THE FOOTBALL CODE

Both in play and by tradition football is a distinctively academic game—the game of the schools and the colleges. The friends of the game must accordingly rely on the schools and colleges for the preservation of its past traditions and the maintenance of the high standards of sportsmanship in its play, which are to be expected in a distinctively academic game.

The Rules Committee, in the remodelling of the rules that has gradually taken place, has endeavored to prohibit and suitably penalize all forms of unfair tactics and practices. It has also endeavored, so far as possible, without affecting the integrity of the game itself, to remove special temptation or opportunity for un-sportsmanlike play.
