Football Parents meetings 3rd
 Tuesday of the month in the
 WPHS South Commons - 7:30 p.m.
New Members Welcome!

PROJECT TARGET is a statewide program designed to address chemical abuse problems and enhance the health of West Virginia school students. The plan stresses the need for close cooperation of state and local educational associations with alcohol and drug abuse agencies. The organizers of **PROJECT TARGET**, the West Virginia Secondary Schools Activities Commission, the West Virginia High School Athletic Directors Association, and the National Federation of State High School Association, realize the long-term commitment necessary to see a program of this magnitude through to success. Seminars are planned throughout the state to train school officials, parents, and students how to recognize and deal with this pressing social problem. By purchasing your ticket here tonight, you have helped contribute to the funding of this worthwhile and extremely necessary program. The school system asks for your continued support.
