35th Annual Rudy Mumley All★Star Football Charity Classic 1971 - 2006

Bob Koch
GAME DIRECTOR

On the Cover...Dr. Luis Vazquez & Coach Mike Linsky

In his past year, the Ohio Valley Athletic Conference lost two men who added much to the OVAC, in general, and the Rudy Mumley All-Star Charity Classic, in particular.

Dr. Luis Vazquez has been an integral part of the All-Star game since it came under OVAC sponsorship. He has been on the sidelines every year that the Rudy Mumley All-Star Charity Classic has been in existence. A native of Caguas, Puerto Rico, Luis studied pre-medicine in Wisconsin before earning his doctorate at the University of Seville in Spain. Hoping to return to the Midwest, an opening occurred at the old Wheeling Hospital in 1957. Dr. Vazquez opened a practice in St. Clairsville and also worked with the St. C. athletic program for an equally long time. Dr. Vazquez and his wife, Bonnie, have five children, Louie, Mark, Roger, Mike, Lori and Becky, all of whom have college degrees.

Mike Linsky assumed the head football coaching duties at John Marshall High School in 1983, where he also taught Physical Education studies. The Monarchs won the AAA State Championship in 1996 after posting a 13-1 record. Mike has been the head coach in the OVAC game on two occasions - in 1986 and 2002. A native of Milton, West Virginia, Mike had previously coached at Duval High School, taking them to two state championships. Mike had a career record of 183-136. In 1996 he was named as the Upper Ohio Valley Dapper Dan Man of the Year. His wife, Sandy, lives in Glen Dale and the family includes three children, Jeremy, and three daughters, Lori, Mika and Chelsea.

There are many words to describe the life of Rudolph Mumley, but perhaps the most appropriate would be service.

For most of his 80-plus years, Mumley, known as "Rudy" to his legion of friends, worked on behalf of many causes. None were more important to him than the youth of the Ohio Valley.

It is befitting that the game which fans are witnessing this evening is named in his honor. If it hadn't been for Rudy's willingness to step forward, the Ohio-West Virginia All-Star Game would not have existed the last 28 years, and it now appears to be a fixture that will carry it well into the next millennium.

The game's history goes back to the early 1940s and, for many years after that, it was sponsored by booster club associations from Eastern Ohio and the West Virginia northern panhandle.

However, the game could not receive NCAA sanction and consequently was held during the spring to allow players who had received scholarships to NCAA schools an opportunity to participate.

When it became apparent that the booster club organizations could no longer sponsor the game, it ceased to exist. An idea was presented to Sam A. Mumley Sr. that the Ohio Valley Athletic Conference could assume sponsorship of the game and apply for NCAA sanction.

One of the requirements toward receiving NCAA sanction was that only 60 percent of game proceeds could be spent to cover expenses and the other 40 percent had to be used for charitable purposes.

Once the game received sanction, the OVAC had another problem. It was experiencing financial problems and did not have the resources to provide "seed" money that would be needed to purchase uniforms, pay for training camp and other start-up expenses such as insurance.

Sam Mumley, who was the executive secretary of the OVAC, appealed to his uncle, Rudy, to provide the financial help. The story has become legend on how Rudy, a bachelor who lived with his beloved sister Lillian, in the Warwood area of Wheeling, mortgaged their home to receive a loan. The rest, as the saying goes, is history.

There was more adversity to overcome for this inaugural OVAC venture. The Ohio Valley experienced damaging floods during June of 1972. Wheeling Stadium sustained considerable damage and the facility would not be available for the early August game.

Sam Mumley called his longtime friend, the late Edmund Joseph, who was then athletic director at Martins Ferry High School and asked if the OVAC could use Ferry Stadium. Once Joseph took the request to school officials and received permission, the game was finally on.

However, on the day of the game, the area was hit hard by a rainstorm. More adversity. By this time, you could not fault Rudy Mumley, who agreed to serve as game director, if he was feeling a bit jinxed. Several hours before kickoff was scheduled, the rain stopped and the sun came out. It turned into a beautiful evening, and the game went off like clockwork before a capacity audience.

The OVAC was in business as far as renewal of the Ohio-West Virginia midsummer classic was concerned.

However, that's not the end of the story. Over the next two decades-plus that Rudy Mumley served as game director, he made numerous improvements to the game. He turned it from just an all-star game into an extravaganza.

He took the all-star gridders to camp at West Liberty State College, his alma mater, and a place where he had long-standing ties. Each year, Mumley added activities for the players to help them pass the time and provide some relief from the rigors of training camp.

RUDOLPH "RUDY" MUMLEY
1918 - 1999

He enlisted the help of the Osiris Shrine and this group gave the game a more meaningful purpose as would eventually gain the lion's share of the charity proceeds.

Through his good friend, the late George Strager, another mid-week event, "An Evening With the Stars," was initiated and handled with impeccable care by two other longtime friends, Mike Young and Pete Cuffaro.

From the time the OVAC assumed sponsorship of the game, Mumley brought back the Stone & Thomas "Queen of Queens" Pageant which had been a part of the All-Star Game series when it was sponsored by the booster club associations. Stone & Thomas continued to sponsor the event over the next two decades-plus. In recent years, the queen's pageant has continued under the sponsorship of Kaufman's of Wheeling and WTOV-9.

In the meantime, Mumley enlisted the help of Glenn Didriksen and his family, which owned and operated several McDonald's Family Restaurants in the area, to form the McDonald's All-Star Band. This has become an increasingly popular feature of the game.

Mumley's innovative mind produced a game that would help kick off the Ohio Valley football season, a classic that would involve some 60 to 70 football players annually and several hundred bandsmen. Add to that some 25 to 30 queen candidates and a myriad of volunteers who helped make the 10-day to two-week experience a memorable part of their lives.

For a number of years, Rudy and his nephew Sam, along with other OVAC officials and the dedicated men from the Osiris Shrine, would hold a pep rally at Russek Field on the campus of West Liberty State College. Several thousands of people attended these events and, of course, it was Rudy who usually stole the show.

From his days at old Wheeling High to those at West Liberty State College, Rudy was always there to help. Following a stint in the military service, he spent the next three decades or so as an educator, primarily in Eastern Ohio. He was principal at Buckeye South High when he retired.

His service to the Ohio Valley Athletic Conference was ongoing for more than three decades, and he served as president on two different occasions.

Through his efforts and those of his many friends who joined with him to work on various facets of the all-star classic, more than \$600,000 has been provided to Ohio Valley charitable groups.

Several years before his death, which came in early February of 1999, Mumley relinquished directorship of the game to his longtime associate and close friend, Ron Mauck.

