award winner Joel Wilson of Martinsville to grind the Buckeyes down.

The drama-filled battle enabled West Virginia to even the series at 7-7 since the OVAC took over sponsorship of the game. In the overall series, Ohio, which had won the two previous meetings, maintains a 21-19 margin.

This game pitted two coaches from Marshall County Bishop Donahue's coach Blake the mentor of the West Virginia team, while the Buckeyes were coached by Bob Eaton of Bellaire St. John's Central. Eaton being a graduate of John Marshall High.

The West Virginia fourth quarter comeback actually started late in the third period when Wheeling Central's Jim Seamon, one of the game's defensive stalwarts, scooped up an errant punt at the Ohio 16 and was brought down at the six by Kelley Burdge of Wintersville.

Just 37 seconds into the fourth quarter, David Shall took a handoff from Mike Tennant, and scored from the

three. Chris Hutter's placement made it 22-19.

A pass interception by Mike Griffith, of Wheeling Park, which he returned 48 yards to the Ohio 4 setup the final WV touchdown. Troy Law needed just two carries to score, going off tackle on the second thrust from the two. The placement which would have given WV a 10-point margin was blocked by Paul Johnson of Bellaire St. John's Central.

With less than six minutes to play, Ohio forced the Mountaineers into a punting situation at their own 15. Andy Schumacher, stellar defensive lineman from Woodsfield, broke through to block the punt and then, with the pigskin still rolling free into the end zone he fell on it for the touchdown. River's Perry Raper came on to boot the extra point, cutting the deficit to 28-26 with 5:33 left.

On the very next series Union Local's Luke Gallow hit separated the ball from the ball carrier and Gary Della Penna of Wintersville fell on the ball at the eight-yard line, setting up what appeared to be an easy scoring opportunity. Steubenville's Todd Kelley broke free around right and went in untouched, but an illegal procedure penalty wiped out the apparent six-pointer. Earlier in the game two other Ohio would-be touchdown aeri- als both to Steubenville speedster John Murray of 33 and 38 yards, were wiped out – one on a holding penalty and the other an illegal forward pass.

After Kelley's TD was erased, Ohio was setback to the 13. Three plays could

advance the ball only four yards; then resulted in the Buckeyes scoring a 25-yard field goal which was wide to the left and West Virginia possession with a little more than 10 minutes to play, and the Buckeyes out of timeouts.

Ohio did manage one more possession – only one play – but Jason came up with an interception with 10 ticks left on the stadium score clock.

Statistically, the Mountaineers had the edge on the ground, racking up 100 yards on 51 rushes. Wilson lead the way with 83, while Shall chipped in with 56 yards and Law with 33. West Virginia attempted nine passes, three going to the offense, three to the defense and three falling incomplete. Total yardage of the three combined was being 36.

Ohio's first TD of the game came on an 11-yard pass from Scott Maffee of Bellaire to Raper, the second TD came on a 25-yard aerial from Kelly Burdge of Wintersville to Kinder, and the third on Wintersville's Don Vandeborn's 66 yards with a pass intercepted

995" All-Star Game – 10 Years Ago

n years ago Ohio posted a 21-0 victory over West Virginia in the annual Rudy Mumley OVAC All-Star game at Wheeling Stadium.

Speed was the biggest factor for the Buckeyes, according to Steve Gehrman, who coached the Mountaineers.

Ohio coach John Magistro said that his defense was a step up all night and credited this partly to the fact that his team being fresh throughout the game.

The Ohio defense held the West Virginia offense to 99 yards, 44 rushing (1.8 per carry) and 55 passing. Ohio had 68 snaps from scrimmage for the Mountaineer team. The Ohio offense would pick up 252 yards, of which 211 was on the ground. This yardage came on 53 plays. Total possession was nearly equal with Ohio having the ball for 28 minutes and West Virginia for 27 minutes.

There were but seven penalties in the game, Ohio assessed 38 yards for 12 infractions, while the two West Virginia penalties resulted in 20 yards.

All three of Ohio's touchdowns came on runs, a 33 yard jaunt by Chet Pobolish in the second period, two 10 yard runs of 2 yards and 1 yard by Steve Gehrman, one in the second period and the other in the final period.

Actually, West Virginia had the first scoring opportunity when Ohio muffed a punt which was recovered by Magnolia's Matt Thomas at the Ohio 13 midway through the first period.

However, West Virginia handed the gift right back, coughing up the ball on the very first snap with Buckeye Local's Mason Boyce making the recovery at his own 11 yard line.

West Virginia would get no closer than the Ohio 36 the rest of the night. The Buckeyes struggled with field position and poor exchanges between the center and quarterback during the first quarter but the defense gave the offense a jump start as the second quarter got underway. Bellaire's Keith Pitts intercepting a pass at his own 46 and scampering back to the West Virginia 39.

Two plays later, Buckeye Local's Chet Pobolish took a perfectly timed option toss from Beallsville QB Davey Eichhorn and sprinted down the right sideline behind a good block from Rod Cowans of Cadiz, for a 33 yard touchdown. The TD coming with 9:08 left before intermission. Shadyside's Elias Matsakis was good on the first of three placements. Following a West Virginia punt, the Buckeyes took over at their own 24 and set out on their first sustained scoring drive.

Pobolish carried six times for 30 yards on the march and Eichhorn hooked up with rangy Steubenville Catholic Central wideout Dan Connor for a 27-yard gain to the Ohio 7. On a four-play drive West Virginia 7. On a four-play goal situation on the 13th play of the drive Gehrman scored from 10 yards out. Only 46 seconds remained on the clock prior to intermission.

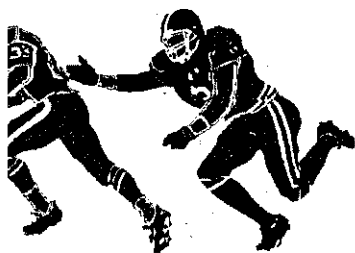

West Virginia suffered a setback during the first half as starting quarterback Craig Eddy was injured and did not return to the game. The injury forced freshman Joe DeMaria to play both ways during the second half.

West Virginia's last chance to get back in the contest came early in the fourth quarter as the Mountaineers drove from their own 31 to the Ohio 36 where they suffered a turnover on downs after two incomplete passes with 7:31 remaining.

