311—315—319 Colgate Drive

A new 5,000-square-foot building adjacent to the Richardson Printing Corp. building on Acme St. gives visible evidence of the expansion program that started early in 1971.

Additional space of 4,000 square feet was completed inside the building to make room for new platemaking facilities. New platemaking facilities and darkrooms were necessary because of the addition of a new \$90,000 two-color offset press.

This puts 20,000 square feet of floor space

under roof for printing production. The old CCC building was purchased for use as a storage facility. Plates, negatives and job records are filed numerically in its three floors.

A new dock for semi-trailers that permits loading and unloading on skids with a fork lift truck allows the company to buy and store paper in large quantities. Pick-up facilities and offstreet parking for five cars in front of the building with a large area at the side for additional parking.

THANK YOU - THANK YOU - THANK YOU

The Tiger Boosters Club desires to pay tribute to all who so generously contributed to the Marietta High School Athletic Program by purchasing advertising space in the 1972 Tiger Football Program. Whatever the amount, be it one dollar or one hundred dollars, it is greatly appreciated.

We wish especially to thank the Richard Ellis Studios and Mr. Ellis personally for the many wonderful pictures throughout the program, which he has so generously contributed each Football Season.

Many thanks also to Mr. Strickland of the Marietta Daily Times for the fine group pictures.

And don't forget Tiger Fans—Every program you buy helps to keep the Sports Program alive for our Community. So please buy a program for each and every game. We hope to sell five hundred programs for each home game. Can we count on you to help? Thank you.

For the first time in many seasons we are out of debt and you and many others who helped in other ways have been very instrumental in putting us on the right side of the ledger. Thank you again. With your continued help we will try to stay there.