Nonetheless, Rudy still remained a familiar figure on the sidelines. His walk had slowed considerably although he had bounced back from a series of illnesses. But, the enthusiasm was as great as ever. He had seen the game reach new heights last year when it was televised live by WTOV-9 and the game still drew a near-capacity crowd.

It was a fitting tribute that OVAC officials several years ago renamed the contest as the Rudy Mumley OVAC Charity All-Star Game.

Rudy was to become one of the most recognizable sports figures the Ohio Valley had ever produced. He was honored as the Dapper Dan's "Man of the Year" in 1992, and earlier was inducted into the Athletic Hall of Fame at his beloved West Liberty State College, following in the footsteps of his late brother, Eli. Rudy was the first non-athlete or non-coach to earn this honor, and in recent years, he became a prominent benefactor to the school.

Educator, humanitarian and philanthropist. That's the legacy of a guy who wanted to be known simply as Rudy.

And as long as this game can survive, fans of the Ohio Valley for the coming generations will be able to look skyward and say, "Thanks, Rudy!"

For more than three decades, Samuel A. Mumley served the youth of this area as executive secretary of the Ohio Valley Athletic Conference.

Last February, "Sammy" was called home by his maker to receive his just reward for a lifetime spent in service to others.

Perhaps the greatest compliment one can pay Sam Mumley following his passing is to say that he made his world a much better place to live because he once walked among us.

Mumley devoted nearly five decades to working for the youth of our Ohio Valley. In addition to his time as executive secretary of the OVAC, which is still

believed to be the largest high school athletic conference of its kind in the United States, Mumley was athletic trainer, coach, basketball official, teacher and a school administrator.

If that wasn't enough time to give, Mumley joined Eric Carder, an assistant principal and director of activities at Wheeling Park High School, in serving as co-director for the West Virginia Super Six state high school football championships, which they brought to Wheeling Island Stadium six years ago.

Additionally, the pair helped secure the West Virginia state soccer championships held last year at the brand new athletic facility at Wheeling Jesuit University.

Sam also played a major role in the wonderful mid-summer football spectacle you are attending tonight at Wheeling Island Stadium. Renamed several years ago to honor his uncle, who also passed away earlier this year, the Rudy Mumley Charity All-Star Football Classic was revived in 1972 under the sponsorship of the OVAC.

In those days, the NCAA made things difficult for sponsors seeking sanction to hold various all-state contests. The local Ohio-West Virginia All-Star game had been dormant for many years after having been a fixture on the Ohio Valley gridiron scene since the early 1940s.

Both Mumley's spent hundreds of hours putting together the formula for a program that the NCAA found acceptable. Today, the game is more vibrant and popular than ever among the area football fans, who nearly pack the Island Stadium each and every July to kick off a new gridiron campaign.

They also helped turn this event into more than just a football game. It has become a mid-summer spectacular complete with an All-Star Band, cheerleaders and the pageantry of a Queen of Queens contest.

It also helped raise hundreds of thousands of dollars for charitable organizations in the Ohio Valley over the past 26 years.

Much of these wonders have been achieved because Mumley refused to take "no" for an answer from anyone and because he dared to dream what many of us have considered to be impossible dreams.

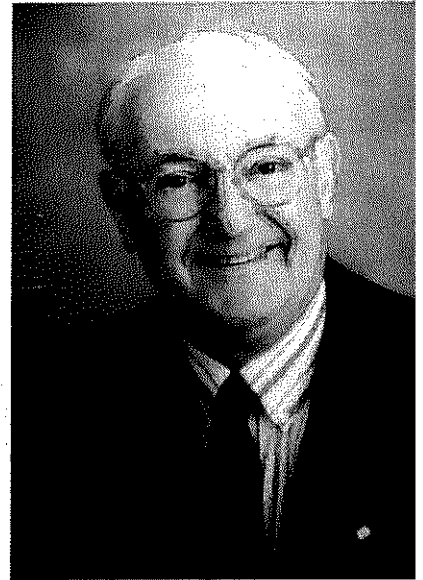

Who would have believed that the state high school football championships could ever be lured out of Charleston to the Northern Panhandle?

Sam did.

And Wheeling will host the state title games for the sixth straight year the first weekend of December.

Through his fund-raising efforts and the help of countless corporate sponsors and Super Six volunteers from up and down the Ohio Valley, the state football finals have been raised to a level that may never be matched in the Mountain State.

When Mumley came back to take over a second time as executive secretary of the OVAC, the league was in dire financial straits.

SAMUEL A. MUMLEY
1931 - 1999

Through Mumley's efforts and the backing of other leaders in the community, an OVAC Foundation board was formed to serve as a fund-raising arm of the bi-state league. That board is still in existence today.

The sports programs at the various schools were improved immensely. All-star games are now held each year in football, boys' and girls' basketball, baseball, softball and boys' and girls' soccer. The OVAC sponsors championship tournaments in wrestling, swimming, tennis, golf, volleyball, baseball, softball, boys' and girls' soccer, boys' and girls' cross country, boys' and girls' track, cheerleading, etc.

Girls sports have risen to equal importance because Sam had the foresight and the courage to support each and every program offered by the OVAC. His efforts with girls' sports earned Mumley a seat on the equity panels for both the Ohio High School Athletic Association and the West Virginia Secondary School Athletic Commission.

The scholarship program also has been enhanced by Sam's ability to involve the corporate sector of the various communities within the extensive OVAC map. At last May's OVAC Banquet of Champions held at the Wheeling Civic Center, more than \$15,000 in scholarship money was awarded to deserving OVAC student-athletes.

That money wasn't just found on the street corner; it was obtained largely through tireless efforts of the late executive secretary.

Sam put the OVAC's "kids" first in all his dreams and work for the conference. "What can we do for the 'kids'? How can we make things better for them?" Those were the first questions he posed whenever the OVAC or Super Six would discuss changes in their programs.

He took great pains to involve everyone in conference business. He was constantly in touch with media members, keeping them updated on matters and seeking their opinions.

When important final decisions had to be made, Sam didn't mind being the one to make them. But he did so after many discussions among his constituents and his own private soul-searching. And, of course, his main concern was making sure that the decisions were in the best interest of the OVAC student-athletes.

From a personal standpoint, if Sam became your friend, he was your friend for life. He was always there with a kind word, a bit of advice if it was asked for, and encouragement when any of his friends were in a difficult situation.

I once wrote in a column that Sam was no saint, but that he was sent to us by angels to perform good works and turn our impossible dreams into reality.

He dearly loved his wife, Nancy, who remained by his side through good times and rough times. No different from the rest of us, Nancy became part of the OVAC family as well, taking care of the conference's financial books, a role she continues to handle today.