Ohio put the game away with a 10-play, 64-yard drive that ended with Gehrman slamming across the goal line the two.

OH - Pobolish 33 run (Matsakis kick)
OH - Gehrman 2 run (Matsakis kick)
OH - Gehrman 1 run (Matsakis kick)

~ A Tribute to George Strager ~

(A column by Nick Bedway that originally appeared in the Wheeling News-Register on August 18, 2003)

With another high school football season set to get underway, I thought this might be a good time to reflect on the career of the late George Strager.

Ohio Valley's winningest schoolboy football coach, Strager was truly a legend in his own time. He amassed a total of 246 victories during a career that spanned nearly four decades.

Perhaps, I should point out that there's no telling how many more games Strager's teams would have won had the current tiebreaker rules been in effect while he was stalking Ohio Valley sidelines. During his entire coaching career, if the score was tied at the end of the fourth quarter everybody was satisfied or not.

Strager's offensive genius was considered ahead of his era and he certainly could have figured out a way for his teams to win at least half of those stalemated contests in overtime. His overall record stands at 46 wins, 115 losses and 16 ties.

I picked Coach Strager as the subject for this column not just because of the success he experienced on the field. The love and dedication that he gave the couple of thousand kids he coached affected most lives in a positive way.

Strager, George was hard to play for and tough as nails on the field. His pre-game and halftime talks were delivered with fire, especially when he didn't think his team was performing up to his expectations. But he was hilariously funny at times and a great guy for coaches and players.

Perhaps today's younger coaches could have learned a lot about football and how to get the maximum out of their players had they had the opportunity to learn from this coaching giant.

In the past week I asked a couple of long-time Strager friends and associates - Doug Huff, the former Sports Editor of The Intelligence and Mike Young - to share some of their reflections on Ol' George.

Doug Huff spent nearly three decades covering Strager's teams. Young played for Strager at Central. He was also his long-time assistant coach at Wheeling Central High and he has handled perhaps the toughest task of all when he was asked to succeed the long-time mentor at the Red Devil high school. "It wasn't as difficult as people said it would be because George Strager prepared me to be a head coach by giving me responsibility and my confidence. When the time came, I felt like I was ready for it," Young explained. Mike had spent 17 years on Strager's staff at Wheeling Central High.

Strager was like a second father to me in terms of our friendship and the way our families got along. I don't think a lot of people realize how much he was a great family man. He and his wife had four kids and two of them were still in junior high when Lounelle passed away in 1986. He did a wonderful job of raising them almost on his own. All of his children have been successful in their lives as well," Young added. "One of the things I liked about Strager's football brain that put him ahead of the other coaches during his long career. He was a master-mind of the offensive. He talked about how Strager could look at a team's defense and quickly find a way to attack it and pick it apart. "We were very fortunate to have had many quality athletes at St. Clairsville," Young also said.

One of the most famous of the Strager proteges, of course, was Tim Spencer, who went on from the Saints to star at Ohio State, play in the NFL and return to Buckeye Local as an assistant coach. The unfortunate part of Strager's Red Devil days were they came at a time when the Ohio School Athletic Association was taking just one or two teams from each region for post-season play. "We had some great teams that had a chance to play in the post-season," Young said. Three of Strager's undefeated teams Red Devil squads never made it into the post-season.

St. Clairsville did make it twice under Strager, qualifying in 1983 and in 1986. The 1986 squad won two playoff contests and were on the verge of a state final when it lost a controversial decision to Chagrin Falls Kenston at the Rubber Bowl in Akron. It was Huff that pointed out that Strager is probably the only person to have coached three different Ohio Valley teams to unbeaten seasons. His 1953 Sistersville Tigers won the state championship with a 27-12 victory over Romney.

In 1963, Strager guided the Maroon Knights to a 10-0-1 season, ending with a 40-6 dismantling of highly-regarded Charleston Catholic "Blackfield" in the WV Catholic title game. He also had three undefeated teams at St. Clairsville, posting records of 9-0 in 1969, 10-0 in 1970 and 1985.

Obviously, this feat of having unbeaten clubs in four different decades is another unmatched area achievement. "I always considered George as 'Coach' because he was so well respected among his peers," Huff said, "to mention his name in a conversation with fellow coaches and you always had something positive to say about his coaching philosophy, techniques, etc." Huff also talked about how Strager's teams were always hard to cover. They never seemed out of a game because of his offense's ability to strike form any place on the field. "Some people are afraid of certain jobs. George was born to be a high school football coach. And he was one of the best," Huff added. "I can certainly tell you the way it was where our mutual friend was concerned. George had opportunities to go into the college ranks and he turned down a couple of big-time offers as I recall. But his fun and his life was in taking a group of young high school kids and molding them into something special.

At Wheeling Central High School, the late successful coach at Wintersville (now Indian Creek High School) regarded Strager as being as good a quarterback as he ever saw. The triggerman at QB was definitely the key in Strager's multiple offense, more as a ball handler than a thrower. If Cline was the one who could run his offense with a sleight-of-hand, good things were going to happen for his team that season.

Strager's relationship with George was more than just between a journalist and a coach. When he came to coach at Wheeling Central High School, I was a young writer and both Strager and the late Bob Roe, then the head coach at Wheeling High School, took me under their wing. Strager was never known for paying much attention to the defensive side of the football, although I'm sure that was exaggerated.

I can recall one time, however, when I went out to do a "Strager & Son" piece for the newspaper the week of the Red Devil's opener at Wheeling Central High School. On George's staff and his defensive coordinator at the time was his son, "Duke." After talking with the head coach, I decided to talk to Duke for a few minutes. "How's the defense going," I asked. "I don't know. Dad's spending so much time with the offense that it's not letting me work with the defense yet," Duke said as I could see the twinkle in his eye.

Whether the son was kidding me, or the defense made some remarkable strides in the three days prior to the game as St. Clairsville came off a 44-14 victory over the Wildcats. Strager's impact on the Ohio Valley coaching scene and even some of the today's athletes will continue to be noticed. Like Young pointed out that he and Kelly Rine continue to be directors for the George Strager Football camp every summer. Players like Rudy Mumley OVAC All-Star Football Game are feted four nights before the contest each year at George Strager Evening with the

Robert Jones, the team doctor for the West Virginia All-Stars in tonight's Rudy Mumley All-Star Charity Football Classic, has a simple self-diagnosis to explain his affection for the game. The game, he says, is in his blood. And no antibiotic, no pill or shot can get the sport out of his system. "I got involved because of the game of football," he said. (The appeal) is the game itself... It doesn't matter what aspect it is."

