BELJUAN BOARD

Our Future School

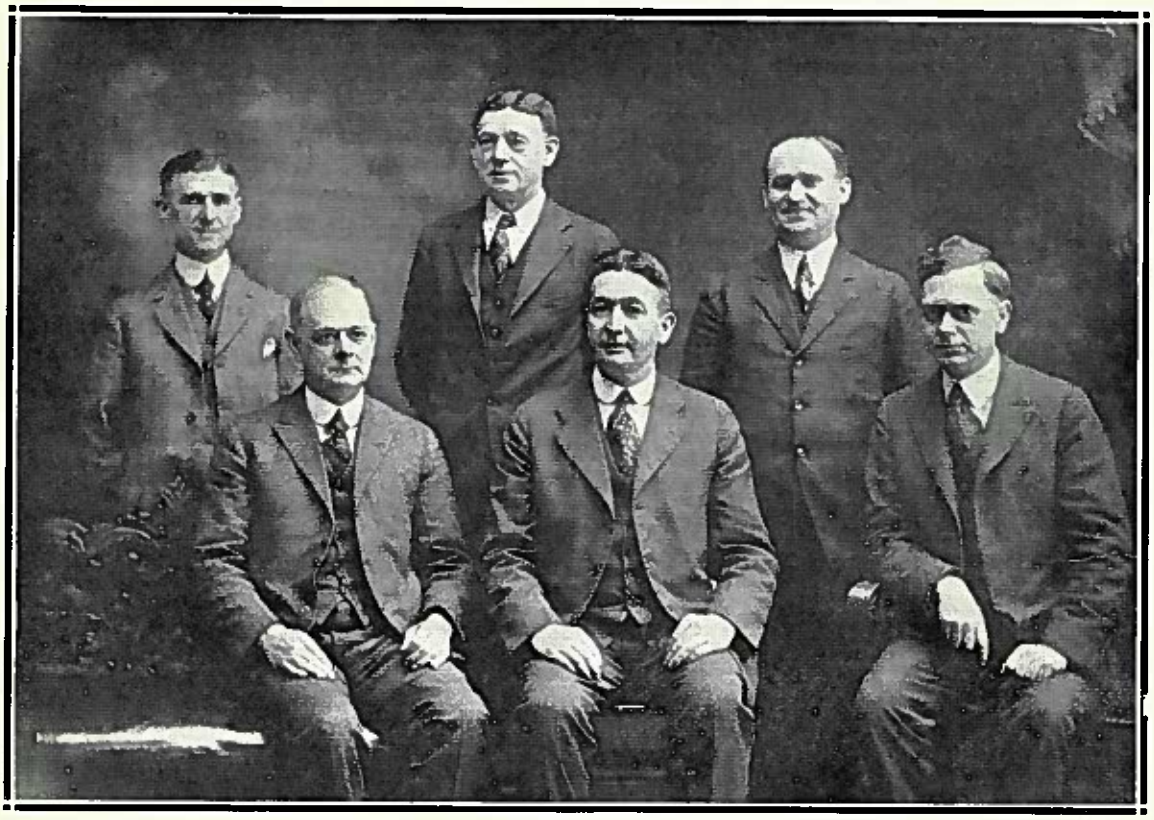

THE SENIORS who are leaving B. H. S. will always keep in their minds the memory of the old school, for the present day building will soon be another famous work of art which time has replaced with more modern style. But the same school spirit will stay and carry over to its new abode. The new Bellaire High School is destined to be a building of beauty and distinction which will make our city up to date. No more will the Freshmen crowd and jam, spoil their shoe shines and their tempers when they are called to a general assembly meeting. No longer will pieces of ceiling persist in decorating the floor and the buzzers go on a strike every other week. A systematic, modern, roomy High School is going to be furnished for the lucky high school pupils of Bellaire. In a few years visitors to our fair city will be gazing at the sign above the door of the immense building which stands tall and stately nearly overshadowing the park which it faces. That is what all Bellaireites will be proud of. Nothing will be withheld which will help give to this city a place of learning from which future Presidents and Senators may depart.

The present Freshmen and Sophomores have something to look forward to, a goal toward which they must constantly work. The new building will have every department enlarged to a great degree enabling much more efficient work to be done. No one will be cheated when at the first of the year the Principal reads out the seating. There will be not only room for all then, but plenty of room left over.

It can be forseen that the days when inspectors visit will be welcomed and even anticipated, for everyone will be proud to show a faultless building. The structure itself will be two stories above basement, constructed of fire proof material, probably covering the ground between Belmont and Guernsey Streets at 35th, extending as far north as the present building. It will contain sufficient class rooms and a large auditorium and gymnasium.

The old central building and the bridge of sighs will be forever abolished. But almost without regret for the end will more than justify the means. There cannot be a question as to where our standing will be. We will rank well near the head of first class High Schools. Is it any wonder we have reason to be proud? Some pupils now attending will no doubt help pay for this next creation but with a vision such as we have before us no one could shirk their duty.

The pupils now graduating and those remaining will be constantly looking forward to the time when our city will possess an efficient modern and beautiful institution of learning. Those who worked for it in the past will not cease in the future and the reward will come, for nothing makes a person feel better than to have a home town and a home school of which they are proud.

ALTHA ALLCORN

"Althy"

Could we honestly call her the most quiet girl in school? The teachers all commend her on this admirable trait which she is gifted with—that of talking. But who can tell, she may become the champion butter maker in Belmont County.

A sunny disposition, An ever ready smile
A tongue that loves to wiggle, Every little while. "That's her."

ESTHER ALTHAR

Girls' Glee Club, '22, '23.
Y. W. C. A.

Esther is one who has little to say, but has sound thought. She is well liked by all who know her. We believe she will soon be putting her high school career to a good advantage, especially her Domestic Science.

WILBUR ARMSTRONG

"Doc"
Interscholastic Debate '22-'23
Junior-Senior Contest '22-'23
Student Athletic Manager 1923
President High-Y Club 1923

Here's our man of all work. Did you get a good look at his honors? "Doc" is for us a debater and general manager of affairs around school. And as to personal attractiveness—well just Betty, she knows. In the words of everyone:

Here's to the team of "Doc" & Co.
Whoever the other half will be
But when it comes to a partner for him
One used to the work is needed you see.

MARY ARCHER

"Just Mary"
Latin Club '22-'23

Shadyside does us many a good turn for which we should be thankful. For instance—take Mary Archer, a small bundle, cleverly done up with heaps of material in it—can a better description of her be found? We think she'll be a teacher when she leaves here—well maybe, you can never tell.

Mary is fond of study—Also fond of play
But none can tell who is coming—To take her ofl some day.

GLADYS LORETTA ARCHIBALD

"Happy"

This is one of our popular Commercials. "Happy" just fits Gladys to a "T" for who ever saw her sad even if Miss Palmer and Miss Mansell do call her down for talking.

"Happy" can be found with the bunch or at home with Charles or Nick.

"Silence is Golden."

FREDA AULT

French Club

Here's another bit of good naturedness set down in our midst. She is quiet and reserved, more willing to keep her own counsel than to be continually divulging this to others. But who could resist the winsomeness of the brown hair and blue eyes she is blessed with?

A little bit of laughter
A little bit of fun
But Freda's always ready
Whenever work is done.

RALPH BAIRD

"Bairdy"

Glee Club '21

This is one of our Commercial students who is always trying to get out of working bookkeeping in class so that he can talk to Helen or Nat. Ralph is at home with the girls and we never expect him to be able to pick out any certain one for he likes them all the same.

BEATRICE BOWEN

"Bea"

Orchestra '21, '22, '23
Glee Club '23
Class Basketball '23

Beatrice enters into our class this year with flying colors. She formerly was a member of the Junior class, but when work come in, Bea enters also. Success to her is what we wish but what's the use, for all her preparations for being a school marm may be in vain. At least, George says so. That explains everything—N'est pas?

Success to Bea, wherever she be,
For she'll always be a busy bee.

JOHN BEETHAM

Junior-Senior '22-'23
Interscholastic '21-'22-'23
Debating and Latin Club
Class President

John is most often described as a snappy, quick, bright, young fellow, but very much of a woman hater (?) He studies continually,—when he has nothing else to do and debates hard enough to supply everyone with knowledge. No doubt, he intends to acquire entrance to the bar, at least he should, for he possesses ability.

A quiet and studious nature all combined
in one
But pep enough to top it off and seasoned
well with fun.

MARY BOTT

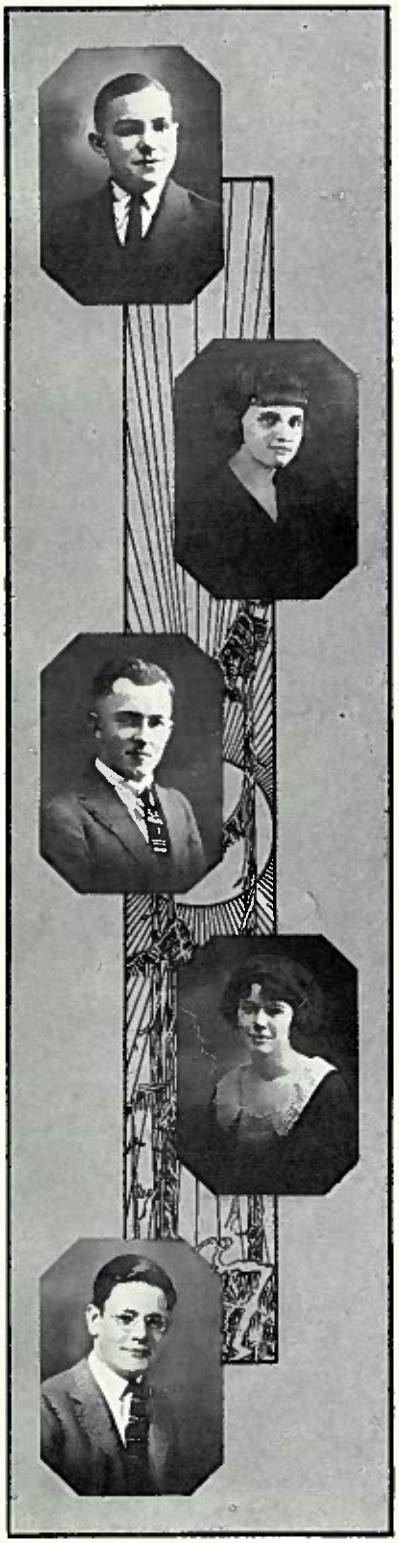

"Jimmie"

Beljuan Board '22
Y. W. Cabinet '22
Glee Club '21

This is one of our popular Commercials whom we could not do without not only in class but in Y. W. work. We predict a bright future for Mary and Jimmie, and from what we hear the mail carriers must be heavily loaded with letters between her and James.

"Slow in choosing a friend
But slower in changing one."