They were married just 11 years when Sam passed away. But, as Nancy once said, they crammed 40 years of happiness into that short time.

A long bout with cancer terminated Mumley's life at the too young age of 67. But, as this writer has stated before, you won't make me believe "Sammy" lost that fight with cancer. Nothing defeated Sam Mumley in his lifetime. God, whom Sam believed in with all his heart, simply decided it was time to call him home.

Sam Mumley was one of a kind.

He will remain in our thoughts and prayers forever.

5th ANNUAL OVAC BLOOD DRIVE COMPETITION

STUDENTS GIVE GIFT OF LIFE

Plans are being made for one of the largest blood drives in the region, the Annual Ohio Valley Athletic Conference Blood Competition, with events scheduled at 15 different sites throughout the Northern Panhandle and East Ohio.

Begun in 2002 by the St. Clairsville Sunrise Rotary Club in remembrance of victims of September 11, 2001 terrorist attacks against America, the competition has expanded to include support from Rotary Clubs throughout the region. Rotarians work with the Ohio Valley Chapter of the American Red Cross and the OVAC to make the program a success.

In contrast to some blood drives, the OVAC Competition is just that – a competition among high schools to convince area residents to donate blood in the name of their favorite school. Prizes are awarded to schools with the most blood donated in their names, with an overall trophy presented to the school with the highest total.

Passes Decide Battle

The West Virginia stands settled back after this furious display satisfied with a 7-7 standoff, but the mountain- eers were fired with the idea of victory when one of Joe Mallery's passes was intercepted near the 50 shortly after the succeeding kickoff.

Helinski nixed successive passes to Phil Saseen and after the second toss to the Central Catholic back had planted the ball on the Ohioans nine. Helinski and Dimitro required three tries before the former had found the pay dirt and the West Virginia youths had a 13-7 lead.

The remaining time allowed for another kickoff and the West Virginians successfully negotiated an onside kick, recovering the ball as the fray ended.

Coaches Bill Kerns of WVU and Don C. Pedden of Ohio University were the honorary mentors and in addition to sitting on the benches of the contesting squads, both spoke over the P.A. system at halftime. Kerns was accompanied here by Frank Kutz, one of his line mentors, and Ray Carnelly, his plebe mentor. The trio departed today for Charleston and tonight's North-South Game, although Kerns had an opportunity to talk to some local prospects.

Bill Stobbs, the Wheeling native who tutors the Wittenberg athletic teams, was one of the spectators in the stands. Another was George Roark, coach of W & J's Presidents, and probably there were others.

Ohio defense came up with a stout as the Buckeyes defeated West Virginia in the 1956 OVAC All-Star Football Game.

stubborn Mountaineer line, which fought the high-geared Buckeyes to a standstill in the first quarter, finally gave ground in the second stanza and the Ohio fans and merchants were on their feet.

More a crowd of some 10,000 fans at Wheeling Island Stadium, the Bell, the East Liverpool back broke loose for a 33-yard touchdown midway through the second quarter to set the Buckeye steamroller moving. Soon after the second half opened, the Ohioans scored again on a 49-yard drive after a partially blocked punt. Sessi and Steubenville's blockbusting Bill

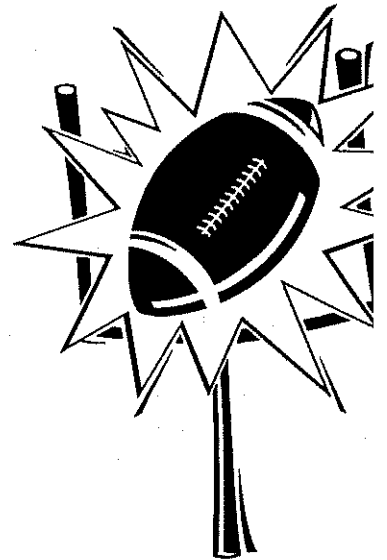

Alford combined to take the ball to the 24-yard line of West Virginia, where Liverpool's slick quarterback Jim Potts laid a pass on the fingers of Steubenville Catholic Central's Pat Patchen for the TD.

Minutes later, Brilliant's Tom Gardner recovered a fumble at the West Virginia 35 to set up another score. Bell, Sessi and Dillonvale's Frank Noble, were the ground gainers in the drive with Noble's 18-yard carry playing the ball at the three. Sessi then scored on a handoff. Shadyside's Pat Miller would hit the first of his three placements.

Following Steubenville's Lawrin Giannamore's recovery of a fumbled punt by West Virginia the Ohioans again had the ball and on the way to another TD. Sessi and Bell swept the ends for five and seventeen yards respectively. After a West Virginia penalty set the ball at the 10, Potts passed to Liverpool's Jim Dorsey for the touchdown.

The deepest West Virginia penetration came in the fourth quarter when Linsly's Ned Pell entered a pitchout on the Buckeye 37. Weir's Bob Jeter, who played a big part in the Mountaineer attack, got four yards and Moundsville's co-captain Chuck Bonar grabbed an interception ball and ran to the 26. Jeter scored a first down to the 13, but the Blue and Gold attack broke down at the five.

Weir's Larry Gryskevich, who played a giant-sized game, tackled on the bib West Virginia line, was accorded the MVP for the Mountaineers.

1976" All-Star Game – 30 Years Ago

All-Star head coaches, Jim Thomas of Wheeling Central and Ron Bolish of Cadiz pledged that they would not settle for a drab, lopsided-out game and they kept their word in the 1986 All-Star Football Game played at Wheeling Island Stadium. The final score was West Virginia 33, Ohio 20.

Despite heavy rains the two previous nights, the carefully manicured stadium turf was in excellent condition, and the runners took advantage.

There were six rushing touchdowns, and a 96-yard kickoff return for a TD to account for seven of the eight touchdowns in the game. There was a running touchdown in each period.

Ohio's swivel-hipped 182-pound back Garen was the star of the game with three touchdown runs on 10 carries. He finished the evening with 172 yards. Among the runs of the night were those of 48 and 45 yards, as he led the Mountaineers to their fourth straight victory in the interstate rivalry, and thus took a 16-15 edge in the long rivalry.

The Buckeyes unveiled a long

distance, ball-toting star of their own in the person of Cadiz sprinter Mark Terry, who collected all three Ohio TD's, one being the 98-yard kickoff return which came in the final stanza. However, two of Terry's scored came after West Virginia had piled up a commanding 33-8 lead.

Another outstanding performance for West Virginia was turned in by Oak Glen's Jeff Kreider who snared five aerials, all of the West Virginia completions, for 77 yards.