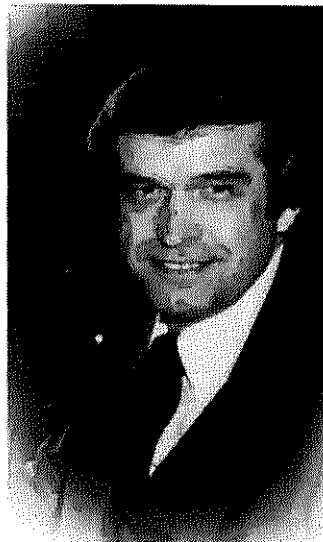

Football found its way into the heart of Dr. Jones in the mid-1960s, when he played for the Wheeling Ironmen. Jones played defensive end, linebacker, offensive line -- "Back you had to do it all," he said. -- and remembers cross-state clashes with Charleston. Even if memories of the game's details remain cloudy, the atmosphere of Wheeling Stadium will always remain indelibly etched in Jones' heart and mind. "I remember my name... we played Charleston," Jones said. "It was the only time I've ever seen the stadium completely packed. We had a little bit of a rivalry with them." And he still gets the chills up his spine every time he visits the stadium, which was remodeled in the 1980s. "It's still the same place," Jones said. "Even if it is a different stadium. It's still a great place to play football."

Of course, the main purpose of football and other sports is to teach the participants qualities they can take with themselves throughout their lives. Football was no different for Jones. Currently a general surgeon who also performs thoracic and vascular work at Wheeling Hospital, Jones says he learned self-discipline -- a necessary component in any surgeon's mental makeup -- while playing football all his life. "The discipline of football pushed me to be a surgeon and in the medical field," Jones said.

Jones has been involved with the OVAC Football Classic for the past 15 years, getting his first taste of the game when Ohio State -- Luis Vazquez -- invited him to the 1984 game.

Many of the games that he's seen and worked were good. But one -- the 1987 classic -- stands out as great; because of the stars who played in the contest. Ohio -- featuring St. Clairsville's duo of Shawn Vincent and John Spencer -- defeated the Cleveland-led West Virginia team 13-11 in the all-star game, played at Steubenville because of the renovations to Wheeling Stadium. "That was the best year, as far as players go," Jones said.

Jones earned his bachelor's degree from the University of Nebraska and graduated from the West Virginia University School of Medicine. Jones lives in Wheeling with his wife, Rita and has three children -- Patricia and Pamela, both 31, and Robert, 7.

★★★ **OVAC DOCTORS** ★★★

While studying pre-med at Ripon College in the state of Wisconsin, Luis Vazquez decided the West would be a great place to live and raise a family.

Native of Caguas, Puerto Rico, Vazquez later studied and obtained a doctorate at the University of Seville in Spain.

When it came time to apply for an internship in the States, I hoped to return to Wisconsin, or where close to that region of the country," he recalls.

Luckily for the Ohio Valley, an opening became available at old Wheeling Hospital in Wheeling. Vazquez accepted, and the rest -- as they say -- is history.

What a history for one of the area's most respected and successful physicians.

Dr. Vazquez has been on the Ohio sideline, donating his services each and every year to the Rudy Mumley OVAC All-Star Game has been in existence.

"I can't think of a finer organization to be involved with," he said from his St. Clairsville-based office where he first established practice in 1961.

A long-time sports enthusiast, Vazquez has served in a similar capacity 32 years at St. Clairsville High. He's also aided the prep grid programs at Bridgeport and Martins Ferry.

"It's fortunate that my four sons were involved in football. That helped me stay close to the game," he noted. "Today, I enjoy it today as much as I ever have."

Over the years, Dr. Vazquez has served on numerous committees, including Ohio's Press Sports Medicine Advisory Board where he worked alongside the legendary Woody Hayes, longtime Buckeyes' head football coach.

Currently, Vazquez is Chairman of the OVAC Foundation Committee.

Dr. Vazquez has been married 41 years to the former Bonnie Watkins, a Wheeling native. They are the parents of six children, four of whom have their own college degrees.

His son Louie played quarterback under the late George Strager at St. Clairsville High. Last fall, Lou was on the staff at state teacher Fisher Catholic High in Lancaster where he earned a district honor as defensive coach. He played collegiately at Ohio State.

Another son, Mark Vazquez, a graduate of the Coast Guard Academy, is currently a Commander and is based in Clearwater, Fla. Louie Vazquez also played quarterback for Strager and was the Red Devils' field general during the 1979 season that featured running back Tim Spencer.

Dr. Vazquez holds a masters degree in Political Science from the University of Akron and is working on a doctorate. Mike Vazquez is a running back at St. C. High.

Dr. Vazquez' have two daughters -- Lori and Becky. Both own masters degrees and are teachers in the Franklin County Schools in Columbus.

Nick Ghaphery has worked tirelessly to make sure that all athletes in the Ohio Valley Conference enjoy the finest sports medical services around. Since he first became involved with the OVAC four years ago, Ghaphery – the league's co-director along with Dr. Luis Vasquez – has worked to ensure that athletes are healthy and safe about health issues.

"We're trying to bring sports medicine more into focus," Ghaphery said. "We are trying to get more coverage for events that occur in the OVAC, and we're trying to address educational issues for athletes in the OVAC."

A hot-button issue with Ghaphery is the use of performance-enhancing substances, both legal supplements like creatine and illegal steroids. And Ghaphery said he and the league are making sure they are warning athletes about the dangers of steroid use.

Getting the facts out is Ghaphery's mission, and he feels he and the league are succeeding in providing accurate information to coaches.

"There's a lot of perception versus reality out there, and education is the key. Our goal is to get the information so that athletes can make informed decisions, and we are pleased with the results that we have accomplished."

