GREETINGS . . .

LET'S BE GOOD SPORTS

A hearty welcome to every fan, whether local or visitor. Enjoy the game . . . that's what we are all here for. Root to the fullest for your favorite . . . what's a game without cheers of encouragement? But, let's all show Good Sportsmanship. Remember, we're viewing Young America in the making. The precedent we set may in years ahead be followed. Thus, let's applaud the outstanding play of an opponent as we would our own. Courage, Ability, and Competitive Spirit should be rewarded abroad as well as at home . . . it makes for better Americans.

Here's what we mean
by a jeweler quality
class ring:

1. Stronger because it's cast in one piece.
2. Deep, bold and fine sculptured details.
3. Twenty polishing procedures for extra brilliance.
4. Hand-picked and precision-cut stones.
5. Custom made for you alone.

Come in for personal attention by a jeweler. You'll get your ring in weeks instead of months. Our selection is the biggest and our service is the best. I'd like to meet you.

WHEN THE RIDE IS THIS IMPORTANT, THE DESTINATION BETTER BE SPECIAL.

There's no hospital in this area more qualified to provide emergency services than East Liverpool City Hospital. What makes us special?

Unlike other area hospitals, every one of our emergency room staff physicians has years of special training in emergency medicine. Skilled to quickly deal with the most life threatening situations.

Just as important, they're part of a special team. All our nurses are certified in emergency nursing. And specialists in over a dozen fields – from neurosurgeons to pediatricians – can be called in should the need

arise. All fully supported by East Liverpool City Hospital's many resources, including the latest in state-of-the-art technology.

East Liverpool City Hospital also has a special relationship with leading hospitals in Akron, Cleveland and Pittsburgh. In certain extreme cases, patients can be transported

by helicopter to receive the crucial care they need.

We believe it's important to provide you with the most advanced emergency care possible.

Because when a lot is riding on what we do, we have to be special.