The Mountaineers piled up 254 yards rushing with their effective veer attack. West Virginia had 15 first downs. The Mountaineers won despite the fact that 12 of their 17 passes were incomplete, they lost the oval three times by fumbles and one time by an interception and absorbed 105 yards in penalties.

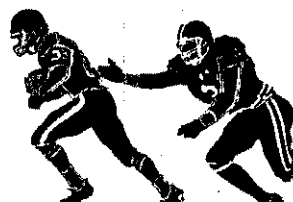

However, a sturdy Mountaineer defense limited the Ohioans to 53 yards rushing as Brooke tackles John Leon and Marv Sperlazza ranged far and wide to track down the Ohio ball-carriers. The Buckeyes gained 95 yards in the air, with seven completions in 22 tries, but suf-

fered three interceptions, 45 yards in penalties, and gave up the ball once on a fumble.

West Virginia led only at halftime, but stretched its lead at the end of the third quarter. The first was by Bishop Donahue's Mike Magnone when he recovered an Ohio fumble on the Buckeyes' three-yard line. Wheeling Central's Jack Palmer scored a TD on the ensuing play.

Garen who had scored two touchdowns in five half on runs of 48 and 45 yards, set sail for a zone 45 yards from scrimmage and was successful as the defender couldn't make a tackle.

Actually, mainly through the efforts of Garen, West Virginia put the first points on the scoreboard before the clock was two minutes old as they advanced 45 yards after the initial kickoff. Garen having brought the Mountaineers' collective feet on the field on the second scrimmage play of the game as he zipped through left guard for 60 yards to the Buckeyes before being knocked out of bounds.

1986" All-Star Game – 20 Years Ago

86 Annual OVAC Charity Football Game was billed as an offensive extravaganza, but on the defensive sides of the field had other ideas, the result was a 14-6 victory over West Virginia.

The game played at Steubenville's Repp Stadium pitted the coaches of Winterville's Samaglio and John Marshall's Frankinsky.

The Buckeyes had struck for touchdowns in the second period thanks to some crucial Mountaineers, the West Virginia coach-off performed some fine tuning of the blue-clad defensive line, and Ohio was held to just one touchdown in the final half.

West Virginia's touchdown came late in the game, however, the ensuing kickoff was covered by Steubenville's John Downard. The game for both teams was such a close contest that most of the rushing yardage was in the single digits. Overall, there were only 316 total yards in the game, 161 for West Virginia and 155 for Ohio.

After the Ohio touchdowns, the six-pointer came on a nine-minute drive. "This after Beallsville's offense just got through the West Virginia offensive line untouched and titled a punt back toward the end zone, from the 33-yard line, punter Shawn Straughn of

Bishop Donahue being able to corral the ball at the 9.

Cadiz's Eric Peterson carried the ball twice for only a yard as the first period ended, but on the initial play of the second period Steubenville Catholic Central's Todd Dugan ran a circle route out of the backfield to catch a touchdown strike from Winterville QB Dean Ferguson. Bridgeport's Bob Stevens added the PAT by placement and Ohio had a lead it would never relinquish.

After receiving the ensuing kickoff and still without a first down, the Mountaineer squad on that next possession again had to punt with Peterson hauling in the kick at his own 40 and the mercurial scatback found a seam on the right side that enabled him to ramble 22 yards to the West Virginia 38. Looking for a quick strike, Ferguson called on Steubenville's Julius Shackelford who hauled in the aerial at the WV 25. Peterson then came up with a big-gainer, Bellaire fullback Scott Blumling got yardage to the one, before he went in for the touchdown. Steven's PAT made it 14-0 with 8:23 to go in the initial half.

After a WV drive ended at the Ohio 11 with five minutes left in the third quarter, neither offense was able to make a first down until less than three minutes remained in the game, as West Virginia's John Zinaich of Weir made a fine catch of a Mark Moore of Magnolia's aerial for an

11-yard gain to the Ohio 49. Another completion to Weir Madonna's Terrill Burnswold picked up eight yards. Moore allowed that completion by trying to find Oak Glen speedster Ed Hawkingbery at the goal line, but on that play pass interference was ruled against the Buckeyes. West Virginia at that stage had a first down at the Ohio 21. A swing pass to Brooke's John Cox netted eight yards, Moore then got the first down and then Moore found John Marshall's Ray Miller in the end zone for a TD with 43 seconds remaining in the contest. The 14-point pass conversion attempt was unsuccessful.

The game statistics showed the offensive domination as West Virginia managed just 28 yards running on 30 carries, while Ohio had 155 yards on 31 carries. The Ohio defense logged 10 sacks. The Mountaineers went with Moore all way at quarterback and he completed 11 of 22 for 133 yards, while Ferguson and Bellaire St. John's Dimmick combined to complete four of 17 for 64 yards.

sion, the Ohio squad tacked on another six-pointer as Davis found Campbell for a 19-yard aerial.

The game remained at 14-0 until late in the second quarter when the Mountaineers, relying on the powerful running of tailback Todd Flanagan, finally dented the scoring column after the Mountaineers mounted a 10 play, 60-yard drive with 31 yards coming from the legs of Flanagan. The TD came on a four-yard run by Wheeling Park's Robert Davidson with two minutes and 12 seconds remaining in the second stanza. Flanagan carried for the two-point conversion.

However, disaster struck, and it struck quickly, when Davis found a streaking Caldwell down the left sidelines with a 63-yard bomb just 86 seconds later to give the Buckeyes a 20-8 halftime advantage.

Ohio kept a firm grip on the game's momentum as Davis hit Cornish with a picture-perfect pass 65-yard strike 75 seconds into the second half to pad the Buckeye advantage to 26-8.

~ A Tribute to George Strager ~

(A column by Nick Bedway that originally appeared in the Wheeling News-Register on August 18, 2003)

Another high school football season set to get underway, I thought this might be a good time on the career of the late George Strager.

Ohio Valley's winningest schoolboy football coach, Strager was truly a legend in his own time. He amassed a total of 246 victories during a career that spanned nearly four decades.

Simply put, I should point out that there's no telling how many more games Strager's teams would have had the current tiebreaker rules been in effect while he was stalking Ohio Valley sidelines.

During his entire coaching career, if the score was tied at the end of the fourth quarter everybody was satisfied or not.

Strager's offensive genius was considered ahead of his era and he certainly could have figured out how to get his teams to win at least half of those stalemated contests in overtime. His overall record stands at 166 wins, 115 losses and 16 ties.

I asked Coach Strager as the subject for this column not just because of the success he experienced on the field. The love and dedication that he gave the couple of thousand kids he coached affected most lives in a positive way.