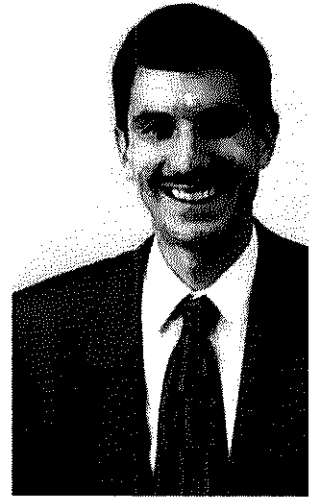

Ghaphery graduated from West Virginia University in 1984 with a bachelor's degree in liberal arts and then earned a degree from the West Virginia School of Osteopathic Medicine in Lewisburg.

After spending a year completing his internship at Ohio Valley Medical Center, Ghaphery completed his family practice residency at WVU in 1991.

From there, he worked at Children's Hospital in Akron, Ohio, as a primary care sports medicine fellow until 1993. Ghaphery spent four years, from 1993-1996, in the sports medicine program at the University of Pittsburgh.

In 1996, Ghaphery came to Wheeling and since then has been sports medicine director at Wheeling Hospital and a family physician for family practice and residency.

He lives in Wheeling with his wife and two children.

There's a lot more to playing an all-star football than X's and O's. For proof, just ask Todd Fullerton, who will coordinate all the medical services for tonight's Rudy Mumley OVAC All-Star Football Classic.

"Basically, my job is to make sure all the i's are dotted and the t's are crossed," Fullerton said, smiling.

Among Fullerton's i's and t's are:

• Making sure enough trainers, doctors and emergency technicians are present, in case of injury, and making sure that the teams have plenty of supplies, from medical tape to ice packs.

• Making sure coaches if players injured during the game are healthy enough to return to action.

• Making sure whether or not to play, delay or cancel a game because of weather conditions. Last year, for example, the game was delayed 55 minutes because of oppressive humidity.

• From a medical standpoint, the key to keeping a game running smoothly is communication, Fullerton said.

"Usually, we try to work with each other and communicate with the coaches," Fullerton said. "It's all about a lot of communication between everyone involved."

Fullerton should know. After all, he's been seriously involved with the OVAC for the past 15 years and he's been working in sports medicine for the past 30 years.

Fullerton's athletic training career started in the late 1960s when, as a student-athlete at Martinsburg High School, Art Simpson befriended Fullerton and gave him his first chance at being a coach.

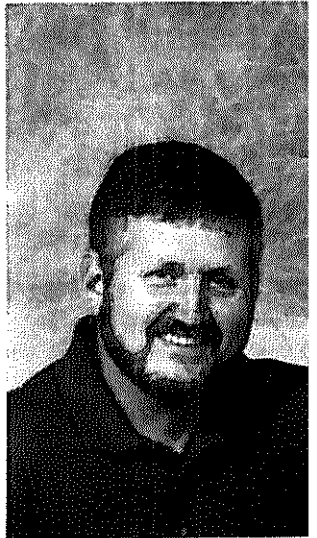

And Fullerton's stepfather, Bill Van Horne, the sports editor of the Wheeling News-Register until his death in 1995, took him to sporting events, which fueled his desire to remain involved in sports.

Fullerton holds a Bachelor's degree in physical education from The Ohio State University and a Master's degree in exercise science from the University of Arizona. Along the way, he's worked with several notable organizations, including the following: • At Ohio State, he was an athletic trainer for the Buckeye football team, a position that allowed him to work with Woody Hayes and the Rose Bowl.

• Fullerton worked the summers of 1972 and 1973 in Bradenton, Fla. with the Pittsburgh Pirates organization.

• As a graduate student at Arizona in 1977-1979, he was an athletic trainer with the Association of Tennis Professionals, working with such tennis luminaries as Jimmy Connors and Bjorn Borg.

Fullerton said, "There's nothing quite as special as the OVAC. That's why he returned to the Ohio Valley in 1985. Currently, he works as a registered nurse in the emergency room at Wheeling Hospital. "People like (Van Horne, Simpson and the late Art Simpson) were very instrumental and influential in high school sports," Fullerton said. "There's great camaraderie, good times...sometimes the kids don't realize what they have until they are out of it." Fullerton lives in Wheeling with his wife, Susan.

TRAINER - HERB MINCH

Herb Minch, Jr. has served as an OVAC football trainer for 14 years. He was a student at West Liberty State College when he was approached in the winter of 1987 and asked if he would like to work the OVAC All-Star Game and he has been at it ever since.

"It gives me great pleasure to work with a first class organization as the OVAC, this particular event and the many fine people who coordinate all their efforts. More importantly, the citizens of the Ohio Valley must be applauded for their support and continue to raise outstanding citizens."

Herb has served as the athletic trainer for 18 WVIAC championship teams. He is currently serving as President of the West Virginia Athletic Trainers Association and has served as the WVIAC spokesperson for athletic trainers.

Currently living in West Liberty with wife, Theresa, Herb is employed at West Liberty State College, where he has been since 1984, and is their Head Athletic Trainer and Head Softball Coach. He is also active in the West Liberty Volunteer Fire Department.

Herb is the son of Herb and Carol Minch of Wheeling. He graduated from Wheeling Park High School in 1985 and West Liberty State College in 1989 with a degree in Health and Physical Education. He earned a Masters Degree from West Virginia University in 1990 and added EMT and Athletic certifications in 1998 to his resume.

TRAINER - RANDY ELLIOTT

Randy Elliott has served as a Rudy Mumley OVAC All-Star Class trainer for 9 years. He started as a student trainer at West Liberty and Mr. James Watson was instrumental in getting him started.

"I appreciate the opportunity to work with the OVAC and the people of the Ohio Valley – the best place on earth! I really enjoyed being able to know Rudy and Sam Mumley, Dan McGrew, Ron Mauck and so many more to mention."

Randy has served as a trainer for twelve state championship events, including six in a row in wrestling at Oak Glen, as well as over 100 individual state champions at Oak Glen and Weir High School and an OVAC wrestling title which had long been a goal.

Randy is single and lives in New Cumberland, West Virginia. He is the son of Mary Lou and Edward Krzeczowski, Randy has two brothers, Ron and Dean. He is employed in the Hancock County Public School system and has been a Social Studies teacher at Oak Glen High School for the past seven years, and taught at Weir High for 15 years before that. He is currently raising five birds.

