Take your best shot!

Many of your friends who went away for college came back to **Franciscan University of Steubenville**. They admit they went into overtime looking for a good college when their best shot was right here all along. Many financial aid packages, over 30 challenging degree programs, personal attention in the classroom, and friendliness of other students from the Ohio Valley and around the world mean an exciting academic experience. All in all, you can prepare to score in your career with a quality liberal arts education right here at home.

A Higher Education.