Strager was hard to play for and tough as nails on the field. His pre-game and halftime talks were delivered with fire, especially when he didn't think his team was performing up to his expectations. But he was hilariously funny at times around the field and players.

Strager's younger coaches could have learned a lot about football and how to get the maximum out of their players had they had the opportunity from this coaching giant.

In the past week I asked a couple of long-time Strager friends and associates - Doug Huff, the former Sports Editor of The Intelligencer and former Central Catholic assistant coach Mike Young - to share some of their reflections on Ol' George.

I spent nearly three decades covering Strager's teams. Young played for Strager at Central. He was also his long-time assistant coach at Central High and he has handled perhaps the toughest task of all when he was asked to succeed the long-time mentor at the Red Devil. It wasn't as difficult as people said it would be because George Strager prepared me to be a head coach by giving me responsibilities and confidence. When the time came, I felt like I was ready for it," Young explained. Mike had spent 17 years on Strager's staff at Central.

Strager was like a second father to me in terms of our friendship and the way our families got along. I don't think a lot of people realized that he was a great family man." He and his wife had four kids and two of them were still in junior high when Lounelle passed away in 1985. He did a wonderful job of raising them almost on his own. All of his children have been successful in their lives as well," Young added.

Strager was Strager's football brain that put him ahead of the other coaches during his long career. He was a master-mind of the offensive game. He talked about how Strager could look at a team's defense and quickly find a way to attack it and pick it apart. "We were very fortunate to have had many quality athletes at St. Clairsville," Young also said.

Strager's most famous of the Strager proteges, of course, was Tim Spencer, who went on from the Saints to star at Ohio State, play in the NFL and return to Buckeye Local as an assistant coach. The unfortunate part of Strager's Red Devil days were they came at a time when the Ohio High School Athletic Association was taking just one or two teams from each region for post-season play. "We had some great teams that got a chance to play in the post-season," Young said. Three of Strager's undefeated teams Red Devil squads never made it into the

Clairsville did make it twice under Strager, qualifying in 1983 and in 1986. The 1986 squad won two playoff contests and were on the state final when it lost a controversial decision to Chagrin Falls Kenston at the Rubber Bowl in Akron. It was Huff that pointed out that Strager is probably the only person to have coached three different Ohio Valley teams to unbeaten seasons. His 1953 Sistersville Tigers did win the state championship with a 27-12 victory over Romney.

In 1963, Strager guided the Maroon Knights to a 10-0-1 season, ending with a 40-6 dismantling of highly-regarded Charleston Catholic at Parkersburg in the WV Catholic title game. He also had three undefeated teams at St. Clairsville, posting records of 9-0 in 1969, 10-0 in 1970 and 11-0 in 1985.

Strager's feat of having unbeaten clubs in four different decades is another unmatched area achievement. "I always considered George Strager as 'Coach' because he was so well respected among his peers," Huff said, "mention his name in a conversation with fellow coaches and you'll always hear something positive to say about his coaching philosophy, techniques, etc." Huff also talked about how Strager's teams were always prepared to win and cover. They never seemed out of a game because of his offense's ability to strike from any place on the field. "Some people are afraid of him. He can get in your head and ruin your day. George was born to be a high school football coach. And he was one of the best," Huff added. Huff certainly told it the way it was where our mutual friend was concerned. George had opportunities to go into the college ranks and could have made a couple of big-time offers as I recall. But his fun and his life was in taking a group of young high school kids and molding them into something special.

At Kettlewell, the late successful coach at Wintersville (now Indian Creek High School) regarded Strager as being as good a quarterback as he ever saw. The triggerman at QB was definitely the key in Strager's multiple offense, more as a ball handler than a thrower. If George had someone who could run his offense with a sleight-of-hand, good things were going to happen for his team that season.

Strager's relationship with George was more than just between a journalist and a coach. When he came to coach at Wheeling Central Catholic, Strager was a young writer and both Strager and the late Bob Roe, then the head coach at Wheeling High School, took me under their wing. Strager was never known for paying much attention to the defensive side of the football, although I'm sure that was exaggerated.

I can recall one time, however, when I went out to do a "Strager & Son" piece for the newspaper the week of the Red Devil's opener at Parkersburg High School. On George's staff and his defensive coordinator at the time was his son, "Duke." After talking with the head coach, I went over to talk to Duke for a few minutes. "How's the defense going," I asked. "I don't know. Dad's spending so much time with the offense that I can't let me work with the defense yet," Duke said as I could see the twinkle in his eye.

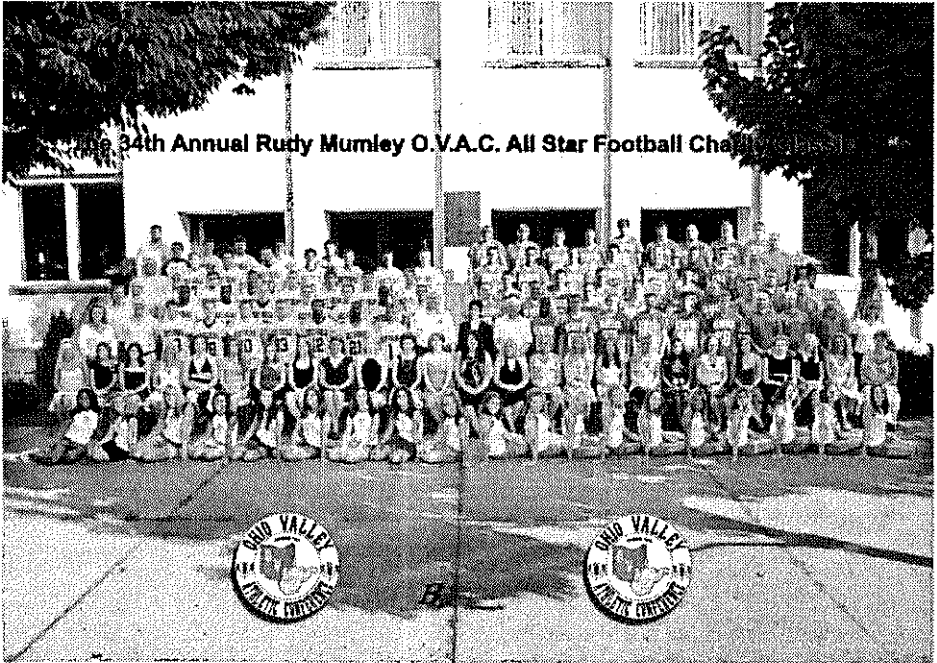

Whether the son was kidding me, or the defense made some remarkable strides in the three days prior to the game as St. Clairsville came off a 44-14 win over the Wildcats 44-14. Strager's impact on the Ohio Valley coaching scene and even some of the today's athletes will continue to be noticed. Mike Young pointed out that he and Kelly Rine continue to be directors for the George Strager Football camp every summer. Players coached by Strager at the Rudy Mumley OVAC All-Star Football Game are feted four nights before the contest each year at George Strager Evening with the

GEORGE STRAGER "EVENING WITH THE STARS"

Dr. Robert Jones, the team doctor for the West Virginia All-Stars in tonight's Rudy Mumley 'AC All-Star Charity Football Classic, has a simple self-diagnosis to explain his affection for football. The game, he says, is in his blood. And no antibiotic, no pill or shot can take the sport out of his system. "I got involved because of the game of football," he said. "The appeal is the game itself... it doesn't matter what aspect it is."