TERRY MOWREY

Terry Mowrey taught and coached track, football and basketball at Beallsville, Meadowbrook and St. Clairsville High Schools. He coached Beallsville to their first ever OVAC Track Championship and also led Meadowbrook High School to their first winning season in school history in football. Terry was selected as the OVAC Track Coach of the Year. He also served as Athletic Director at St. Clairsville High School. He was an Assistant Coach in the 1991 All-Star Rudy Mumley OVAC All-Star Football Charity Classic.

Terry graduated from Bellaire High School in 1962, where he participated in track, basketball and football. He attended West Virginia University on a track scholarship and was a Southern Conference Champion in the pole vault. He earned both his Bachelor and Master's degrees from WVU.

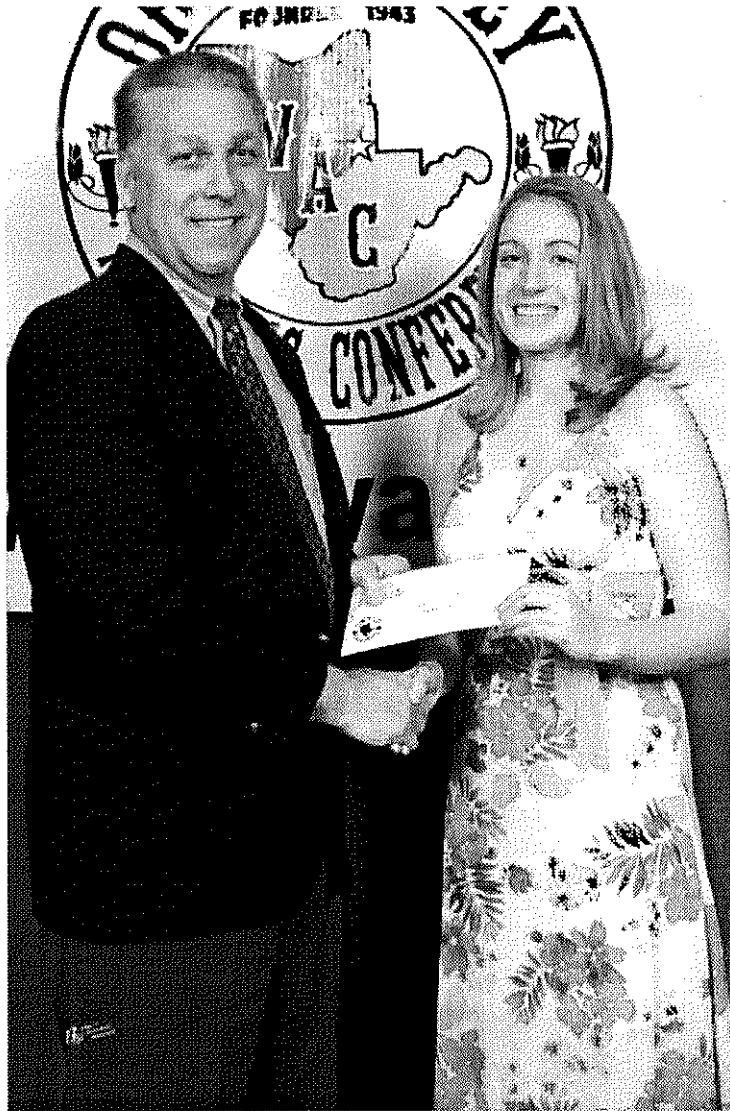

Terry passed away in 2001 and his family decided to perpetuate his memory by honoring him as a recipient in the Rudy Mumley OVAC All-Star Football Charity Classic.

★★ HONORARY OFFICIALS ★★

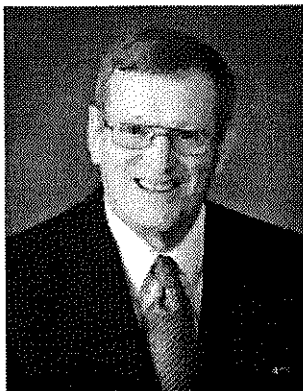

One of the great things about athletics is the people you meet and become associated with from all over the state. Coaches and players provide many memorable and unforgettable moments for the fans and, yes, the media. Journalists who cover their exploits on the various fields of battle.

Sometimes forgotten, however, are the men and women in the striped shirts who officiate each and every game. Unbiasedly, their main objective being to enforce the rules both to protect the safety of the participants and to see that the games are decided in a fair and square manner.

Three gentlemen who proudly wore a whistle around their neck for a combined total of 69 years were honored to share a rare moment in the spotlight tonight during the festivities for the 34th Annual Rudy Mumley Memorial Football Athletic Conference All-Star Football Charity Classic.

TOM HENTHORN ★

TOM HENTHORN officiated for twenty-two years and officiated basketball games for twenty-seven years. He served as President and Vice-President of the Ohio Valley Board of Officials. "Bob Davies got me into it and I'll tell you I met far more nice people than mean people and that includes both officials and coaches. I would encourage every young person who likes sports, they should try officiating at least once. I guess I remember the mistakes more than the good calls.

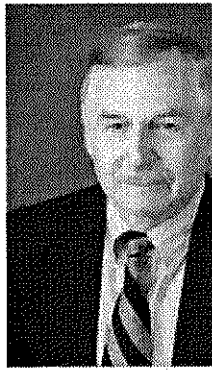

Once we lost a down in a Linsly-Shadyside game and at the end of the game Shadyside was undefeated. Another time I worked a Wheeling-Wheeling High game that was stopped for about an hour on a call that I made. Gosh, I had fun." Tom lives in Bridgeport, Ohio with his wife, Gail. They have four daughters: Rae; Beth; Erica and Janine; who has blessed Tom and Gail with seven grandchildren. Tom graduated from Wheeling High School and is now retired from Bayer Corporation. "I used to play golf," noted Tom, "but now I spend my time watching my grandkids play sports."

some advice to young officials, it would be to remember not to be in it for the show – you're there to do your job. Although important, it's not your livelihood – but it is for the coach to be important to do your best whether it's two class A schools Massillon vs. Warren Harding. I had a lot of good experience.

John lives in Follansbee, West Virginia with his wife who is a teacher at Brooke High School. They have two sons, Pete and Gus. John graduated from Follansbee High School and West Liberty State College. He is currently employed by Wheeling-Pittsburgh Steel Corporation and occasionally subs in the Buckeye Local School system. His hobbies include golf and wine making.