JOHN BRADY
"Jack"
Cheer Leader '22

Jack is one of our little Commercials who we can always hear everywhere we go. He is mostly found at Wyrick's Drug Store, but we don't know how he can stand it to be away from the girls that long.

Great things come in small packages.

ESTELLA BOYER
"Butch" "Salty"
Basketball '20-'21-'22-'23
Beljuan Board, Vice-President

"Butch" is one of the most attractive girls in the Senior Class and is very athletically inclined for she has played on the basketball team for four years. We predict a brilliant and successful future for her and we know that she will succeed in whatever she may undertake.

KENNETH NILE BAUMGARDNER
"Betty"

Kenneth is one of our shorthand stars and we believe he will make good use of it. He also has been writing stories and sending them away, so who knows but what we will be able to say the class of '23 has a great novelist in it.

STELLA BRITTON

We have in Stella another loyal person who came to help make the class of '23 graduate at the top of the ladder with over one hundred members. She appeared among us late in the year, hailing from Powhatan but nothing is keeping her back.

She's not very big
And hasen't much to say,
But she's looking for success
And nothing can delay.

WILLIAM CARNAHAN
"Bill"
Orchestra '20-'21-'22-'23

Bill may seem undemonstrative but Nat says—"you'd be surprised." He is somewhat of a musician and substitutes very nicely when our pianist is indisposed. Ever see Bill and Jack apart for long? He makes quite a hit with feminine hearts yet thinks he is a woman hater—oh! these men.

Bill is very backward, and sometimes very shy (?)
But he may find a remedy as the time goes by.

GRACE GERTRUDE CROSS
"Bobby"

"Bobby" comes from South Bellaire and has a sister whom we hope Grace will pattern after. Grace can be found mostly at home studying shorthand and bookkeeping. We don't know what her future will be but here's to her success.

If shorthand would take it
Grace would surely make it.

MYERS CREAMER
"Pete"

Class President '23—Sec'y Hi-Y 1923
Latin Club—Debating Club

Is there a person in school who doesn't know "Pete"? Well, hardly. "Popular" should be his middle name. He is one of the boys who while in school are models of perfection and quietness—but otherwise? For his future life everyone thinks he is slated to be a farmer. But who can tell?

"Pete" is among us, searching for fame,
He doesn't like the women, a diploma is
his aim.

MARGARET COULTER
"Peggy"

This young lady comes from Avondale, although most of her time is spent in Bellare, "Peggy" has told us that she intends to take Normal, but we would sooner believe her if she told us that she was going to keep house for Harry.

MARY COLEMAN
"Just Mary"

Mary hails from Neffs. We often wonder how they can make them so quiet. We never know she is in school at all until she is called upon to recite and then we are bound to hear her for she always has her lessons prepared.

NORMAN CARTWIRGHT
"Normey"

Glee Club '21-'22-'23
Class Basketball '21-'22

Norman is our high and mighty Emperor. What for Why—or was it Good for Nothing? But singing isn't his only line. Did you ever see him work at chemistry or physics? His description could well be—dark hair, snappy eyes and an attraction to the opposite sex. He will hardly fail in any undertaking if he keeps up as he has started.

Deep may be his thoughts, some efforts
be in vain
But working the way he does, he's bound
to come to fame.

ROBERT CROW
"Bob"

"Bob" don't like the ladies. Sour grapes! "Bob" believes in getting on the good side of his teachers (he has to), if you don't believe it just watch some noon and see whom he takes up in the machine with him.

Keep your teachers good will
And all will be well.

MIRIAM CROZIER
"Billy"

Glee Club
Class Secretary '23

"Billy" is one of our Seniors whose future is hard to predict, we did think that she would soon be taking dictation from Charles, but she has now informed us that it will not be so, might we say that it will be Hugh? We are sure she will do the best any way.

They're wild, simply wild over her.

WILLIAM DEAN
"Tubby" "Teddy"

Orchestra '20 Glee Club '22 Football '23

Every morning and afternoon "Tubby" journeys from Rose Hill to B. H. S. For him to be angry is something we have failed to see. Lately he seems to be in the very best of humor especially before sechool takes up. Why?? A certain Freshman is the cause.

"Let me have music and girls and I will seek no more delight."

DOROTHY DARRAH
"Dot" "Sunshine"

Q. Who is here who has seen "Dot" without a smile? A. No. one. Our Commercial Department is blessed with good looking girls with sweet dispositions. Who, for instance? "Dot." We predict a successful business career for her.

"A maiden fair with golden hair
Lives by the Ohio River."

CLARK DAUGHERTY
"Mac"

Football '23 Debating Society
Class Basketball '22

Although Clark has only been with us two years, he has proven himself a good student, as well as a good athlete. He is a good sport and liked by all. Without a doubt next year will see Clark in some higher institution of learning, studying medicine.

Lots of courage, lots of pluck
There is no such thing as luck.

MARY EGGIMAN
"Clarence"

Mary is a Commercial student and one of the few Seniors who have been with the class for twelve years. We are not certain as to what line of work she will de but we do not think it will be stenographic work for long.

"Very studious and oh! how wise
Is this girlie, 'Just sometimes.'"

MORRIS FAVISH
"Spivus"
Glee Club '22-'23

"Spivus" is the fellow with the ever ready smile. He is very popular among both sexes and (even if he doesn't like to study) with the teachers. We are not sure what "Spivus" intends to do after leaving school, but we know that his wonderful personality will get him success everywhere.

JEANETTE FOX
"Nettie" "Ike"

Jeanette has been one of the "fortunate" Commercial Seniors who has secured a position. She will probably work for awhile at this until some "June" and then her life work will begin. She is working in an insurance office here.

JOHN FOWLER
"Johnny" "Fowler"

John is one of our bright Commercials. He is one of those "Happy-go-lucky fellows." Without Fowler the Commercial Department would certainly be dead. We are all of the opinion that he will be one of our leading business men in the future.

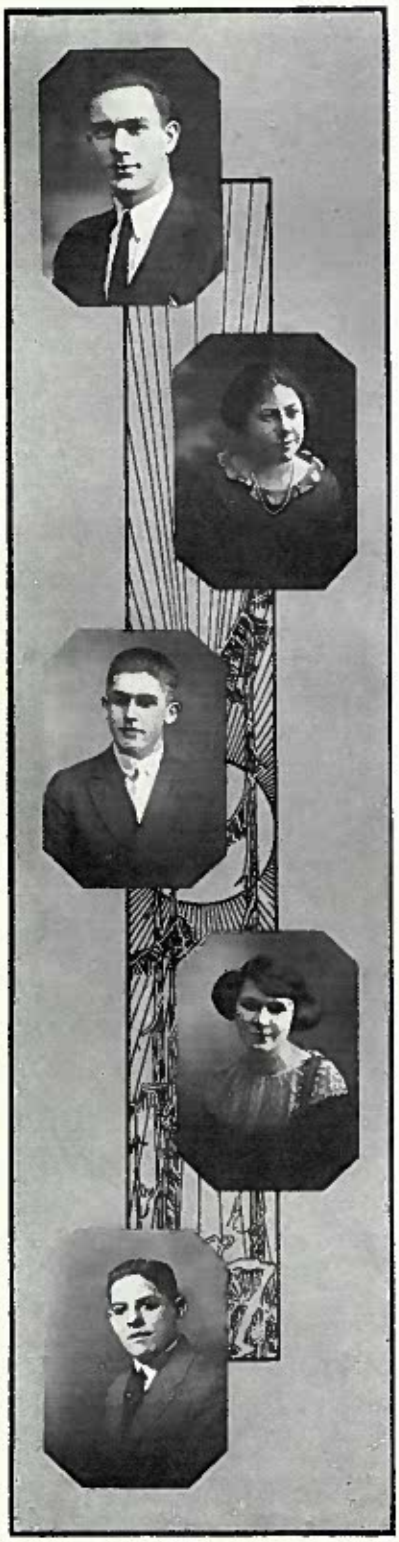

"He who invented work should have finished it."

CARL FRANKE
"Nebo" "Zubab"
Football '20-'21-'22. Basketball '22

Carl has many friends and not the Seniors either. He is an athlete from tip to toe. He may be seen and heard whenever you see Nick and "Tubby". Carl will probably take up medicine and have a pharmacy of his own.

"His grace is excelled only by his appetite."

CARL FREEMAN
"Free"

Carl has been with us for only two years, seeming to drop from nowhere into our midst. He made a kind of a sensation upon arriving because he always seemed to do the wrong thing everyway he turned. He soon settled down and has become almost a quiet little??? boy now.

NELLIE GIFFIN
Glee Club '21-'22
Interscholastic Debate '22-'23

Nellie is the dependable member of our class. When she is given something to do we know that she will not fail us. Nellie likes to tell others what she knows so she has chosen to be a school marm. Accept our best wishes for success, Nellie.

TURMAN GARRET
"Big Boy" "Jumbo"
Football '21-'22 Basketball '22-'23

Our Truman is his name taken apart, "True man." He is very seldom heard. He is not really quiet but quiet by comparison with the rest of the Commercial Seniors. He has been an all-around student. He has had chance for positions, we think he will be a bookkeeper.

"There is no one just like him
But hundreds who like him."

HAZEL GETROST
"Bright Eyes" "Art"

The Commercial Department is honored by having Hazel for a member. She is one of the best liked and most brilliant Seniors. She is always there with a cheerful word and helping hand. She will probably work for J. H. McGraw & Co. for awhile then ———& Co.

"A charming lass with heart of gold
It's but one man's and his to hold."

EDWARD GLASER
"Eddie"
Football '23 Glee Club '23

Eddie came to us for his last two years from the Saint John's School. We are very lucky to have him in our class and school. What Eddie intends to do he certainly keeps to himself, but we know it won't be many years before we hear from him connected with something great. Here's luck to you "Eddie."

MARGARET GORDON
"Mike"

"Mike" has been with us for only two years having attended Shadyside High before. Margaret has decided that she wants to serve humanity so she is to take up nurse's training. She is very ambitious along this line and there is no doubt she will become a well known nurse.

KATHERINE GRAFTON
"Katie"
Glee Club '21-'22-'23
Y. W. Cabinet '23

We can never thank the lucky stars that put "Katy" in the Class of '23. We don't know what we would do without her, for she is always ready to do someone a good turn.

WAYNE GREENLEE
"Wennie"
Glee Club '21

Wayne is the tall, lank and lean member of our class, standing practically two feet above the heads of the other members. He is also the one who has been kissed so many times by angels, forming dimples in his cheeks. Wayne is planning to take up electrical engineering as his life's work.

FAYE GORDON
"Precise"
Glee Club '21-'22

Faye is just Faye. There was never anyone like her and wih never be. She is a very quiet girl with a lovely disposition. She has set many a young man's heart a flutter and will affect many more in her life time. We give her our best wishes and predict for her a successful career.