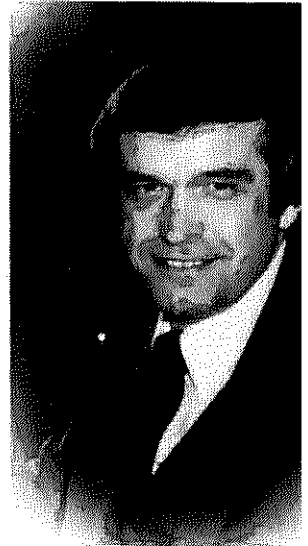

Football found its way into the heart of Dr. Jones in the mid-1960s, when he played for the legendary Wheeling Ironmen. Jones played defensive end, linebacker, offensive line. "Back then, you had to do it all," he said. -- and remembers cross-state clashes with Charleston fondly. Even if memories of the game's details remain cloudy, the atmosphere at Wheeling Island Stadium will always remain indelibly etched in Jones' heart and mind. "I remember my first game... we played Charleston," Jones said. "It was the only time I've ever seen the island (stadium) completely packed. We had a little bit of a rivalry with them." And he still gets the same chills up his spine every time he visits the stadium, which was remodeled in the 1980s. "It's still the same place," Jones said. "Even if it is a different stadium. It's still a great place to play football."

Of course, the main purpose of football and other sports is to teach the participants the disciplines they can take with themselves throughout their lives. Football was no different for Jones. Currently a general surgeon who also performs thoracic and vascular work at Wheeling Hospital, Jones says he learned self-discipline -- a necessary component in a surgeon's mental makeup -- by playing football all his life. "The discipline of football pushed me to be a surgeon in a medical field," Jones said.

Jones has been involved with the OVAC Football Classic for the past 15 years, getting his first taste of the game with team doctor -- Luis Vazquez -- invited him to the 1984 game.

Many of the games that he's seen and worked were good. But one -- the 1987 classic -- stands out as great; because of the numerous stars who played in the contest. Ohio -- featuring St. Clairsville's duo of Shawn Vincent and John Spencer -- and Alex Shook -- led West Virginia team 13-11 in the all-star game, played at Steubenville because of the renovation of Wheeling Island Stadium. "That was the best year, as far as players go," Jones said.

Jones earned his bachelor's degree from the University of Nebraska and graduated from the West Virginia University School of Medicine. Jones lives in Wheeling with his wife, Rita and has three children -- Patricia and Pamela, both 31, and Ryan.

OVAC DOCTORS

Dr. Nick Ghaphery has worked tirelessly to make sure that all athletes in the Ohio Valley Athletic Conference enjoy the finest sports medical services around.

Since he first became involved with the OVAC four years ago, Ghaphery -- the league's medical director along with Dr. Luis Vasquez -- has worked to ensure that athletes are healthy and informed about health issues.

"We're trying to bring sports medicine more into focus," Ghaphery said. "We are trying to provide coverage for events that occur in the OVAC, and we're trying to address educational issues for the athletes in the OVAC."

A hot-button issue with Ghaphery is the use of performance-enhancing substances, both legal supplements like creatine and illegal steroids. And Ghaphery said he and the league are making strides warning athletes about the dangers of steroid use.

Getting the facts out is Ghaphery's mission, and he feels he and the league are succeeding in dispersing accurate information to coaches.

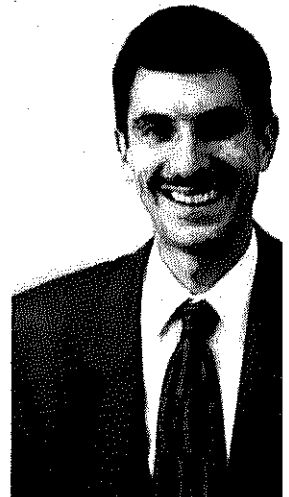

"There's a lot of perception versus reality out there, and education is the key. Our goal is to provide the information so that athletes can make informed decisions, and we are pleased with the things that we have accomplished."

Ghaphery graduated from West Virginia University in 1984 with a bachelor's degree in liberal arts. He then earned a degree from the West Virginia School of Osteopathic Medicine in Lewisburg in 1988.

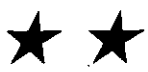

After spending a year completing his internship at Ohio Valley Medical Center, Ghaphery completed his family medicine program at WVU in 1991.

From there, he worked at Children's Hospital in Akron, Ohio, as a primary care sports medicine fellow until 1993. Ghaphery spent four years, from 1993-1996, in the sports medicine program at the University of Pittsburgh.

In 1996, Ghaphery came to Wheeling and since then has been sports medicine director at Wheeling Hospital and a member of the family practice and residents. He lives in Wheeling with his wife and three children.

OEDY McCREARY
Wheeling News-Register

There's a lot more to playing an all-star football than X's and O's. For proof, just ask Todd Fullerton, who will coordinate all the medical services for tonight's Rudy Mumley OVAC All-Star Charity Football Classic.

"Basically, my job is to make sure all the i's are dotted and the t's are crossed," Fullerton said, smiling.

Among Fullerton's i's and t's are:

making sure enough trainers, doctors and emergency technicians are present, in case of injury, ensuring that the teams have plenty of supplies, from medical tape to ice packs.

advising coaches if players injured during the game are healthy enough to return to action.

deciding whether or not to play, delay or cancel a game because of weather conditions. Last year, for example, the game was delayed 55 minutes because of oppressive humidity.

From a medical standpoint, the key to keeping a game running smoothly is communication, Fullerton said.

"Basically, we try to work with each other and communicate with the coaches," Fullerton said. "There's a lot of communication between everyone involved."

Fullerton should know. After all, he's been seriously involved with the OVAC for the past 15 years, and he's been working in sports medicine for the past 30 years.