★ CHARLES SHIVELY

CHARLES "BRUCE" SHIVELY was a football official for twenty-five years. He worked many playoff games and has many pleasant memories. "Don Zinni was my neighbor and he was the football coach at Yorkville High School. When he got out of coaching, he suggested we both take up officiating, so we started at the same time. I remember one night at Paden City, they were playing

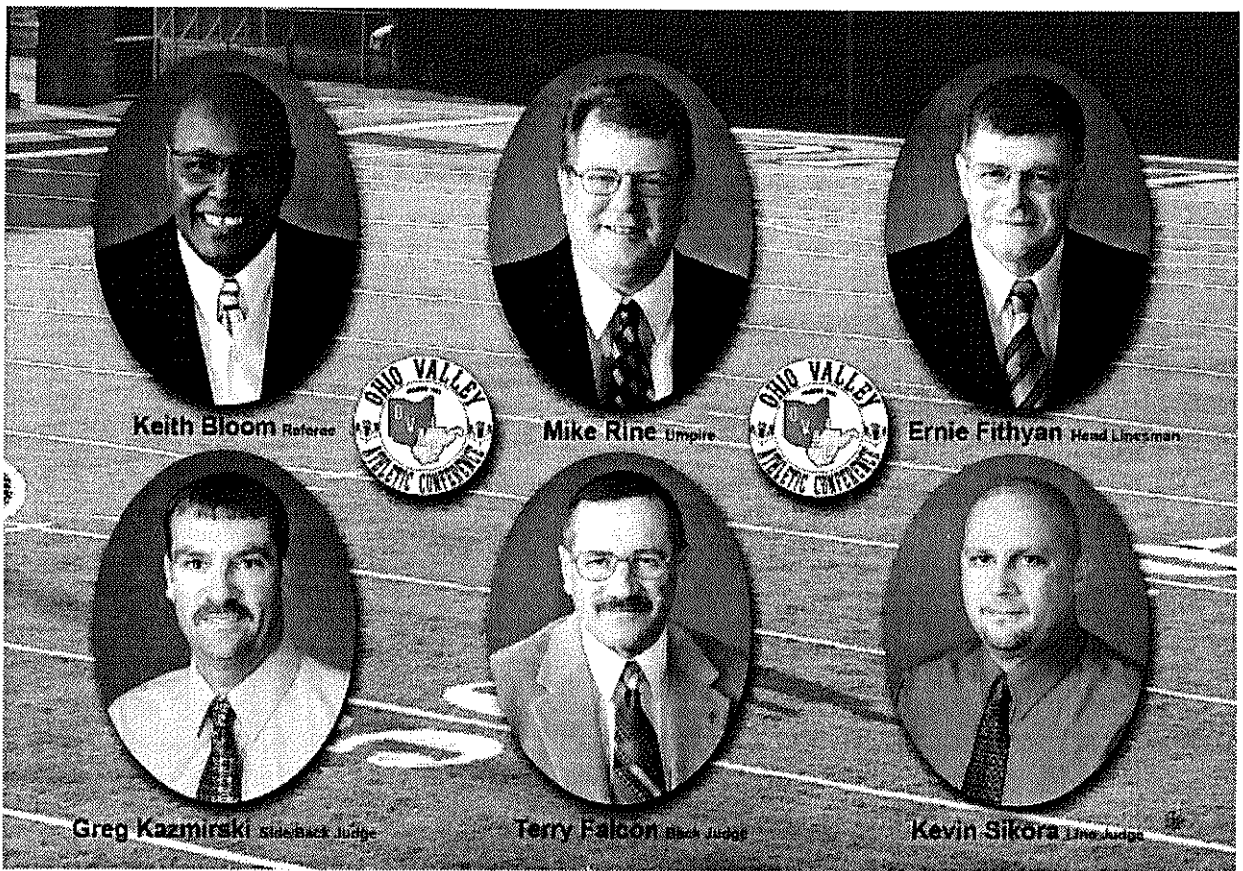

Crum, a team from southern West Virginia. We threw six players out of that game, they ended up with exactly six players and had a freshman half-back playing quarterback that night, I did a game at Bellaire St. John and a nephew was the quarterback. When I walked out for the coin toss, he said 'Uncle Bruce' and I said "Shut up before you get us both out." I had the honor of working the last game at old Wheeling Island Stadium and the first game in the new stadium.

Bruce currently lives in Tiltonsville with his wife, Gail. They raised six children: Vicki, Carolyn, Kevin, Keith, Ann and Carol; and now entertain eleven grandchildren. Bruce graduated from Warren Consolidated High School and served four years in the Navy. He is retired from two full-time jobs: maintenance supervisor at Wheeling-Pittsburgh Steel for twenty-five years as a police officer in Yorkville, while working in his spare time! He likes to do woodworking and fishing and has been riding a motorcycle for the past thirty

★ JOHN KOHELIS ★

JOHN KOHELIS wore the striped shirt for twenty-two years. He worked many playoff games in both states including the state final game in Ohio and the state championship game in West Virginia between East Liberty and Musselman, which he fondly recalls as one of the most exciting games he ever officiated. "I got started in 1974 and I wanted to be a bigger part of the game and not just a spectator. If I were to give

Best of Luck to the West Virginia 2005 OVAC All★Star Coaches!

**Head Coach - Terry Depew and his staff Dave Plumby,
B. J. Depew, Keith Sabo, Steve Ochap and Trainer Wayne Birket**

By SETH STASKEY
Times Leader Sports Writer

West Virginia head coach Terry Depew likes the cast of players he's assembled for the Annual Rudy Mumley OVAC All-Star Football Classic. He's extremely fond of the coaching staff that he's taking to camp at West Liberty State College for the annual July 24 game at Wheeling Island Stadium. "We've enjoyed doing this game every time we've been chosen," Depew said, "This game is really worthwhile and since we have some guys on our staff who are new, it's even more exciting." Long-time offensive coordinator Dave Plumby is the only member of the Linsly staff who's coached in the game prior to this season. The remainder of the staff, which includes B. J. Depew, Keith Sabo and Steve Ochap are new to the OVAC game scene as coaches. Two

of the three have played in the game so they will get to see it from another angle" Depew said. "Keith has never to the game, so it'll be a whole new experience for him, but we think he's going to enjoy himself. The guys are excited and looking forward to getting into camp."