LILLIAN HAMMOND
Junior-Senior Contest '22-'23
Interscholastic Debate '22
Glee Club '21-'22

Lillian is one of our few brilliant Seniors. She has oftentimes expressed her desire to become a lawyer but the presence of a diamond ring on her left hand rather contradicts the statement. We know her time will be well worth while whichever course she chooses.

WENDELL HARRIS
"Chicken"
Basketball '20-'21-'23.
Football' 21-'22

Wendell became a member of our class this last semester. We surely were glad to have him as he certainly has been a big asset. We not only think him good in football and basketball, but we think he will make a lovely husband for a certain Senior.

"And when I walk, I always walk with
Cora."
"And when I sleep, I always dream of
Cora."

ELIZABETH HEATH
"Pete"
Girls' Glee Club '21-'22
"Y" Cabinet '23
Red and Black Staff '23

"Pete" is the little bobbed hair girl who can always be seen giggling or laughing. If she is ever called by her name "Elizabeth" she thinks she is in for a good bawling out. "Pete" is a good sport and can be found always with the gang.

"Quite sweet and neat"
Are some of the qualities of "Pete."

CHARLES HENDERSON
"Peck" "Hoops"
Basketball '20-'21-'22-'23
Football '23 Sec'y '20

His nickname was always "Peck" until lately, now it is "Hoops." We wonder why? He just found out this year he could play football and he certainly was a big help to the team. We predict for "Hoops" wonderful future.

"Lives of football men remind us, that
they write their names in blood,
And departing, leave behind them, half
their faces in the mud."

MILDRED HUDSON
"Milly"
Glee Club '21
Y. W. C. A. Cabinet '22

"Milly" is one of our studious Commercials. She is always in for fun or anything that will cause no end of amusement David is her most popular study. "Milly" was a very actice worker for the Y. W. girls and we are sure everyone will miss her.

"Don't be too serious,
Take life easy and live long."

LOWELL HILL
"Lew"
Basketball Squad '23
Class Basketball

Lowell is a fellow that is seldom heard but when he gets an inspiration he can surely give his viewpoint on the subject. Lowell does not say what he is going to be but as we rather think he is going to be a doctor.

MARY JOHNSON
"Mike"
Glee Club

"Mike" is a very jovial young lady from Neff. She has a beautiful voice and we wish her unlimited success in her future work. We think she will make a happy young wife for Paul or Alva.

I would rather study men than books.

EDITH KEYSER
"Bill"

Edith rather holds herself aloof and therefore few have the privilege of knowing her well. Edith if asked to tell you she would never choose history as a subject, to teach, and the Rose is not her favorite flower or t———r.

"Still water runs deep."

EDGAR KEYSER
"Nick"

"Nick" is one of the most popular boys in the Senior Class.He is always ready for fun. He is always very well liked by all the members of his class and also the members of the faculty, especially, Miss Luchs. How about it "Nick"?

Handsome, mannerly and short
One of that attractive sort.

THURMA KINSEY
Y. W. C. A. '22-'23
Class Basketball '22

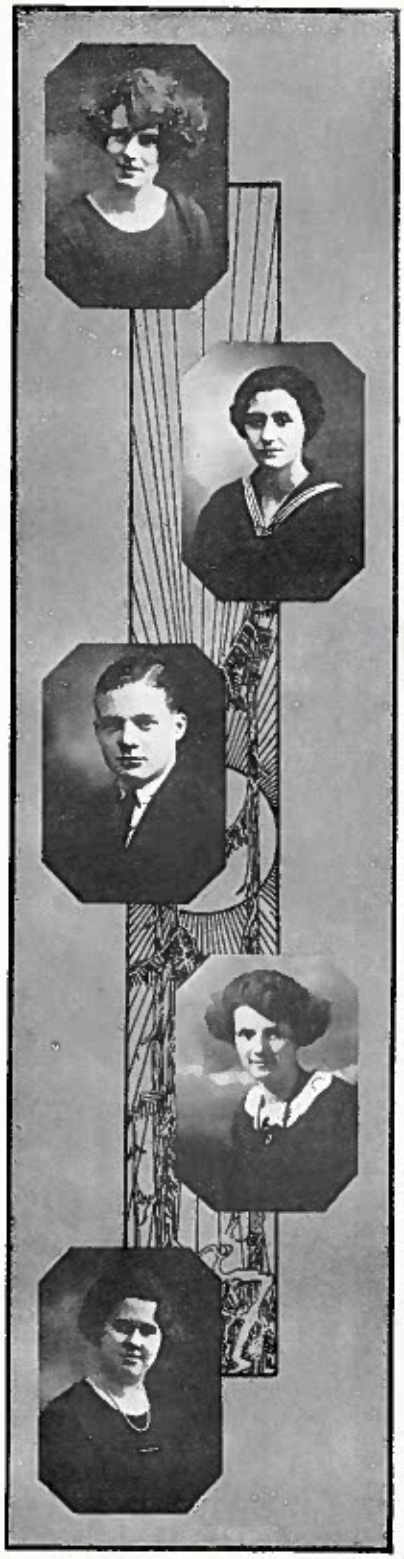

Thurma is a member of the Commercial Department. It appears as though she is very industrious as she can nearly always be found in the Commercial Room until five o'clock every evening studying. We shall wish her success in whatever she does, but we predict that she will keep house for Mr. ——. Where?

Thurma's hobby is surely talking.

SARAH ICE
"Sassy"
Glee Club '21-'22-'23

Sarah is awfully quiet and industrious and she shows it by the way she gets her lessons. She has always been an active member of the Senior Class, but from the ornament she wears on her left hand it looks as though she is going to make some man a good little wife.

"Happy surely suits this maid for who on earth can say, They never saw her runnin' around without a smile all day?"

ELIZABETH McCLAIN
"Ibby"

Class Basketball '22-'23
Girls' Glee Club '22-'23
Y. W. C. A. Cabinet '22-'23

"Ibby" is one of those Seniors who doesn't like school, as she comes as late as possible, and leaves as soon as the clock strikes four. Just say "Oh, those eyes" and watch "Ibby's" roll. We think "Ibby" would make a fine business woman or else? and we would advise her to locate in Philadelphia.

ROBERT McKELVEY
"Bob"

French Club O. R. & W.

"Bob is one of our bright college preps. who is in from the "sticks" but you would never know it. He is one of those pupils that never gets reprimanded??? We think he will be a Scientific Farmer and we wish him the best success.

DOROTHY McDONALD
"Dot"

Girls' Glee Club '22-'23
Junior-Senior Contest '22-'23
Y. W. C. A. Cabinet '22-'23
Red and Black Staff '23

"Dot" is one of our quiet girls? She seem to think Mr. Deacon's office is the rest room from the amount of time she spends there. "Dot" would make a fine teacher, but we suppose she will spend her time teaching John how to wash dishes.

"My studies worry me an awful lot?
And for the fellows, I care naught(???)"

RALPH McMASTERS
"Tubby"

Football '21-'2
Basketball '22

"Tubby" is our football star. He is a Commercial student and seems very fond of school because you can always find him around until six o'clock. In the evening you can always find him with a popu-Soph. girl who is a basketball star.

"Greater men than I may have lived but I doubt it."

INEZ McCLAIN

Girls' Glee Club '21-'22-'23
Class Basketball '21- '22-'23
Y. W. C. A. '22-'23

When it comes to Inez, we believe in the old saying "all good things come in small packages." Inez has been one of the most popular girls during her high school life. With that voice of her's who could help liking her.

"May she sign herself to success."

LULU MEEK
"Meekie"

Lulu is one of our Commercial Seniors who was lucky enough to get out of school for a few weeks to work. That is what it is to be quiet and industrious. Lulu is liked by all of her classmates and we wish her success in whatever her life work may be.

Lulu is a typist very gay and free
The way she thumps the keys is surely
great to see.

MONTZELLA MONTGOMERY
"Monty"

"Monty" is one of our quiet girls. If we were all like her, Mr. Deacon would not have to spend much time in his office. She has a smile for all of us who meet her. We do not know what "Monty" intends to do, but we are sure she will make a success in whatever she undertakes.

EMILY MORGAN

Emily is one of our College Prep. students. She is a good-natured girl and has a smile for everyone. Although she may seem very quiet to some, that is only to those who do not really know her.

"Here's to her success in the future."

PARK MOZENA
"Porky"
Red and Black Staff '23
French Club '22
Hi-Y '23

Park is one of our French stars? High School certainly has a great attraction for Park as he may be found there from 8:00 A. M. until 5:00 P. M. We think that Park would make a fine minister, with that great voice of his.

"Here's wishing you luck, Park."

WYLIE NOICE
'Noisy"

Wylie sure does live up to his name. He is always ready for a good time. Wherever you see him you see his cheery smile and he is always winking at the girls.

"This is a fact we all know
He cares not for the ladies, Oh, no! no!"

ILA PHILLIPS

Ila is one of our students who journeys every morning from a near-by town. She always has a smile waiting for everyone. We have not heard yet, what she intends to do upon leaving B. H. S. but, because she is very industrious, we can predict her to be a teacher, most likely in some college.

JOSEPH POORMAN

"Joe"

Interscholastic '23
Baseball '23

Joseph is one of those young men who is very popular and very industrious. He can usually be found at home studying Virgil (?), at Betty's, or in the Overland. Joe has displayed very excellent ability in the line of public speaking so none of us will be surprised in the late years to hear of President Poorman.

GLADYS OWENS

"Glady"

Gladys comes in every morning on the B. & O. Gladys never says much, but when she does, there is something in it. She has made many friends during her four year's with us. We do not know what Gladys intends to do, but we predict a brilliant future for her.

"She is studious, she is neat,
She is quiet, she is sweet."

POLDY PLAHUTA

"Chick"

Football '22 Baseball '23

Poldy is one of the popular boys of the Commercial Department, and his name will be added to the list of our very best football athletes. Although he is a very dignified young man he is always in a good humor.

Is Poldy bashful? Just ask Miss Palmer.

ELIZABETH OWENS

Y. W. C. A. '22-'23

Elizabeth is one of those students we are always able to find in the Lab. after school. We do not know why this is unless? Elizabeth has not said anything about what she intends to do. We will say that she will go after what most girls do,A ——? We wish you success, Elizabeth.

SYLVIA REBOL
"Silvey"

A deep thinker is Sylvia. Although she may seem very quiet to some, what she says always has a meaning. She is very witty, and a brilliant success is in store for her in whatever she may take up.

WILLA RAMSAY
Y. W. C. A.

Willa is one of these blushing maidens, that lives in a near-by town. She is very quiet but can always recite when called upon. She does not seem to be interested very greatly in the handsome boys of the Senior Class, but, no doubt, she may later change her mind.

EDGAR RAMAGE
Glee Club '23

Edgar is one of these fellows who is sure to succeed. He always has his lessons as his motto is "Work — Never — Pleasure — Ever". Edgar is a rather quiet young men and is not very often seen associating with the girls. However, our best wishes are with Edgar and we wish him success.