His athletic training career started in the late 1960s when, as a student-athlete at Martins Ferry High School, Art Simpson befriended Fullerton and gave him his first chance at being a trainer. And Fullerton's stepfather, Bill Van Horne, the sports editor of the Wheeling News-Register until his death in 1995, led him to sporting events, which fueled his desire to remain involved in sports.

Fullerton holds a Bachelor's degree in physical education from The Ohio State University and a Master's degree in kinesiology from the University of Arizona. Along the way, he's worked with several notable organizations, including the football team at Ohio State, where he was an athletic trainer for the Buckeye football team, a position that allowed him to work with Woodrow Wilson and attend the Rose Bowl.

Fullerton worked the summers of 1972 and 1973 in Bradenton, Fla. with the Pittsburgh Pirates organization.

While a graduate student at Arizona in 1977-1979, he was an athletic trainer with the Association of Tennis Professors and worked with such tennis luminaries as Jimmy Connors and Bjorn Borg.

But, Fullerton said, "There's nothing quite as special as the OVAC. That's why he returned to the Ohio Valley in 1985. C. Fullerton works as a registered nurse in the emergency room at Wheeling Hospital. "People like (Van Horne, Simpson and the Mumleys) were very instrumental and influential in high school sports," Fullerton said. "There's great camaraderie and friendship...sometimes the kids don't realize what they have until they are out of it." Fullerton lives in Wheeling with his wife

★ ★ ★ HONORARY OFFICIALS ★ ★

One of the great things about athletics is the people you meet and become associated with from a life. Coaches and players provide many memorable and unforgettable moments for the fans and, you the journalists who cover their exploits on the various fields of battle.

Sometimes forgotten, however, are the men and women in the striped shirts who officiate each contest unbiasedly, their main objective being to enforce the rules both to protect the safety of the participants and to see that the games are decided in a fair and square manner.

Four men who proudly wore a whistle around their neck for a combined total of 91 years, will be a rare moment in the spotlight tonight during the festivities for the 35th annual Rudy Mumley Ohio Athletic Conference All-Star Football Charity Classic.

★ FRANK BLAND ★

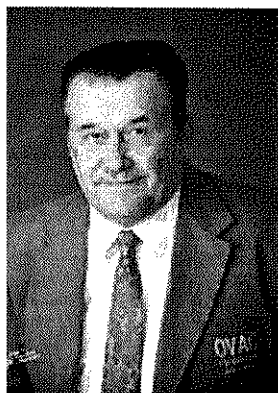

FRANK BLAND was a football official for forty-two years. He has worked all the positions but preferred to work the wing or back judge areas. He started out in basketball, working the industrial league and the Moundsville league by himself. Interestingly, he was also a long-time wrestling official. He recalls a NAIA play-off game he officiated at New Wilmington - the only problem was an eight inch snowfall hit just

before the game, "they swept off the lines - nothing else - and we played the game in knee-deep snow."

Frank currently lives in Elm Grove with his wife, Eleanor. Their son, Frank, Jr., lives in Port Richey, Florida with his wife and daughter Emily who is 11 years old. Frank graduated from Wheeling High School and West Liberty State College, majoring in Physical Education and Elementary Education. He taught at Cambridge High School, from where he retired.

He plays golf on good days and watches it rain on all the others. He has a dog, Barkley who is a part of the family. Frank is also active in the American Legion at West Alexander.

★ MILAN VOSVICK ★

MILAN VOSVICK officiated football for twenty-five years. Actually, he got started officiating softball with Tom Bechtel thirty-five years ago. "Ted Velas asked me to try football and I liked it. I really don't have any special memories of games, I thought every game was an important game. I enjoyed every game." Milan was also active in Pony baseball as a coach and an official and is a past president of the Elm Grove Baseball Association. He coached

YMCA flag football and softball for six years. Milan also served as a PTA President and has been a member of the Elks Club and Lions for forty years, serving as president on two occasions and many other offices. Active in the Wheeling Elk Club, Milan is currently serving as their Exalted Ruler. He was selected as Elk of the Year in West Virginia in 2004.

Milan has been involved with Boy Scouts for six years and has served as a Scout Master for forty years. He has attended ten National Jamborees and is a member of the Order of the Arrow. Milan has received the Silver Arrow Award, and many other scouting awards for his efforts. He is a member of the Elm Grove Methodist Church and serving as President of the Methodist Men as well as various committees.

He has been married to Bonnie for forty-years and has four children: Milan, Rita, Shelly and Jamie. They have six grandchildren. He graduated from Triadelphia High School in 1957 and West Liberty State College in 1962. Milan has worked for PA-WV Supply for thirty years, T & L Supply for twenty years and is currently working at Larrol Supply.

★ DON CARP ★

DON CARP officiated football for twenty-four years, before retiring away this spring. Don has officiated many play-off games, including the West Virginia Super Bowl. He thoroughly enjoys officiating at all levels, and is currently active in the Ohio Valley Conference Approved Football Officialing served as President of the conference in other positions. Even though the OVAC uses crew officials,

Don preferred to move from crew to crew and each week welcomed addition to any game.

Don graduated from Wheeling Central High School and was employed as a Plant Coordinator at AEP's Kaminer Plant and continued to reside in Wheeling. Refereeing was his real enjoyment, but recently took up jogging and is active in the Debbie Green Race. Don also enjoyed playing pool at the PAP Club. His wife, Michaeline, along with his daughter, Amanda and son, Brock are representing Don tonight.

(L to R) BACK ROW: Rusty Vermillion - Referee; Steve Snyder - Umpire; Richard Swinsinski - Linesman
FRONT ROW: Chris Robinson - Side Judge; Bill Flanagan Back Judge; John Timko - Line Judge

RUSTY VERMILLION has been officiating for twenty-nine years and has worked high school games including playoffs in both West and Central Ohio as well as NCAA and professional indoor games. He has been an active basketball official for the past 22 years, and has worked baseball and softball in the past. His most memorable games are of the traditional OVAC rivalries, including Wheeling Park/John Monroe Central/Beallsville; Ferry/Bellaire; Cameron/Valley. "It is fortunate to have refereed just about all of the rivalry games in the OVAC, and I just love the electricity and intensity in those games. Basketball makes high school sports great. I've rubbed elbows with many coaches including Jim Tressel, Bob Pruett, Rich Rodriguez, Mike Ajors and Walt Harris as well as our great high school coaches: Coach Ney, John Magistro, Bob Eaton, Ty Fleming, Jay Circosta, Dave D'Amico and all the other dedicated, fine coaches throughout the valley." Rusty lives in Belmont, Ohio with his wife, Bonnie. They have a son, a daughter, Stacy along with two beautiful grandchildren, Haley and Max. He graduated from Barnesville High School and Ohio University with a Bachelor's degree in Business Administration and a Master's degree in Health Services. He currently is employed at the Belmont County Health Department. Rusty's hobbies include music, golf and officiating. He has been bumped back with the grandchildren becoming his new favorite pastime.

