BELLAIR'S NEW HIGH SCHOOL

THE OLD GIVES WAY TO THE NEW

Bellaire high school is to have a new home by September, 1925. The building will occupy all the available space south of the present high school building and the Christian Church to the City Park. The building will face the Park and will extend from Guernsey Street to Belmont Street, a distance of 256 feet. The new building will be handsome in appearance, consisting of three stories and a basement. It will be constructed of mingled shades of red tapestry brick trimmed in Art Stone. In it will be a fine combination gymnasium and auditorium with a seating capacity, when the balcony is complete, of more than fourteen hundred. Also better facilities will be provided for the teaching of industrial arts as well as the traditional school subjects. The building when complete will accommodate from eleven to twelve hundred students.

In order to secure the site for this building, it has been necessary to wreck the old brick row, the old Central school building and to remove the houses from the Rowles and Roeder lots.

The Central school building had been in continuance use for fifty-three years and was the original home of the Bellaire high school. The high school was established about 1876 with first graduating class in 1878. In 1904 the present high school building was erected and the high school was moved. By 1915, the building was so crowded that a part of Central was again taken for high school classes. Every year more of this building was used so that by 1923, all the rooms but three were in use by the high school. But even then with this space, congestion was so great that the Board of Education submitted a bond issue to the voters for a new high school at the November election. The issue was authorized by a three to one vote.

The last school sessions were held in Central on March 21, 1924. When school resumed on March 31st, half day sessions were begun in the high school. These must be continued until the new building is completed.

To
COACH WILLIAM E. GALBERBACH

We, the Class of Nineteen Hundred and Twenty-five, respectfully dedicate this, the sixteenth volume of the Beljuan, in appreciation of his services to our High School.

Greetings

TO ALL THOSE WHO ARE INTERESTED IN BELLAIRE HIGH SCHOOL AND HER
RECORD FOR THE YEAR NINETEEN TWENTY-THREE—TWENTY-FOUR.

The publication of this annual has been due to the hearty co-operation of the Board.

We have attempted to please all our readers and hope to meet the approval of all who are interested in the welfare of our Public Schools.

Having achieved this ambition, we now wish to thank those who have aided us greatly, especially our advertisers who have done their share by giving us their advertisements, also those who have contributed and aided us in many other ways.

MARHEA ABEY

Marhea is the modest little girl who believes that "silence is golden". Somehow she seems best fitted for a kitchen in a sweet little home, but as she aspires to teaching, all we can do is to sigh and murmur "lucky kid".

PAUL ALBRIGHT

Paul hails from Cash Hill and is all that his name implies. He can always be found plugging away at his studies, which assures us of his standing in the following years. It is certain that if we would imitate him in grit alone this would be a different world to live in.

MILDRED AMBLER

Class Basketball
"Lessons Never Worry Me."

Mildred is one of our wide-awake students who believes in keeping up with the crowd. Whenever there is a good joke, she usually has something to do with it. She doesn't let her partner (H. G.) do all the work either. Mildred always lets you know when she is around and will surely go through this world making many friends.

HARVEY ANDREWS

"Geneva"
Class Basketball
Basketball '24

Harvey has eyes for no girl except Geneva, but for all that he has been a credit to B. H. S. Harvey never says much but a little bird let out the fact that Harvey adores playing basketball and doing shorthand. He is a favorite with his teachers and we will miss him greatly.

MARGARET ANDERSON

"Mickey"
Winner Lincoln Essay Contest '24
Second Honor Student '24

Enter—a girl of whom B. H. S. is sincerely proud, one whom every one is truly lucky to call a friend. She is a prominent leader of the Y. W. and in fact, is one of the ablest pupils of her class. We can see her in the future as a great leader in any field which she enters, for Mickey is very clever, very original, and whatever she undertakes is sure to be a success. Don't think that Margaret is a real, real prim kind of girl—she loves fun and not only has a good time herself, but the minute she enters a crowd everyone seems to feel different and has a much better time because of her presence.

ELWOOD ARTER
Orchestra '24

Elwood is one of our bright commercial students. He is also woman proof??? To be sure we do not know what Elwood's goal is, but we do know that he will not be in any way a failure.

DORA BAKER

"Never worry and get a wrinkle.
Always smile and get a dimple."

A dear little soul, who gives the impression of a very pessimistic person, but when you know her, she is entirely different. By her jovial expressions she can keep you laughing for at least half an hour at a time. Even though she has told all her teachers that she would like to have a position as a stenographer, don't you be surprised at hearing of her going East and getting "Ham".