Here is a capsule look at the West Virginia coaching staff:

TERRY DEPEW – This veteran Cadet mentor has been ultra-successful during his 25-year stay at Linsly. Depew has been the head coach for the past 25 seasons, but has been at Linsly for 26 years. Prior to coming to Linsly, he spent five years at Kiski Prep as an assistant. During his Linsly career, Depew has tasted four OVAC titles and posted 100 undefeated seasons. Along with football, Depew has also been an assistant varsity baseball coach for 26 years.

Depew graduated from Juanita High School in Pennsylvania before earning his bachelor's degree from Bucknell University where he played football. Terry and his wife, Cathy, have one son, Ben (28) and reside in Wheeling.

DAVE PLUMBY – This long-time Depew assistant serves as the offensive coordinator for the Cadet football program. Plumby has been a part of Depew's staff for the past 23 seasons. He's also the head track coach at Linsly when he guided the Cadets to the past three OVAC titles. The Linsly School graduate earned his bachelor's degree from Notre Dame and his Master's degree from Loyola University in Chicago. Dave has two sons: Rob (25) and Mark (19) in whom he has coached.

B. J. DEPEW – This 1994 Linsly School graduate has been on the head coach's staff for the past six seasons. Linsly's son, B. J. is also on the Linsly baseball staff during the spring. After completing his high school education, where he was a football, baseball and hockey player, B. J. went on to earn his Bachelor's degree from The Ohio State University. B. J. and his wife, Tracy, reside in Wheeling.

KEITH SABO – The OVAC All-Star Game will be a new experience for this State College, PA Area High School graduate. Sabo completed his first season at Linsly last fall after coming to Wheeling from coaching stops in Georgia and Florida. During those jobs, Sabo also coached basketball and is still on the Cadet's hoop staff. At St. Andrew's in Savannah, GA, Sabo was the defensive coordinator for the team that finished state runner-up. Sabo was an accomplished football player, having been selected to play in the Big 33 Game and he was a first team all-state defensive end. Keith and his wife, Mindy, reside in Wheeling.

STEVE OCHAP – This Cadet assistant will be experiencing the OVAC All-Star Game for the first time as a coach playing in the game in 2000. Ochap, a former Wheeling Park standout, completed his first year of coaching last season with the Cadets after a solid career at Bethany College. Ochap was a first team all-state and second team All-American pick in high school and went on to be a first-team freshman All-American according to D3football.com. He also played basketball for the Blue Devils and coached youth basketball. Steve and his wife, Linda, reside in Wheeling.

Queen Brittany Paulus

Dear Brittany,

Congratulations on your accomplishments at Monroe Central. From being elected a three time State Officer for Business Professionals of America, serving as National Eastern Region Vice President for BPA, to all of your singing, musical, and academic achievements, you've made us proud. We always thought of you as God's gift to us. Good

Luck with Queen of Queens.

would like to thank my family for all of their support. Without your help and love, I would not have been able to achieve the success that I have in Queen of Queens and all of my high school activities. I would also to thank God, our creator for giving me the talent and courage that he has. An artist is only as good as the tools he or she has been given. Good luck to all OVAC participants.

Love,

Brittany

Good Luck to all Monroe Central OVAC Participants!

I would like to take this opportunity to express my deepest gratitude and appreciation to all the businesses and school organizations that supported me in my role as 'AC Queen of Queens Pageant. I would also like to thank my dance teacher for showing me how to be a "true performer". Without you, I would not be the dancer I am today. Also, a special thank you to my family and friends for your encouragement and support in everything I have done. You have given me the strength to believe in myself and to always reach for the stars! Finally, I wish the best of luck to all the Queen candidates, All-Star football players, and Band members.

I would like to take this opportunity to thank all of those who have supported me in this contest. For those who purchased an ad from me, your support means everything to me. My parents... you both have been my biggest supporters from the beginning. I just don't know how truly blessed I am to have your love and support and always encouraging me to pursue my dreams. To my grandparents... I want to thank you for your love and support and always being there when needed. Thank you to all my friends for your love and gratitude. If it weren't for most of you guys pushing me into things, I wouldn't be the person I am today. I love you all. To all the other Queen Candidates, I wish you good luck in this competition, and remember, even if you don't win, still make it one of your best memories and believe that you do have talent because if you didn't, you wouldn't be here tonight! Good Luck!

