This is it, your final year at BHS.  
 Grab every opportunity.  
 Be fearless in your pursuit.  
 Make memories to last a lifetime.  
 Show up daily and be present.  
 Take every risk.  
 Dig deep on the court and serve a  
 great purpose as a teammate.  
 Remember in the spring to always  
 throw your best.  
 Breathe it all in and spin it all out.  
 Watching you grow into the strong  
 young woman you have become has  
 been an honor.  
 We can't wait to see what your future  
 holds.  
 We love you more.

Love,  
 Pap, Grandma, Aunt Missy,

## *Bellaire High School Fight Song*

*Faithful and true hearted let us cheer  
for Bellaire High;  
We revere her and defend her,  
and her colors proudly fly;  
We will stand for her united of her  
deeds we gladly tell,  
Her colors streaming, glad faces  
beaming; And here's a cheer for her  
that we all love so well*

### Chorus

*Joyous and ever loyal, let us boost for  
Bellaire High;*

*Let every heart sing, let every voice  
ring, there's no time to grieve or sigh;  
It's ever onward, our course pursuing,  
may defeat ne'er our ardor cool:  
But united we will boost for her,  
Bellaire High School.*

### Is Your Family Breathing Healthy Air? Is Our Family Constantly Getting Sick or Dealing with Allergies?

Indoor air pollution is a serious health hazard affecting millions of Americans. Researchers claim it contributes to more than half of all illnesses, including sinusitis, allergic rhinitis, asthma and more. Common household pollutants include dust, mold, pollen, rodent feces and insect remains. Doing the job effectively requires the right combination of superior technology and attention to workmanship. That's why you need Long's!

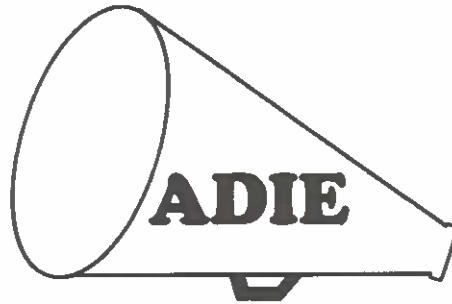

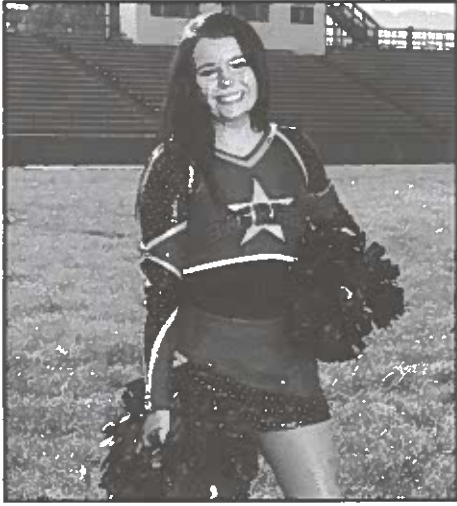

Most homeowners have no idea what goes on inside their home's air ducts. But the fact is they can be littered with years of accumulated dirt, dead decaying smelly lady bugs, debris and allergens like pollen, dust and pet dander. Virtually all new construction homes are also in vital need of duct cleaning to remove dust and debris that accumulate during the building of the home. Common construction debris includes: **chunks of wood, sheetrock, sawdust** (usually lots of this), **dead rodents and insects** (and their feces), as well as **uneaten food and garbage** swept into the open ducts by crew workers.
