MICHAEL BALSEI, Class of '84

A 1984 graduate, today's speaker made a difference while attending Bellaire High School. Captain of the football team, member of the baseball team, Mike Balsei realized the necessary blend needed between academics and athletics in order to succeed in life. A member of Student Council, National Honor Society, and the Fellowship of Christian Athletes, Mike stayed focused on his career goal: a degree in Electrical Engineering. Enrolling at Ohio State University, where he earned his Bachelor of Science degree in 1989, Mike was recognized by two honorary societies for being in the top 10% of his class. From college he moved to the General Motors Corporation, where he has received seven promotions since 1989. From Electrical Engineer to Project Engineer to Engineering Program Manager for Cadillac Power and Signal Distribution Systems, Balsei realizes the value of education as he is currently pursuing his MBA degree at the University of Michigan, hoping to graduate in December of this year. Balsei and his wife, Kerri, have two children, Kayla and Nicholas, and reside in Canfield, Ohio.