MARY REBOL

Mary is liked by all who know her, because of her disposition and happy smile. Mary is very studious and never fails to recite. Mary's ambition in life is to be a "suffragette (?)" but we are sure other things will seem more attractive to her.

LEONOIR POMEROY
"Shrimp"
Y. W. C. A.
Glee Club '21-'22-'23
Class Basketball '20-'21-'22-'23
Red and Black

Lenoir is one of the pretty and popular girls of the Senior Class whom everybody loves. If we should find her not smiling, the world would certainly come to its finish. Leonoir always has her lessons? especially Vergil, and is not in the least backward about talking in the classroom. What ever line of work Leonoir will take up, we are sure she shall not go long unaccompanied.

SENORIA SCHRAMM
"Shorty"

Senoria is short' tis true, but quite as dignified as a Senior should be. She is very popular, liked by all who know her, and a very valuable addition to the Class of '23.

BERTHA SAFFELL
"Bert"

Bertha is another of those studious out-of-town pupils. She is very quiet but her recitations prove she acts in her mind. "Always be prepared" is her motto and she lives up to it. What ever her future may be she will succeed.

Editor Red and Black
Glee Club

"Jay" is this good looking young chap that may always be seen surrounded by girls. He is one of the best known and well liked members of the Senior Class. Judging from his success as Editor of the Red and Black we can easily foresee him as editor of some famous magazine, probably the "Ladies Home Journal."

SUSANNA ROBSON
"Susie"
Y. W. C. A.
Glee Club '21-'22

At times bashful, fond of blushing and quite sweet, that, in short defines "Susie." She is very popular among her schoolmates and when it comes to lessons, say, she can't be beat. Great success is in store for her in the future, we are sure.

HELEN RINEHART
"Just Helen"

Helen is a rather quiet and dignified young lady, but always has a kind word and smile for everyone. She is very bright and we predict a brilliant future for her.

Interscholastic Debate '22
Beljuan Board '23
Red and Black '22
Y. W. C. A.

Ella is one of the 57 kinds of strawberry blondes in the Class of '23, but if that made a person as brilliant as she, it would do many others good to be so. She has quite a debate record and the school she intends to attend will certainly receive an able student.

Glee Club '22-'23
French Club
Class Basketball '21-'22

"A sweet little miss in her own little way
The kind not to be found here every day."

DARREL TURNER
"Spink"
Glee Club '20-'21-'22-'23
Class Basketball '20-'21

Is "Spink" handsome? Is he a good singer? Is he popular? Well we say so. "Spink's" only fault is that he often don't get sufficient sleep and attempts to catch up during school hours. He hasn't told us, yet, what he is going to do in life, but we know he will be a great success.

"If on blondes you like to smile,
You'll look on Vera quite a while.

MINNIE WILEY

Senior Class Song

Tune—My Buddy.

Our High School days are near over
Those good days, we love so well,
And we must leave our dear High School
And we must say "Fare you well."

Chorus:

Fare you well our dear Bellaire High
Our classmates now we leave with a sigh
But memories, we'll cherish, of 1923;
Now the time has come to us all
To answer to life's urgent call
We'll honor forever our dear Bellaire High School.

Now as we start on Life's journey
And as lifes battles we fight,
We'll strive to ever bring honor
And always try to do right.

Chorus:

Beatrice Bowen.

To the Juniors the dignity and privileges which accompany the title of "Senior."

To the Sophomores, brains to help win the Interscholastic Debate of 1924.

To the Freshman, spring, so that their greenery will not be so noticeable in the great out-of-doors.

To Miss Luchs, a marriage license and eternal fidelity to "Millard."

To Mr. Rose a dove cote in Columbus.

To Mr. Rankin a life of single blessedness.

To Miss Miller the right to follow in the footsteps of our former public speaking teacher, Miss Hoyle.

To Miss Price all the latin ponies in creation.

To Mr. Workman, a better half to sweeten his temper.

To all the married members of the faculty, a long life of wedded bliss.

To Miss Forbes, Miss Ewing and Miss Eby eternal friendship.

To Miss Palmer, Miss Brown and Miss Mansell, whatever their hearts desire.

To the Y. W. another Irene.

SENIOR BABY PICTURES

True Success

MARY MEREDITH MASON sat under a spreading oak tree reading a book written by Shakespeare. She made a very pretty picture with her soft blond curly hair, light complexion, and the bloom of health in her cheeks. Sorrowfully, she laid her book down. She was thinking about her father, and mother who were dead. Mr. Mason was just beginning to be a successful lawyer when he was suddenly taken ill and had died just two weeks ago.

Because of being timid and bashful she would go from class to class in the high school unnoticed. Her father had often reminded her not to read cheap books but to read those from good authors. By doing this she was making good friends, habits, and building a strong character.

In a small department store, she was employed as a clerk, always being very friendly and greeting all customers with a smile. Although not a leader in athletics, she showed good sportsmanship. She had a broad mind and was looking forward to the time when she could carry out her father's wish—to be a good lawyer.

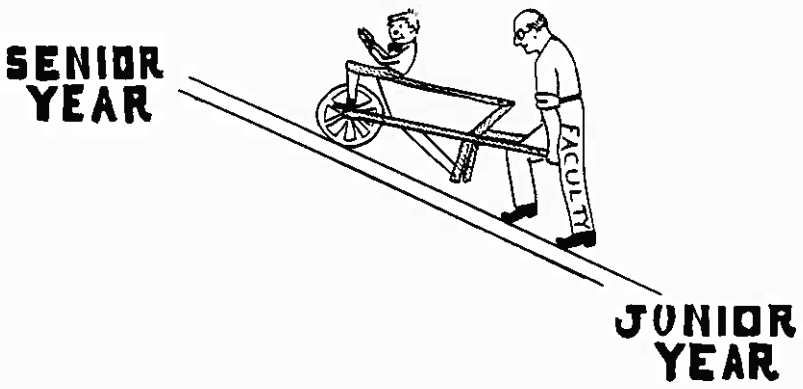

Among her many chums, she was not realized as a success, but she was even now, in the manner Edgar Guest defines this word.

> Success is being friendly when another needs a friend;
> It's in the cheery words you speak and in the coins you lend;
> Success is not alone in skill and deeds of daring great,
> It's in the roses that you plant beside your garden gate.

Her day for fame was dawning. There was in this city a club of lawyers whose soul aim was "service for others." In order to impress this upon the minds of the public, they offered to pay the tuition to the state university to the students writing the best essay on "Service." Meridith wrote one. Two weeks passed and one evening when she bought a paper her eyes caught sight of some big print. There she read, First Prize won by Mary Merdith Mason. Glancing down the column she read: True service not only helps the person in need but it helps you. Shakespeare once said, "It is one of the most beautiful compensations in this life, that no man can sincerely try to serve another without helping himself." It is the duty of every one to do something for somebody else every day. Seek happiness for its' own sake and you will never find it but seek for duty and happiness will follow as the shadow comes with the sunshine. Most men want happiness but happiness is the fruitage of love and service; thus to be happy you must love each other and bear each others' burdens—etc.

As she glanced over her essay the great truth that her father had attempted to make her realize was at last clear in her mind. She now saw that true success is followed by fame and that popularity should not be sought but success in the little things we do and say should be gained first. Fame naturally will follow as it did with her.

History of Class of '24

WHEN in the course of human events; it became necessary for another Freshman class to dissolve the bonds and ties, which had connected them with teachers and friends in the grades, and to assume among the classes of the High School a separate and equal station to which the laws of education had entitled them the class of '24 came forth.

We hold these truths to be self evident—that we were maybe as green as they make them, but we also maintain that the upper classmen could not have done without us. To prove this let facts be submitted to a candid world:–

We gave forth to the athletic side of our school, one of the best known football players in her history, beside many other skillful men for other positions for the basketball teams we produced the 'lanky' center and the forwards on the girls teams. In the sophomore year the girls class team were champ's and this year both boys and girls' teams played in the finals, although they finally yielded the championship to another class.

And too, our class has not been wanting in literary work. In the interscholastic debate four of the defenders of the Red and Black were members of the class of '24, and in all things the Juniors were always at the front when "brain work" was needed.

But wait, there is still another phase. Especially have the wearers of the Blue and Gold been musically inclined.

Just tell us where the Glee Clubs would have been without Saucer Eyes and a number of our other Caruso's or Alma Gluck's?

Now that baseball has taken us by storm, we find the diamond almost covered with Juniors and are we proud? Well, I'll say so.

In the first year of our oppression the one hundred and eighty five freshmen enrolled were governed by John Nemic, President; Elizabeth Humes Vice-President; and Beatrice, Bowen, Secretary.

Under David Dankworth, Louis Gratz, and Nannie Miller, we were safely guided through the party and the nine months of school work.

