635-2050

Serving your Country has its benefits.

When you give a few years to your Country, you get a lot in return.

If you qualify, you get training in the job of your choice. Guaranteed in writing before you enlist. You may get to work in Europe, Korea, Panama, Hawaii, Alaska, or almost anywhere in the continental U.S.

You get a chance to earn college credits in the Army, with the Army paying up to 75% of the tuition.

You get a starting salary of \$374.40 a month (before deductions), and a raise to \$417.30 in only four months.

You get free meals, free housing, free medical and dental care, 30 days paid vacation a year, and low-cost transportation to help you enjoy it.

And, most important of all, you get a chance to be of service to yourself while you're doing a service to your Country.

CALL ARMY OPPORTUNITIES — 676-1455 SFC Thomas Roberts

Take the inside shot... Join the Navy.

You don't have to be 6'5" to go far in the Navy, but our standards are high. You'll need all the drive you've got. And the ability to work hard. And study hard. But if you've got what it takes, you'll be ahead of the game. Because right now Navy pay and benefits are the best in our history. And a Navy training program is one of the finest you can get. In challenging, rewarding careers. And you'll always know the score in advance, because we'll tell you what you're qualified for even before you enlist.