VERA BASS

Glee Club '23, '24.
Junior-Senior Contest '24.
Y. W. C. A. '22, '23, '24
Class Orator '24

Vera is one of our commercial students whom we could not do without—not only in class but in the Y. W. work. She is liked by all who know her because of her happy disposition and sunny smile. As she is very popular with a senior we predict a "broom and dust pan for her."

ELIZABETH BERRY

Elizabeth is one of our many students who hails from "down the river regions." She is nearly always prepared to recite but she is always ready to talk. She talks no matter where it is but most generally it is in class. We wonder if Elizabeth is always so noisy.

ELEANOR BRAFFORD

"Dance and be merry while ye may."

If you have never heard anyone giggle just come around sometime and we will introduce you to Eleanor. If you get her started you will nearly explode before she is through. She is one of the most popular seniors and has proved to be of great value to the basketball team.

WILLIS BROWN

Baseball '24

Glee Club '23, '24

Willis has been with us but a short time but he has certainly been very successful in winning friends and helping B. H. S. To begin with, he helped to organize the present Hi-Y Club. In the future we will certainly hear of him as being a success for he is surely a fine fellow.

DONALD BUTLER

Baseball '23, '24

Don is one of those fellows who is sure to succeed. He is a smiling, good-natured fellow and a very valuable member of the senior class. As he is very popular with a certain senior girl we predict that he will not travel life's road alone.

HELENA BURKETT

Class Play '24

Helena is very well known around the school and will be missed when she is gone. As an actress she is a wonder, especially in taking the funny character. As Helena is going to college we expect to hear much of her during her college days. She has decided to be a teacher and who knows but what she will sometime be teaching in dear old Bel-laire High.

EDGAR BUMGARDNER

Red & Black Staff '24

Edgar is a pleasant fellow with a smile for everyone, due probably to his affection towards the opposite sex. He is greatly interested in bookkeeping and at the same time is leading a life chuck full of typewriting, as he does a large amount of work for the high school paper. His future can be nothing but a total success.

DICK BUTTITTA

Football '20, '21, '22

Class Play '24

Captain of Team '23

Dick was our football captain and he certainly filled his position well. During all the games we could hear him urging the boys on by his enthusiasm and putting fight into his teammates. But that is not all for Dick is a very good student in B. H. S., and we all want to see him succeed. You should hear him sing his favorite song, "The Two Grenadiers". Good luck to you, Dick, and the best that life can give.

MARY CARTNAL
 "Glee Club"
 "Red & Black Staff '24"

Martha is one of our most successful commercial students. She is adept in every department of the commercial work. Not only that but she has a winning personality that charms everyone (even John). With these talents how can she help but have a successful future?

NILE CANADY

"Oh, how I love my books—shut". That is Nile's daily motto and he lives up to it. Nile is the one who loves to shun the fair sex (?). We don't think he will use his commercial training very much for he seems to be more interested in running motion picture machines.

HAZEL COULTER
 Operetta '24
 Glee Club '22, '23, '24

Hazel is one of the many varieties of strawberry blondes. As a humorist she is a star. She is a commercial student and has high aspirations in the business world, but anyone who keeps his eyes open and watches will predict something sweeter for her than that.

EDWIN CORBETT
 "Rip"

Rip is a star commercial student who always makes a lot of noise (?) and always has a lot to say (?). To all the fellows he is a friend. To those who do not know him—a good-looking chap, of medium height, who hails from a certain district south of town. He will undoubtedly keep up his excellent work.

JOHN COX
 (Shiek)
 "Hi-Y"

John is very quiet (?) in class but usually has his lessons. His one ambition is to become a doctor and he intends to enter Ohio Northern College to study for that profession with two of his pals. We are sure he will succeed as he has succeeded in his other work.

RELLA CROOKS

"Smile, and the world smiles with you."

Rella is one of those slim, graceful girls who likes to study the fashion plates. We have often wondered where Rella got her smile for there are many who would like to acquire a similar one. She believes in studying, but not too much.

DAVID DANKWORTH

Class Play '24

Dave is a student that B. H. S. will not forget very soon. He certainly is a real debater. He has been in both the Junior-Senior and Inter-scholastic debating teams for two consecutive years. Dave certainly has been a splendid cheer leader because of his ability to put enthusiasm into a crowd. He has been one of the most loyal workers that the Hi-Y, Orchestra and Glee Club have had.

RALPH DAVIS

Ralph is from Winding Hill. He is a commercial student and is a great favorite especially with the teachers of B. H. S. He is a jolly fellow and always into some mischief. He will succeed because of his good nature.

ELIZABETH DANIELS

Elizabeth is another very quiet girl who always has her lessons. She is a hard worker in whatever she undertakes and never quits until she has done the best that she can do. She is the kind of girl that this good old world needs, one who will stick to the finish and never give in. We expect to hear much of her in the future.