Queen Dove Morris
Beallsville High School

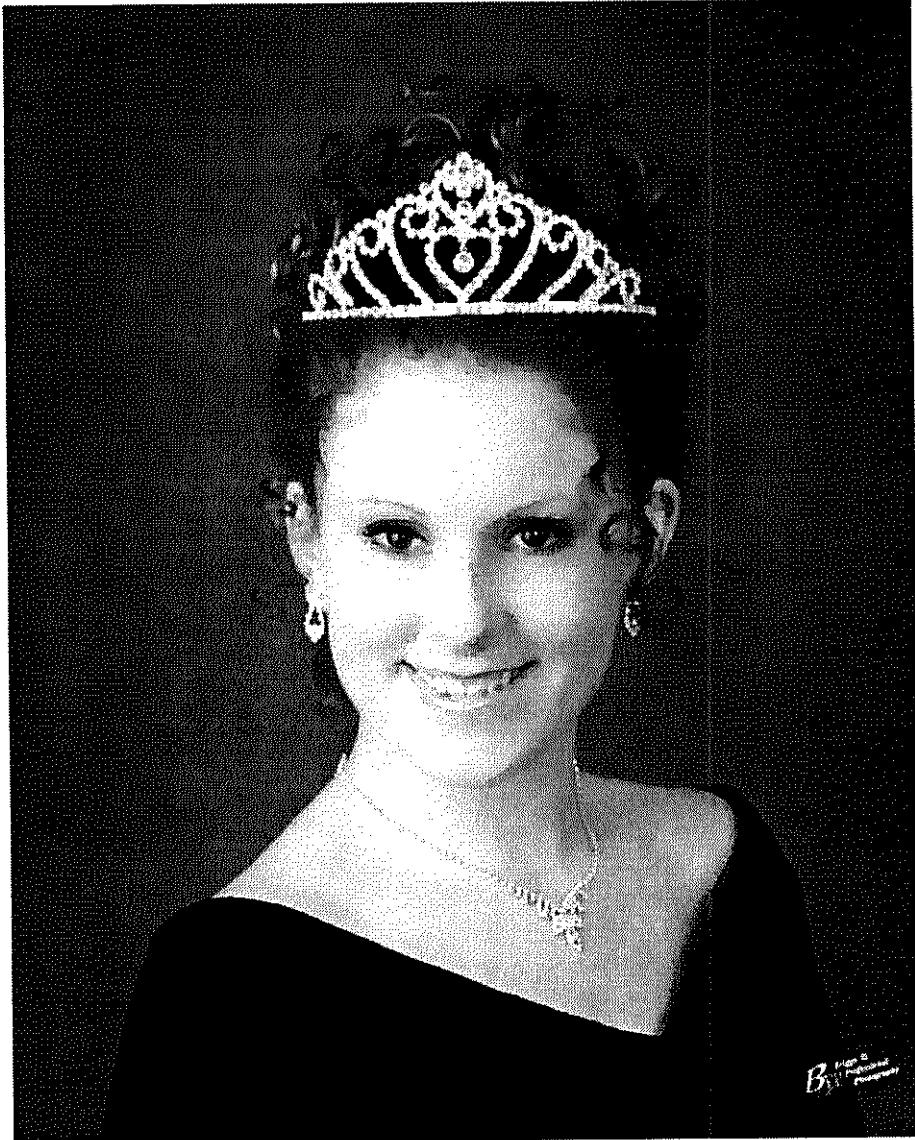

I would like to thank everyone who has believed in me and pushed me to do my best. To my friends and family, without you nothing would be possible. To Ashley Schumacher and Mr. Albus...thank you so much for escorting me on my special night. I'll never forget all of our cheerleading memories. Thank you to everyone who purchased an ad from me. A special thank you to Robin Harper who over the past four years has helped me and my class in any way we could. I would like to congratulate the Beallsville High School Destination Imagination team who placed 12th at global competition!

Thank you,
Dove Morris

I GIVE MY DAUGHTER

*I give my daughter to the loving care
Of God, who walks forever by her side,
To hold her hand and be a loving guide
Through and beyond all trouble, all despair.
I know that she may go to places where
I cannot go; the world is very wide;
And she may find herself swept by some tide
Of happenings I have no way to share.
Grant her more joy than sorrow, and more hope
Than doubt, more light than darkness, and the war
Sweet nourishment of love, the endless scope
Of new horizons, clear and free from storm.
A gallant heart, high courage and calm seas.*

Alice Swain

We love you very much,
Mom, Dad, Hailee, Mario, Toto and Pappy

*When we arrived in Ecuador and
were placed in our arms, we
knew you were special. We are so
proud of your faith in God and
everyday your dream of being a

First I would like to thank my parents for bringing me into this world. Mom for starting me in parents as soon as I was able to walk...my whole family for being behind me 150% and always believing in me no matter what. I would like to thank Pat Reddy's for starting my dance experience and getting me ready for competitions and teaching me the showmanship that is essential to a dancer. I'd like to thank Dave at Dance Dimensions for choreographing my dance routine for tonight for all the long hours. I would also like to thank my cheering advisor Julie Burkhardt and my daughter Jennie for all the hard work and time in getting me back up to speed on my dance and always pushing me to the limit. I would like to thank my St. John's alumni and my friends, I love you guys!!! I would like to also give a special thank you to Alicia Palmer and her Lasure for being my escorts tonight. Last, but not least, I want to give thanks to God who has given me life and the dedication to reach for the stars and to achieve my dreams. I would like to wish all of the Queens the best of luck!

*Love always,
Jessica Huff, St. John's Central Queen of Queens*

From the time you were small until today when you are a fine young lady, we knew you had a special quality about you. You are an exceptional young lady. You are beautiful inside and out. You have a heart of gold and a smile that enlightens anyone who sees it. You have a special gift to lift a person's spirit and give them hope. We are proud of everything you've accomplished and have enjoyed all the crazy times we've had together. Stay the way you are and your future will hold everything you have dreamed of and worked so hard for. We are so proud of you and love you very much. We wish you the very best in the Queen of Queens pageant. Win or lose, you will always be our Little Queen. Keep your feet a tappin' and laughter in your heart.

Thank You For everyone's Support

Erica Danielle Rush
Magnolia High School

I would like to take the time to thank every business, family member, friend, & school organization for purchasing ads & raffle tickets! The Magnolia High School 2005 faculty and students, thanks for all your support, encouragement and the opportunity to be here today! To my best friends, you guys are the best! Thanks for always being wherever I need you and always being the loudest in the crowd! I couldn't ask for a better cheering section or group of friends, you guys have left an everlasting spot in my life, I love you guys! Covey, thanks for coming into my life and making a difference, and thanks for being there whenever I need your support! Michael and Tonya Rush, thanks for helping me out with my cd! Ashton Ripley and Marah Elliott, thanks for being up here at my side tonight and escorting me, I wouldn't want anyone else! You guys are the greatest, good luck in everything you do! Thanks to my sister and her husband, you two are the best! I love you guys both from the bottom of my heart, thanks for always being there for me whenever I need you! Thanks to my grandparents for always supporting me in whatever I may choose to do, I love you! Aunt Lou Ann and Uncle Donnie, I couldn't ask for better people in my life! You two are the greatest and have made such a difference in my life, I love you guys! Mom & Dad, thanks for being the biggest inspiration in my life! You guys have supported me in everything I decide to do & helped out tremendously! I LOVE YOU!

Also, to the girls here tonight, thanks for being here and making it one of the best experiences I will ever have! I wish you all the best of luck, not just here tonight, but in your future with whatever you decide to do!

Last but certainly not least, THANK YOU TO THE SOLDIERS SUPPORTING OUR COUNTRY! WE WOULDN'T BE HERE TODAY IF IT WASN'T YOU FOR!

God Bless you all & Thanks,
Erica Danielle*

Fast Track

Wheeling Hospital

Fast Track is an emergency care service that allows non-critical cases to be treated in a more expedient way. The decision of whether to route a patient to Fast Track or to the Emergency Center is made by the medical staff when the patient enters the door. Critical cases can then receive the priority care they require without having the less serious cases endure a long wait for treatment.

Fast Track hours are Saturday,
Sunday, and Monday from
Noon to 11:00pm Tuesday
through Friday from
4:00pm to 11:00pm

**All insurances
are accepted.**