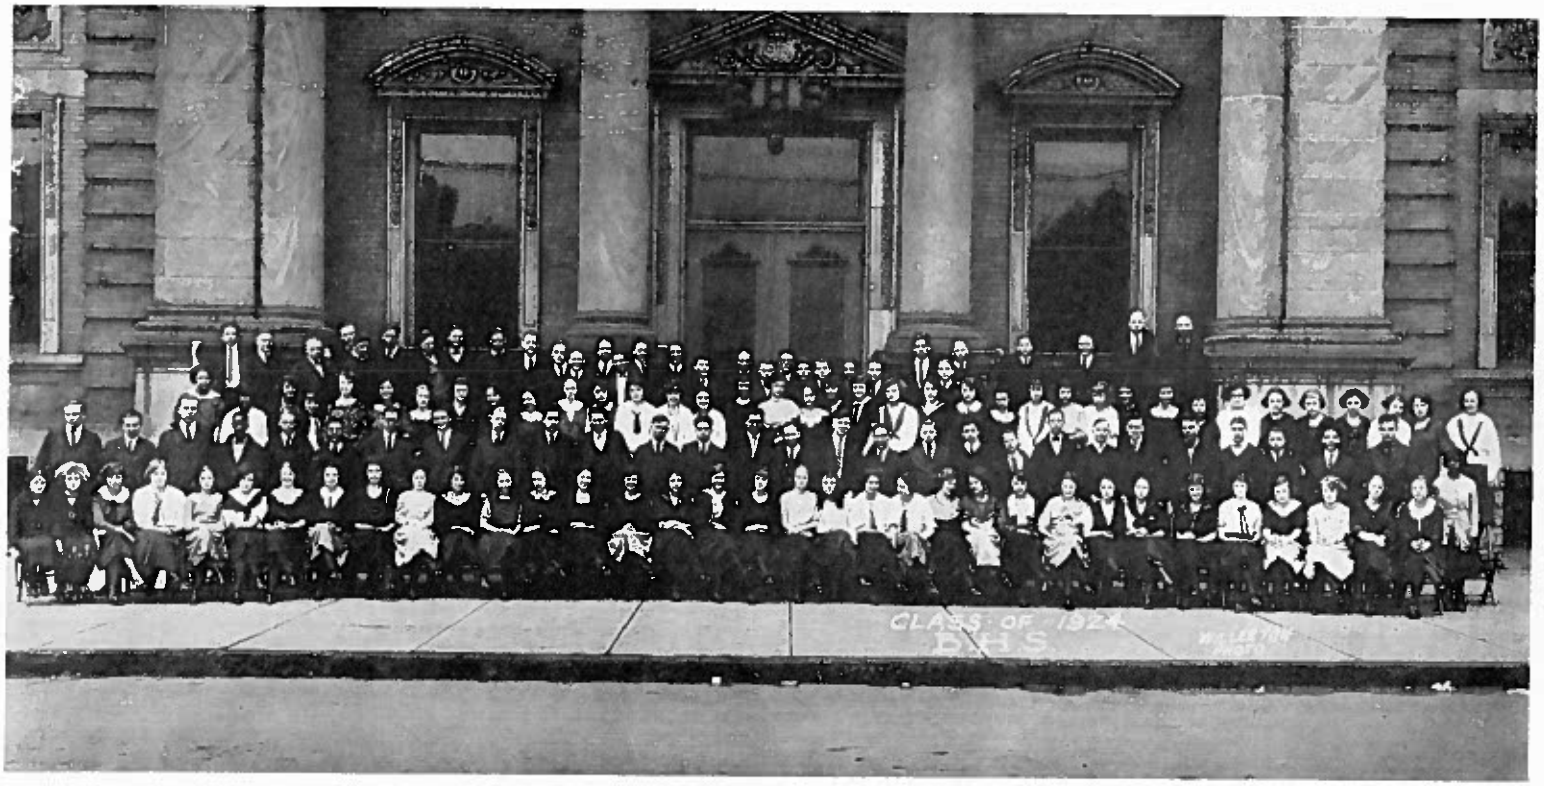

And Oliver Miles, Louis Gratz and Wilma Thomas were chosen this year to preside over our ship of state.

However, the most gratifying incidents of our school life has been our class parties and both of these affairs have been a huge success.

Therefore, we the members of the class of '24', appealing to the better senses of our fellowmen for the rectitude of our intentions and the appreciation of our past accomplishments, do solemnly pledge ourselves as co-workers with the student body.

And for the support of this declaration we do hereby pledge our faith and affix to this document our seal.

Junior Prophecy

ONE evening I was sitting in the large Movie Palace owned by Thurman Saunders, in New York City. The picture was good and I enjoyed the show immensely until the Pathe News was flashed on. It had been a long time since I had seen it and I smiled to myself as I thought how we used to dodge through it in those dear old High School days.

"Admiral Albert Pearce, Mrs. Pearce and Secy. of Navy, Kreiter, aboard the ship Atlanta," were the words flashed on the screen.

"Why," said I to my escort. "Those names sound familiar."

To my astonishment the faces flashed on the screen were those of our old friends Albert, Bessie Ault, and Paul Kreiter. I recognized the faces of Frank Zastidul and Norman Beuter in the crowd about them.

"News of five old friends in one evening," thought I to myself." I wonder what did become of some of the rest of them?"

"John Wharton, prominent New York broker, cleans up Wall Street".

I could hardly believe my eyes when the familiar face flashed on the screen along with that of Betty Straughn, now Mrs. Wharton.

The ambulance drove up in charge of Paul Dunfee and Dr. James Evans jumped out followed by his assistants, Helena Burkett, and Hazel Reese. Catherine Warren, Nita Watson, Alba Roman, and Thelma Venham were distributing coffee and doughnuts among the firemen.

The scene changed again. This time the rural districts were shown. As the proprietor of the largest farm in the United States I could hardly help recognize Weston Wise with Edgar Bumgardner and Edwin Corbett, assisting him. Weston had married Elizabeth Giffin while Edgar was enjoying married life with Grace McMahon and Edwin with Grace Myers. The three couples were living together on the farm and were prospering greatly from all appearances.

As the owner of the most up to date ranch in the west, Robert Humphrey and his wife Mildred Kilgore Humphrey were leading a happy life. James Bonar was his foreman and among the cowboys it wasn't hard to find Floyd Meek and Curtis Gooch.

In sunny California we found Alfred and William Garrett dwelling with their wives, formerly Anna Lee McFarland and Anna Witchey, among the beautiful orange groves which they owned. Esther Rogen and Freda Emmerman were their neighbors and they could be seen sitting on the veranda of their villa chatting with two prominent New York millionaires.

Again the scene changed and the images of noted artists were portrayed on the screen. Webster Pracht, the famous violinist was shown conversing

with his secretary, Hilda Reinhart. Mary Fitton, the coming Prima Donna was caught as she was talking to two of the pretty girls of "Follies of '34. Lucille Horn and Mildred Johnson. Mickey was a famous artist and accompanied by his wife, Inez Nelan, Hadley and his friend William Weber, also an artist, he was embarking for a tour of Europe.

Some of the welfare workers in the large cities were shown Marhea Abbey was in Chicago, Beulah Ballentine and Dora Baker in Cleveland; Elizabeth Berry and Edna Corbett in Boston; while Helen Morrison was in New York.

In Cleveland, a teachers convention was being held. Among the principal speakers was Margaret Anderson who is now assistant superintendent of the schools of Akron. Elizabeth Daniels, Zelda Nelson, Doris McKeen, Bessie Ramsay and Helen Spangler, were all there and they are carrying on the good work among many of the big schools of Ohio.

As originator of the latest styles we find Wilma Thomas in a magnificent shop in New York. As Madam Celeste, her gowns are known the world over. In the vast millinery rooms we find Mildred Hoskinson in cha ge while in the hair dressing department, Hazel Coulter reigns.

A few scenes of football games between O.S.U. and W.J. were shown. O.S.U. was coached by Oliver Miles while Buddy Mathews was the guiding hand for W.J. Among the crowds of spectators, B.H.S. '24 was well represented. It seemed as if our whole class had turned out to see the game between the two teams coached by former classmates. David Dankworth and his wife were with Governor Hall. Madeline was looking as well as ever and hadn't changed much from the old Madeline of High School days. Dick Buttitta now coach at Bellaire, was there rooting for both sides. Homer Hirsch, chief of police, was talking to Betty Wernet, who was reporting for the game, while Paul Giffin, Homers' lieutenant, was trying to get a word in occassionally.

In one group were Nannie Miller and Martha Cartnal, settlement workers; Lois Jones and Geneva Long, Y.W.C.A. Secretaries; Bertha Wyatt and Edna Fleming, partners in a beauty shop in Columbus; Helen Morrison and Rella Crooks, proprietors of Ye Olde Tea Shoppe; Jean Weidman, a traveling salesman, and Jack Ambler, a preacher, hovered in the background. Ralph Davis, President of the Anti-Tobacco League and his secretary Almon Sutton were talking to Walter McNabb, a Columbus druggist and Frank Montgomery, a member of the Legislature. Charles Blon, a proprietor of men's clothing store, Regis Stack, President of a bank in Baltimore, and Franci Applegate, head of the Carnegie mill at Bellaire were rooting for W&J. Morris Meek, Mayor of Bellaire, and Charles Henthorne, the tallest man in the world, looked as if they were enjoying themselves immensely. Thelma Trisler was there in her widow's weeds accompanied by Laura Yost and Mildred Ambler, physical training instructors at O.S.U. Ralph Neff, tennis champion and Hazel Gansler, swimming champion, were there. Willie Brown head manager of the Rodefer's Glass Co. and Joe Shebert, author of "How to Get Cicero's' Goat, were both rooting on the sidelines for O.S.U.

In the inventors corner I found Robert Russell, waiting for his paten: on his shoes that never wear out, and Kenneth Timberlake, discoverer of Everlasting Tires. Our class seems to have numbers in every known occupation.

When the lights came on I hurried from the theater anxious to get home and tell Betty and Vivian about the show. As the car stopped in front of our house in New York, I wondered if any of my school mates were any happier than we three. We had our home together as we had always planned and were all successful in a business way. Vivian was supervisor of the Kindergartens in this city and Betty was a Y.W. worker among the business women while I—I guess my rich uncle died for that is one way for sure success.

Mr. Galberach (in Algebra I)—"What is a radical?"

Paul Albright: "It can't be me."
Miss White: "Some one seems to favor me."

Geneva Long: "Well Louis, how many orders for Ads did you get?"
Louis Gratz. "I got two in one place!"
Geneva: "That's business."
Lou: "One was to get out and the other, to stay out!"

Sentimental Freshman, having a date: "Last night I sat in a boat on the river drinking it all in and life never seemed so full before."

Mr. Rankin, in Physics Class: "I shall now take some sulphuric acid and—"
Fern Strasser: "That wouldn't be a bad idea."

Boss: "Now Oliver, you have been apprenticed three months and hav seen the different departments of our trade. I wish to give you a choice of occupation. What part do you like best?"
Oliver Miles: "Closing up, Sire."

The Fairy Pearls

HELEN was born in Hartford, Connecticut. When she became five months old a box of shinning pearls was given to her by a kind fairy. This fairy left a note in the box so that it could be read when Helen would become older. The note told her to clean the pearls every morning.

At the age of five she started to clean the pearls every morning. First she did not mind doing it but later became tired and was often forced to do it by her parents.

On the last day of school there was to be a picnic. Helen was so pleased with it that she forgot to clean the pearls.Upon returning she found that one of her pearls were turning brown. The next day she forgot a second time and the pearl which was brown the day before turned black.

Time after time she kept forgetting until all but two were black. These two had become brown and in a few years they were black. Then she had none. These pearls were her teeth.

The Telephone's Monologue.

I am a telephone. While I am not broke, I am in the hands of a receiver. I have a mouth-piece but unlike a woman I never use it. Fellows use me to make dates with girls and girls use me to break said dates. Husbands call up their wives over me and wives call their husbands down over me. I never get to call anywhere, but sometimes the company comes and takes me out. I am not a bee, but I often buzz. I am the "Bell" of the town, and while I do not get jewelry, I often get rings.

Webster Pracht: "I feel a draft."
Miss Palmer to James Bonar: "James! quit yawning."

While studying the bean in General Science class, Mr. Myers gave this advice: "Soak your bean in water over night and in the morning the skin will come off."

One of John Beetham's: "A German went into a British saloon and came out a rushin' (Russian).

We think Laura Yost needs a chaperon very badly. While in a restaurant on one of the basketball trips she looked up at the waiter and said, "I wantta spoon."

