COACH VARNER

Asst. COACH POLINSKY

This is Coach Varner's first year at Bellaire and in spite of the results of the season, he has done good work among the squad, his confidence and faith giving them hope and courage to fight in traditional Bellaire fashion. We feel certain that in wishing Coach Varner greater success in the future we have the whole-hearted support of all the loyal fans and students of Bellaire high. Steve Polinsky who as assistant coach and scout is indispensable to the Bellaire team. Jim Dixon has charge of the reserve teams which showed this season that in the near future Bellaire will have some excellent material.

COACH KRAUS

COACH PHIPPS

Coach Everett Brinkman completes his second season as head coach of his Alma Mater's eleven today. Brinky's prowess as a coach was demonstrated his first year when he, with the aid of his assistants, produced a strong defensive team out of inexperienced material. This year Coach Brinkman turned out one of the strongest teams Wheeling has had in years - a team that has been scored against in only one game, and then through the medium of forward passes.

The line work of the Golds has been an important factor in making them winners and to Assistant Coach Kraus goes a part of the credit for building up a line that has not been scored through in the past 17 games.

Assistant Coach Phipps, a veteran coach of Freshman and Reserve teams, has in the 11 years that he has had this job taken green material and shaped them into winning teams, potential varsity football players.