STEVE SNYDER has been officiating for twenty-five years. He has worked playoff games in Ohio and West Virginia including three championship games including the AA game in 1996 and 2001 and the AAA game in 2005. Steve's father officiated in Pennsylvania before moving to New Martinsville. "My dad continued officiating with the OVAC Board and I would go with him to the games. I became interested in officiating here I am. Obviously, the playoff games are fond memories, but the last week of the season in 1996, I worked the Bellaire (8-1) game on a Friday night and the next night at Perkins Field in Parkersburg, Linsly (9-0) played Bridgeport (9-0). It doesn't get any better than that."

Steve currently lives in New Martinsville. His four children include a senior at WVU, Kevin a senior at Magnolia along with twin Michelle and Suzanne, who are sophomores. Steve graduated from Magnolia High School and attended Fairmont State College. He is currently employed as the Financial Secretary for USW Local 5729. His hobbies include reading, cooking, baseball and politics.

RICHARD SWINSINSKI has been officiating for eleven years. He has worked intramural sports all through college and wanted to keep officiating after graduation. Richard has also refereed some basketball

Richard currently lives in Steubenville with wife, Tracie, and two children Jacob and Jillian. He graduated from Mingo High School and Franciscan University of Steubenville. He is employed as an Electrical Engineer at Mittel Steel and is a Hot Mill Shift Manager. Richard enjoys hunting and fishing as well as traveling with his family.

LINE JUDGE JOHN TIMKO has been officiating for eighteen years and has worked nineteen Ohio playoff games, highlighted by working the Division V State final game in 2004 after working four straight Ohio playoff games. Dan Enich, Mike Frankos, Joe Petrovich, Dan Rovira, Paul Stevens, Doug Taylor, John Wiseman, and Trainer Randy Elliott

WEST VIRGINIA

BY SETH STASKEY

Times Leader Sports Editor

Eric Meek has been around the coaching ranks. He's worked with many coaches in his time, but the staff he's bringing to Wheeling Island Stadium for the annual OVAC All-Star Charity Football Classic on July 23rd is one he's especially fond of.

"Our coaches are excited about this opportunity," Meek said. "We are going to try to evaluate as much as we can when we get into camp and put a good product on the field."

The Weir High staff definitely has big game experience seeing it won the West Virginia Class AA State title last December. Joining Meek on the West Virginia side are: Dan Rovira, Paul Stevens, Dan Enich, Joe Petrovich, Mike Frankos, John Wiseman and Doug Taylor. Here is a capsule look at the Mountaineer coaching staff:

During his three years with the Panthers the team compiled a 34-7-1 mark and won a national championship. During the 1993 and 1994 season he served as the head coach at Robert Morris University. He served as the running backs coach for two seasons accepting the Weir High post. He led the Red Riders to a 13-1 mark and to a state and OVAC title. All told, Meek has a 70-46 mark and was recognized as Coach of the Year in 1997, 2001 and 2005. He was also honored by the Valley Dapper Dan Club and led Ohio to an OVAC All-Star Game victory in 1996. He also served as the head coach in the Ohio-Pennsylvania Stateline Football Classic in 2002. Meek, a native of East Palestine, Ohio, is currently the offensive coordinator of the Steubenville Stampede and he owns a degree from Youngstown State and a master's degree from Franciscan University of Steubenville. Never, Never Never Quit

From a family's first Campus Visit to Graduation Day, these words echo throughout the Linsly Experience.

- *To persevere through adversity*
- *To show grace in victory and defeat*
- *To respect the opposition*

These values serve students well while they are at Linsly and through their college and professional lives.

The Linsly School is a coeducational boarding and day school for grades 5-12, with boarding for Grades 7-12. Located just one hour west of Pittsburgh.

At this time, I would like to thank everyone who has helped and supported me in this contest pageant. I would especially like to give many thanks to my mom. You have been the main support in life and during every activity I have been involved in. You have truly always been there for me, through thick and thin! I love you so much! I would like to thank my family and the Mysliwiecs for supporting me in this contest. Thank you and I love you Troy! I would also like to extend my greatest appreciation to everyone who purchased ads from me. Your support means a lot to me! Last, I would like to congratulate and wish all of the Queen of Queens representatives the best of luck in the contest!

In Loving Memory of Philip Saseen

Philip Saseen
40 WV All-Star Running Back

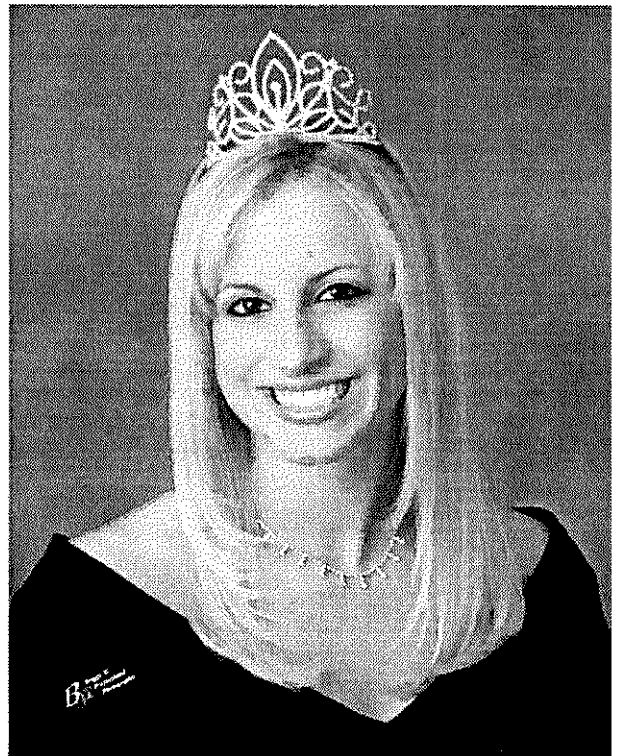

In 1940, the very first All-Star Football game, Philip Saseen was a running back on the West Virginia All-Star team. Receiving several successful passes, he planted the ball on the Ohioans nine. Philip helped to lead the West Virginia team to a 13-7 victory. Philip also won all-tournament honors of the West Virginia Catholic High School tournament. His plans were to pursue a medical career, but his young life was cut short when he was shot down while flying his fighter plane over the Pacific Ocean during WWII.

Forty-six years later, his great niece, Jena Saseen is the Queen of Queens candidate for Bishop Donahue High School. Best of luck Queen Jena, you make us proud!