"Where There's a Will There's a Way"

UNCLE EPHRIAM JONES was a veteran of the Civil war, having served the Union Army in all the great battles of the war, such as, Gettysburgh, Bull Run, and Lookout Mountain. He had during the years before the war accumulated a large fortune, together with a mighty fine family, including a wife and three fine boys. In one of General Early's raids from the South his fortune was confiscated and his family murdered. This caused Uncle Ephriam to hate every thing South of the Mason and Dixie Line, and to show him a Rebel Soldiers uniform or mention the name of General Lee you could obtain about the same effect as shaking a red piece of cloth in front of a mad bull.

Now as Uncle Ephriam was penniless with the exception of a small pension of thirty dollars a month which he obtained from the Government, there were a great many things he desired, but which he had to do without owing to lack of money. Among one of his desires was to attend the G. A. R. Reunion which was to be held at Gettysburgh July 4. In order to attend this great Celebration a sum amounting to fifty dollars was demanded, but Uncle Eph, although he often remarked that he would like to go gave up the idea with a sad heart.

The young people in Uncle Ephriam's town were very generous, and among these very generous youths were a Troop of Boy Scouts, who believed in living up to their Laws. The most practiced and enforced law was, Help other people at all Times; So this Troop choose as their subject of help Uncle Ephriam Jones. They knew of his desire to attend the Reunion. So they resolved, each one of them in his own heart to help Uncle Ephriam without him knowing of their actions.

School was out on May 25, and the Scouts knew there would be a great demand for flowers to decorate graves. So they went into the country on May 28, pretending to be going on a picnic. Each one of them took a lunch, and as soon as they reached the woods they began gathering wild flowers. They picked until the sun went down behind the hill. Then they ate their lunch while they were resting they counted the number of bouquets they had gathered and to their surprise they found they had fifty neat bunches. That evening they returned home a tired but cheerful bunch. Next day they made their rounds of the town, selling flowers in the stores and different homes When the last bunch was disposed of they were so delighted to find they had accumulated ten dollars. "Now we only have forty more dollars to earn and Uncle Eph. can take his trip," one of them was heard to say. "But how to earn the forty dollars was a problem none of them could solve.

The very next day after May 30, an agent from the Local Telephone Co., appeared in the town looking for somebody to distribute the telephone directories through the town. Four hundred of these directories, and for every

one delivered he was willing to pay five cents. The Scout master got wind of this, and at once got the job for his scouts. For one week the boys worked diligently at their task, and at last they received a check from the Telephone Co. for twenty dollars. This made Uncle Eph's. fund amount to thirty dollars leaving a balance of twenty dollars to earn.

But where there's a will there's a way, and a good scout can always find a way.

But think as they could there seemed no solution for the problem. Until one day some of the boys were walking along the street and they noticed a business house burning a great mass of paper. "Here is the solution," one of the boys was heard to remark, "Why not bale paper and sell it," "Great," came from the rest of the crowd. So they began to gather loose paper wherever they could find it. From the streets, stores, homes, and factories. In less than a month they had a great mass of paper formed into bales. By the last of June they had baled all the waste paper in the city. Now came the selling. Several local junk dealers wanted to buy it so it was sold to the highest bidder who paid twenty-five dollars for it. Then the boys figured up Uncle Ephriam's money and to their surprise they had accumulated fifty-five dollars or five dollars more than was necessary for the trip, "but we will give it all to him," said one of the boys, and he can use it for spending money.

So on July 1, a bunch of smiling faced boys called on Uncle Ephiram Jones, at his humble house and presented him with an envelope containing fifty-five dollars with the explanation that he was to attend the G. A. R. Reunion at Gettysburgh. Uncle Eph. was so overjoyed he forgot his hatred for the South and everybody else.

Needless to say he enjoyed his trip immensely, but not half as much as the boys who made it possible for him to go.

History of Freshman Class

EVERY child who enters grade school has but one ambition—to enter High School. We reached our goal September 7, 1922.

The sun was shining brightly and everything was almost perfect on this eventful day. The Freshmen were about the last ones to arrive at school because they did not wish to have much time to converse with the upper classmen.

The bell rang—A grand rush was made for the assembly. The Freshmen being last to enter had to line up around the wall.

The Freshmen Class was first divided into sections. After each section had received their schedule, a teacher accompanied them to the different class rooms. This saved a lot of bother but did not entirely keep the Freshmen from giving the upper classmen a good laugh by shyly opening the wrong door.

The class of 26, upon entering numbered 236. Some of the classmates are gone, some having moved while others quit. Death took one from among us. Louise DuBois died January 31, 1923. Though she is gone memory of her will live for-ever.

The Freshmen boys showed up very well in athletics. Some were subs on the football team and have great chances for the team next year. One of the boys secured a position on the second team of the varsity during basketball season. When baseball began one of the Freshmen secured a uniform and played in some of the games. Good material will be furnished by this class next year for athletics.

The class participated in many literary contests. During the first part of the year a lecture was given at the Christian Church on "Fire Prevention." Essays were then written on the subject and some exceptionally good ones were written by Freshmen. Later on essays were written on "Values Derived from Attending Church and Sunday School." Some of the Freshie again handed in some good ones.

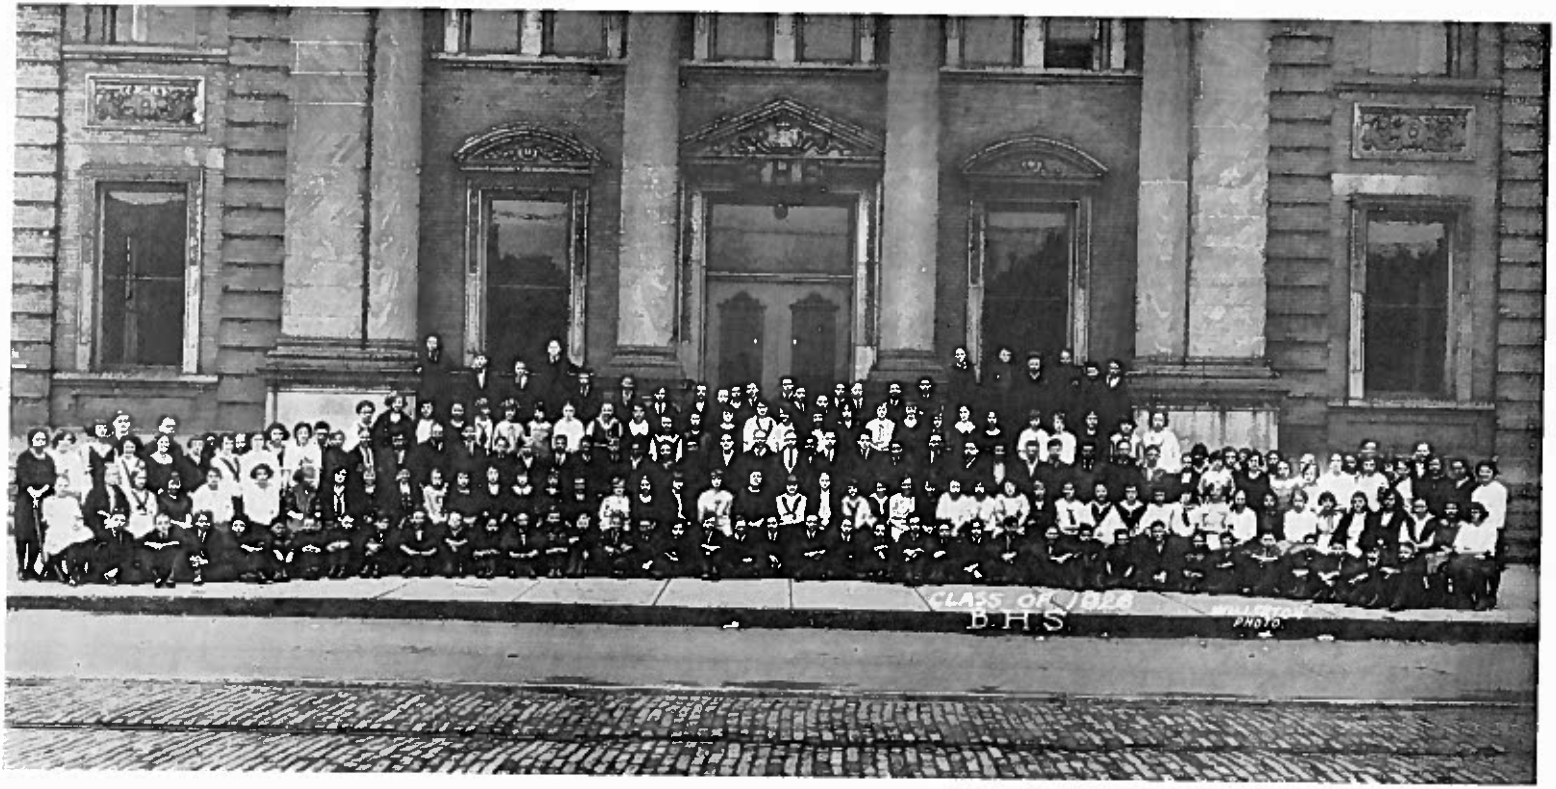

A contest between the Yanigans, Sophomores, and Hooligans, Freshmen, was held, the latter surpassing the former in obtaining subscriptions for the "Ladies Home Journal."

Shortly after Christmas class officers were elected, Helen Beetham being president, Marco Borella vice president, and Nellie Jones sec-treas. We think the officers will perform their duties very well. Purple and white were selected for the class colors.

Rhetoricals were given twice and both times a very nice program was rendered by the Freshmen.

So far a good record has been established by the class of "26" and we are hoping that the record for the last three years will be as good if not better than this one.

Helen Marling, '26.

