Coaches: Assistant Coach "Poncho" Flores, Head Tom Ackerman and Assistant John Curia.

Coach Tom Ackerman is a graduate of Triadelphia High School, West Liberty State College and WVU. This is his twenty-first year as a head basketball coach. Thirteen years at the high school level and eight years at the college. High school teams have won 6 sectional championships, 1 regional championship, 2 O.V.A.C. championships and 4 city championships.

He was the only person to be chosen on the "All Time Teams" of the last 50 years in three sports, basketball, baseball and golf.

George Walley is a distinguished veteran of Marshall County athletics. He has served as Athletic Director of John Marshall High School since its inception eleven years ago and previously filled the same position at Moundsville High School for nine years. George also spent three years at Moundsville coaching football and basketball prior to his appointment as Athletic Director. He has coached track at both schools, also. And his career goes back even farther. He coached football at Cameron one year and at Union High School for four years, including one as head coach. Like the tip of an iceberg, this is just a small portion of all that George has done for the county, or perhaps more appropriately, our young people.

George received an Associate degree from Potomac State, where he was a stand-out performer on the football field; and his B.S. for George Washington where he again starred on the gridiron. At WVU, he earned his Masters Degree in Physical Education and Recreation. George's family roster include his charming wife Penny; daughters Margie, Jeanne, Susie, and Sally; and sons George Junior and Charlie.

On behalf of John Marshall High School, I would like to welcome and thank all in attendance tonight. We hope you enjoy the game and also look forward to seeing you at our other winter sports events: gymnastics, girls' volleyball, and of course, wrestling. We believe that Athletics is a valuable tool in not only our youths' physical development but also in the formation of their attitudes and values. We encourage you to join us in the support of our coaches and players as they strive for a victorious season.

The Class of '81 would like to thank Neil Balty for the excellent photography found in this program. His expertise and cooperation are greatly appreciated.