The Haunted House

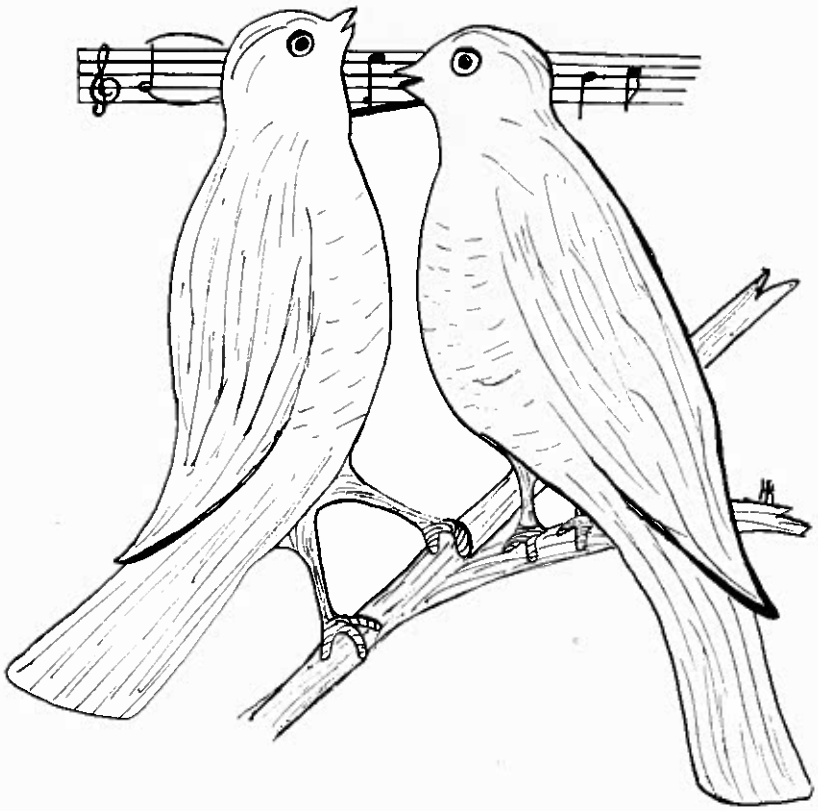

MANY years ago in the little village of Woodside, there lived a man who owned a large mansion which was situated just in the outskirts of the village. It was a beautiful place. The house was a large red brick building sitting back in the most beautiful lawn ever seen, there were two great old pines about ten feet from the house. Now this man had some trouble with this house, because every one said that it was haunted. People refused to live in it, and he would not live in it himself. He tried time after time to sell it, but no one would buy it. So finally the old man decided to give a reward to the one who would stay in the house over night. The reward was, to have the house as their own. This statement attracted much attention, people for miles around came to try their luck, but they would generally come running back into the village about midnight. One summer there was a group of Boy Scouts who came to Woodside to build their headquarters there. Then they heard of the wonderful offer they decided they would take it and build their headquarters in the haunted house. The next evening a group of twelve of the Boy Scouts walked out to the haunted house. When they reached the house, they heard funny noises and saw something white move past the window. Then following the white thing, came a black object. All the boys but one ran back to town, but the one boy decided he would stay, even if he stayed there alone.

The next morning the boys in town became worried and went back to find out what had happened to the boy. They waited outside the house until dark, but saw nothing of the boy. The boys all entered and decided to stay all night. On the mantal over a huge fire place were bones with blood streaming down on the floor. They went upstairs and went to bed. About midnight they heard someone coming up sairs, thump! thump! thump! They saw the white object and after that the black and then the other Boy Scout. The Boy Scouts had found it to be a white goat and a black cat which had chosen the house for shelter. The bones were from a chicken the cat had caught and the blood, from a wound in the goats foot. The boy got the house and moved their headquarters there.

The goat once belonged to an old farmer who died and no one took care of the goat so it finally wandered to the old house. The goat and the cat lived together in this old house, living on the food brought by the people who came and were frightened away. The goat and cat were timid and any one coming near would frighten them. But people thought they were running after them. The wind blowing through the two old pines made those awful noises.

MUSIC

Boys' Glee Club

The Boy's Glee Club organized rather late this year but it was not long until they were going fine. They took part on the program of the Inter-Scholastic Debate, and made a "big hit." They also have a prominent part in the School Operetta entitled "College Days." A number of the boys having important parts in this play.

Having started on the Operetta the Glee Clubs were very busy up to the close of school. Although we have lost several good singers through graduation, others have joined the Glee Club that seem to have just as much ability along this particular line.

On some of the programs a quartet composed of Norman Cartwright, David Dankworth, Howard Dillon, and Darrell Turner rendered pleasing numbers.

Girls' Glee Club

The Girls Glee Club is an all around club for our high school. Does it not take part in all entertainments? They certainly did this year and came through the year splendidly ending up with the operatta "College Days," which was a great success. The Operatta was held April 24, with a large audience witnessing it. The grils playing prominent parts were; Mary Fitton as Helen Jordon; Inez McLain, as Dorothy Smith, the College President's daughter; and Mary Johnson, as Miss Teale.

We have heard that music and pretty girls go together, therefore we have a fine club. Is it not so boys?

Webster Pracht.

High School Orchestra

As a result of the discontinuation of the Delphian and Utopian Literary Societies of the high school orchestra has not had as much of a chance to appear in public as it has in former years, however, the orchestra took part in all literary programs held this year. The orchestra although being handicapped by having no bass instruments has had a successful year. In addition to taking part on programs at the high school, the orchestra has played a number of outside engagements.

LITERARY

The Red and Black

OUR paper this year has been published under a different plan from that of preceding years. The High School paper has been published weekly by a staff made up of members of the four classes and as a part of our local paper. It was found that the activities of our High School could be presented to the public better and more thoroughly by this method and through the courtesy and aid of the Bellaire Daily Leader this was accomplished.

Each edition has been eagerly watched for by every student and oh—how glad we were to see Pete Creamer and Robert Russell with their arms full of paper.

Every department of the Red & Black has been ably and attractively written and we all sincerely hope next year's paper will be as good.

George Tyler and John J. Reitz—Editors for this years paper and their staff deserve all the praise given them for their efforts in publishing one of the best and "newiest" papers of B. H. S.

"Doctor, I just received your bill for the operation you performed on me. Could you cut anything off for cash?"

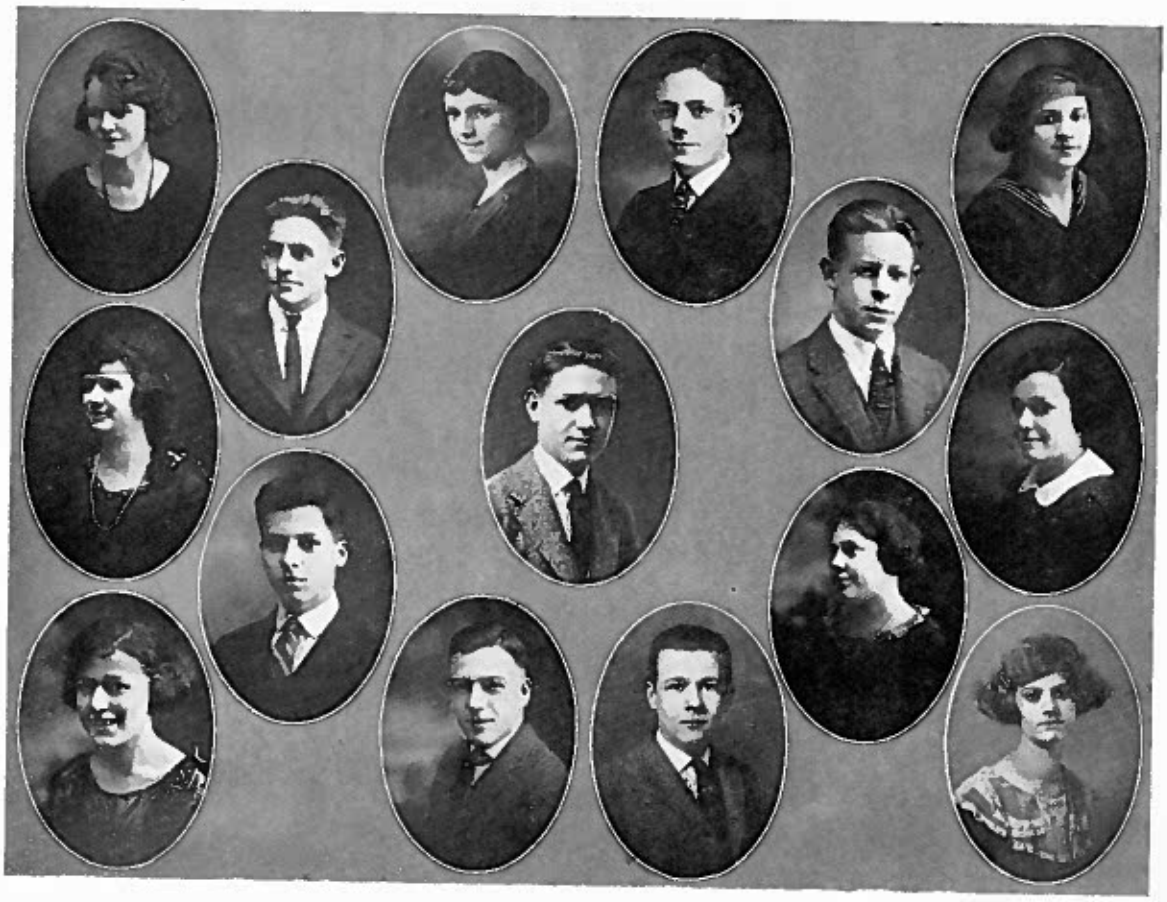

Doc: "Yes,—Americus, anything—an arm or finger or whatever else you may wish removed."

Have you ever seen:
"A blanket from the bed of a well?
A wink from the eye of a needle?
A nail from the finger of fate?
A feather from the wing of an army?
A hair from the head of a hammer?
A filling from the tooth of a saw?
A check that is drawn on a sand bank?
A joint from the limb of the law?"

Edna Warren had a cross-eyed Teddy-bear named Gladly.

Mrs. Warren: "Where did you get that name?"

Edna: "I heard them sing "Gladly the Cross I'd Bear" in church."

Junior-Senior Contest

ON TUESDAY Jan. 16, 1923, the annual Junior-Senior Contest was held. There was an unusual amount of interest taken in the contest and when it began the assembly was filled to capacity. The Juniors were represented by Hattie Lubitz, Orator, Mary Thatcher, Essayist, Genevieve Pierce, Reader, and David Dankworth, Eleanor Brafford, Louis Gratz, Albert Pearce, Debators. The Seniors Contestants were Dorothy McDonald, Orator, Lillian Hammond, Essayist, Irene Long, Reader, George Tyler, John Beethan, Wilbur Armstrong, and Nellie Giffin, Debators.

After one of the most interesting Contests in the history of the school we all anxiously awaited the decision of the Judges. It was 3—0 in favor of the Seniors. This meant that the Class of '23 has won both of it's contests. Best of luck to the class of '24 next year.

Debating Society

SOON after school began last fall the organization of the Debating Society of Bellaire High School was effected. Wilbur Armstrong was elected President, Irene Long, Vice President, and Eleanor Brafford, Secretary. The club had the largest membership in the history of the organization, there being sixty members enrolled.

During the year many interesting features were given, debates, mock trials and musical programs.

However when the debate work began in the High School interest in the society lagged as all the Junior-Senior Contestants and Inter-Scholastic debators were from this society.

We hope that the Club will be larger and more successful than ever next year and that some fine debators will be developed for Inter-Scholastic work.

The Latin Club

AGAIN this year the "Latin Club" has gained for itself a creditable place in high school activities. Under the direction of Miss Price, the Latin students bound themselves together for the purpose of studying in detail, customs of the Roman people.

At each meeting reports are given on various phrases of Roman life. Many interesting and sometimes very amusing facts have been disclosed which give us a picture of the real life of these people. We find that even today many of our common sayings, superstitions and customs have been handed down to us from that time. We agree with Solomon that there is after all really nothing new under the sun. The members are so enthusiastic over their work that they have chosen for themselves Latin names.

The officers for the year are Myers Creamer, president, Catherine Grafton, vice-president, and David Dankworth, secretary-treasurer. The success of the club is in a large measure undoubtedly due to the efficient manner in which they have performed their respective duties; and to the work and efforts of Miss Price.

"This one thing I do forgetting the things which are behind and reaching forth to the things which are before, I press on."

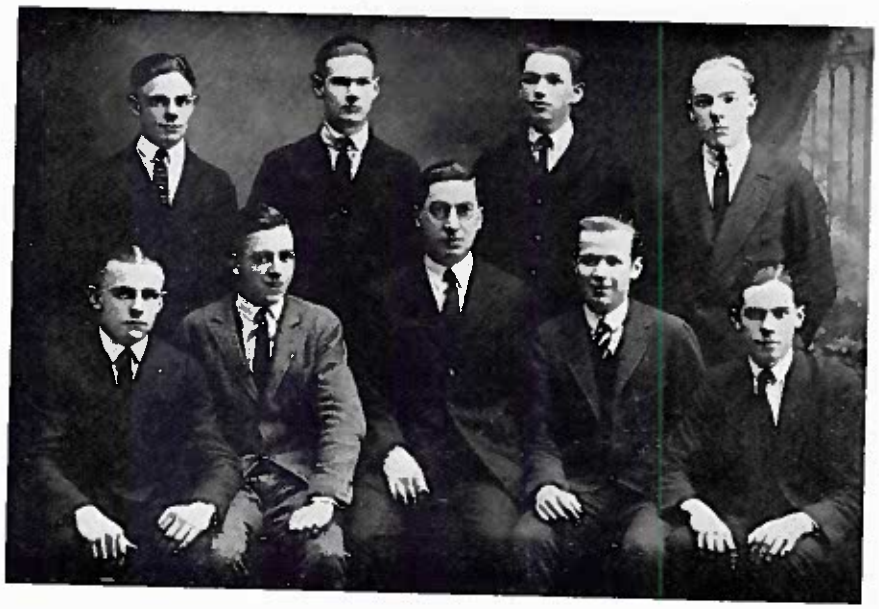

IT WAS with this in mind that the new cabinet started out on its second years work. They resolved not to be like the ostrich and hide their heads when they came in contact with some new difficulty, but to take up the work, which was so splendidly begun by our first cabinet, with a new vim and vigor. Our first move in order to increase our financial standing was in selling refreshments at foot-ball games. At Thanksgiving time baskets were given to the poor of the city as had been done before, but at Christmas a different plan was carried out. The girls decided instead of giving a little here and there to several families that they would give one family a real big surprise for Christmas. It not only brought joy and gladness to the hearts of the family but also to the girls who co-operated so beautifully with the cabinet.

Interwoven among these special occasions were splendid meetings not only inspiring but also uplifting. And it was because of the congeniality and willingness in which every girl took part that made these meetings possible

The Y. W. C. A. decided upon giving the play "Miss Fearless & Co." this year to provide the funds necessary to send a delegation of girls to the Y. W. Conference this summer.

So it is that we come to the close of our second year of Y. W. in the High School with the satisfaction of knowing that we have accomplished all that was expected of us, and we only regret that we could not have done more.

With the new cabinet in mind, we (the old cabinet) feel that still great work will be accomplished next year.

Hi-Y Club

UNDER the supervision of the Y. M. C. A. of this city a new club was introduced into the High School. Eight boys of the High School attended and Older Boys Conference at Akron, Ohio, in the latter part of November. From these eight boys the Hi-Y received it's start under the adult leader Mr. J. Royce Brown, Y. M. C. A. Secretary of Bellaire. From these eight boys Wilbur Armstrong, was chosen President, John Beethan, Vice-President, and Myers Creamer, Secretary-Treasurer. At the present time there are eighteen members.

The purpose of the club is to "Create, maintain and extend throughout the school and community, high standards of Christian character."

The Hi-Y has a weekly High School Bible Class that is conducted by Mr. Nelson. This being the first year for the Hi-Y a splendid outlook is planned for the future, as it is one of the strongest and most successful Clubs in the High School.

SPORT

Football

WHEN Coach "Bill" Galberach, formerly of Kenyon College, issued the call for football practice the first day, about forty men responded. A number were turned away on account of lack of equipment. With only three of last year's men McMasters, Buttita and Snider, back Coach Galberach set out to make a team. After three weeks of practice the season was opened at Bridgeport which Bellaire won the score being twenty to nothing. The work of several new men was in evidence during the game. Matthews at center and Plahuta at Quarter played like vetrans. Maloney, one of our mainstays was hurt in the first few minutes of play keeping him from playing for about six weeks. Snider, one of last year's men suffered an infury to his leg which kept him from football the rest of the season His loss handicapped the team. Coach Galberach tried out almost all of his men in the game.

The next game was with Shadyside which resulted in a tie. Bellaire however, had the ball in the enemy's territory almost all of the game and would have won had they another minute to play.

The next game we lost to Steubenville and, winning and losing alternately we came to the Wheeling game. The day was fair and slightly chilly ideal football weather, and one of the largest crowds in history was there to witness the game. Bellaire lost but only losing because the breaks went to the other side. Even after the game everybody seemed satisfied for, for the first time of the year Bellaire played football.

The football season should not be closed without mentioning the fighting spirit of Captain McMasters and Captain-Elect Buttita. We also wish to mention the other seniors, Maloney Henderson, Plahuta, Garret, Matthews Franke, and Glasser and we wish for them the best of success wherever they may go.

Miles—Miles played center this year and will be back next year.

Harris—Another protege who was a star was Harris. "Chickens" floor work was excellent. He showed great spirit in every game and was always in the fight. This is "Chickens" first and last year with Bellaire. We wish him success.

Hadley—Hadley played Basketball like football always fighting. He was one of the best defensive guards in the valley. "Mickey" liked to grab the ball from the backboard and advance it up the floor. Although this was Hadley's first year he showed them how to play real Basketball. One good thing is that he will be back next year.

Timberlake, Hill, Pearce, Humphrey, Kreiter, Reed, Brown and others deserve much credit for remaining out all season and helping to turn out a winning Basketball team.

Summary of the Girls' Basketball Games

OUR first game was with Shadyside at home. At the end of the 1st half the score was 16-5 in our favor. The playing of our guards was fine as they held the Shadyside team to only 1 field goal. The game ended 19-8.

The game with Woodsfield proved harder. The first half which was played with 6's ended 5-0 in our favor. During the second half the game was played with 5's and Woodsfield only point was made at this time on a foul. The game was featured by the playing of both teams' guards. The score 7-1.

The third game was played at Triadelphia where our girls were beaten by a 21-20 score. The game was interesting throughout, though, and it was only in the last half that Triadelphia made most of her points. Vogel at center played a good game, while in but was out on personals the 1st half.

The next game was considered a great victory for Bellaire as our girls defeated Steubenville for the 1st time in years. That night our girls determined to win and they did. Too much credit can not be given to Boyer and Vogel, the guards, as they certainly worked hard. But then the centers and forwards deserve mention, too, because the game could not be won unless baskets were made. The score at the end of the half was 18—8 but in the last half the Steubenville team came up and the game ended 23—18.

The next game was played at Wheeling. Here is where our girls won another great victory. The game was a thriller throughout. First one team was ahead and then the other but our girls led by a 13—5 score the first half. Then the Wheeling girls got scared and started to fight. They caught up with us and at one time they were a point or two ahead and then we were but when the whistle blew our team was on the long end of a 20—18 score. Meek put up a wonderful game.

The next game was with Triadelphia at the local gym. Our girls outclassed the first half and it ended 18—5. All looked dark for the Bellaire girls but when the second half started you could see there had been a conference with the coach. They got back their old fight and were coming up so that had the game lasted 3 minutes longer the game would have been theirs. Our girls surely had them outclassed the last half. The score 23—18.

The next Woodsfield game was played there. Our girls beat them 23—10 but the forwards had to work hard for every basket they made as Woodsfield has good guards. The next game was an easy one—for Steubenville. After beating Steubenville on our floor our girls went up there to be defeated by a score of 23—10.

The following Friday night the first Martins Ferry game was played at the Elm Gym where our girls beat them 20—18. The first half was played

6's which ended with a 14—13 score, Martins Ferry on the long end. Th last half the game was played 5's and our girls got up their old fight and defeated them.

The next game was a heart-breaker. But then Wheeling only beat our girls when nearly the whole first team was put out. The absence of Stella Boyer, guard, was very keenly felt. The Bellaire girls were not used to Wheeling's style of playing and were beaten by a 14—9 score after leading by a 6—3 score at the end of the first half.

The next game was against Martins Ferry at the Gravel Hill Gym wher Bellaire beat them 26—15. The first half was played 6's and at the end of that time our girls were leading by four points. Vogel, in Yost's place as forward, secured most of the team's points. The second half was played 5's. During this time a change was made in the line-up when Vogel took center and Yost took her place as forward. During the last few minutes o play the entire second team was put in.

The next game was with the Ex-High Girls. The game was no more than started than 2 goals were made for our side. It looked as if the game was going to be a walk-away. But the Ex-High got to work and the score at the end of the half was 10-4. The next half was played with 5's and our girls ran away with them the game ending 22—8.

On the next evening our girls journeyed to Bridgeport to play that team. Our team had to play 5's and it was a tough battle as those girls were determined to win, but so were ours. Several of the Bellaire girls were put out on fouls but nevertheless we won the game by a 22—10 score.

The final game of the season was played as Shadyside. They gave our girls more trouble than was anticipated and the score was 7—7 at the end of the half. During the second half the Shadyside coach insisted we play 5's not knowing we could play 5's better than 6's. Although our girls had had no practice that week at 5's they turned and beat them at their own game 20 to 18. The work of Boyer and White was the feature of the game.

ARE YOU PREPARING FOR SUCCESS ?

Your success in life will depend largely upon how well you are prepared. When you decide to go to college, you are taking the most important step to assure your future.

MARIETTA COLLEGE has been training men and women for success since 1835. Many of her graduates are known leaders in business and the professions in all sections of our land. Marietta—historical in name and achievements—is a leader in high standards and policies which mean the most to students.

MARIETTA COLLEGE is located in beautiful old Marietta where one enjoys life while in school. Well equipped buildings, laboratories, dormitory, library, etc., and the faculty is made up of experienced professors—young men most of them—who work closely with the students.

The cost of attending Marietta is very reasonable. The requirements high. Only select students desired. Write for catalogue and illustrated literature.

SUCCESS OR FAILURE,

What shall it be?

"If I wanted to become a tramp, I would seek information and advice from the most successful tramp I could find. If I wanted to become a failure, I would seek advice from men who have never succeeded. If I wanted to succeed in all things, I would look about me for those who are succeeding, and do as they have done."