JENNIE DEAN

Jennie hails from Avondale. We often wonder how they can make them so quiet for she is seldom heard until called on for a recitation and then you know of her presence for her lessons are always well prepared. The past is enough evidence for what is to come.

FREDA EMMERMAN

Freda's chief aim in school seems to be making witty remarks. She does not appear to care much for the opposite sex, but still, she is of the "I might be your-once-in-a-while" type. She is a good sport and will be long remembered after she has gone to take up her life work.

JAMES EVANS

"Jimmie"

Jimmie is very quiet while in school, but when he does speak he knows what he is talking about. Although he is quiet, he possesses a fine characteristic, a keen sense of humor. We are unable to find out what he expects to do in after life, but we are sure he will succeed in anything he undertakes.

MARY FITTON

Class Play '24

Here comes Mary—the same old Mary wherever we see her, always laughing, always cutting up, and always displaying a sparkling, witty line of conversation. Her suitors are many and varied, and she is quite a little lady when it comes to camping. She has won quite a reputation in amateur theatricals and some day we may see it, "Mary Fitton, Super Attraction," on a billboard.

"Sparkling, witty, full of life,
But could she make a model wife?"

EDNA FLEMING

Glee Club '22, '23, '24

Y. W. C. A.

"I will ever be mild and gentle in my speech, for such a manner becometh me."

Edna is a very successful commercial student and we are sure she will also be successful in the business world. If she has young men callers she must keep it a secret because we have never heard of them. But her friends will tell you that she is responsible for this, as a girl with a personality like hers need not worry about such matters.

ALFRED GARRETT

Red & Black Staff '24

Hi-Y

Baseball '24

Junior-Senior Contest '24

Inter-scholastic Debate '24

Class Play '24

As the above indicates, Alfred did not discover that he had oratorical ability until his senior year. But he certainly has made up for lost time. He hails from Glencoe and must spend his time going to and fro in reading jokes for he always has a supply on hand. However, he can be serious in class and always has his lessons.

LOIS JONES

Treasurer Senior Class
Beljuan Board '23
Glee Club '23, '24
Class Play '24
Operetta '24

"Good things come in small packages."

Lois is one of our many little girls of B. H. S. With her light hair and blue eyes "she could certainly win any man's heart." Wherever you go you can see her happy smile, and always trying to help someone else. She is a girl whom our high school is unfortunate in losing, and one that we will never forget.

LESLIE JOHNSON

"Les"

Les is a studious commercial student with an ever ready smile. He is a jolly good fellow who is always in for a good time. Although not athletically inclined, his ability has been shown to us in many other ways. He, too, has much to look forward to.

MILDRED JOHNSON

"Milly"

Class Basketball

"I could do without a lot of things in this world, by gum, but I could not do without my chewing gum."

Mildred is one of our successful commercial students and we feel certain she will be a success in business if someone does not interfere. She likes to have a good time and still more has it. We wonder if Milly will always be as fond of her chewing gum as she is now.

GERTRUDE JOHNSON

Gertrude has many friends and no enemies, which is quite a distinction in this day. She has the reputation for good fellowship among her classmates. We wish her success in whatever she undertakes.

ROBERT JOHNSTON

"Bob" "Red"

"If one will never work
One need never shirk."

Bob is one of the 57 kinds of strawberry blondes in the class of '24. He is one of those studious and dignified young men. (??) (You'd be surprised!) He seems to think a lot of the office for he spends a great deal of his time there. We do not know what Bob wishes to be, but we are certain that "single-blessedness" is not his motto.

MILDRED KILGORE

"Milly"

Red & Black Staff '23

Mildred is one of our studious commercial students. She is good natured and has a ready smile for everyone. We expect success in whatever she may attempt, but we predict that she will keep house before long for one who is very fond of her.

"Best wishes, Mildred."

EDGAR KING

"Kinky"

Edgar is the ambitious student who informed Miss Miller that he could not speak and think at the same time. We will never forget the day when Edgar planned to have a "Liars Banquet" in Public Speaking class. However, we all join in wishing Kinky the best that life can give him.

VICTOR LINEK

"Vic"

Hi-Y

Class Basketball

Everyone is expecting Vic to be a huge success in life as he has already proven his ability in school. He is known and well-liked by all. He is a shorthand star, and in his other classes he also has an exceptionally good standing.

GENEVA LONG

Glee Club '22, '23, '24

Y. W. Cabinet '24

If you don't know Geneva you are missing a lot. Under her dignified senior pose she is always ready to see a joke. Geneva is after all one of our best commercial students. Her motto seems to be:

"To work means success

Success means work.

I'll do my part and force neither

Will I shirk."

WILLIAM MAKOFSKY

"Bill"

Junior-Senior Contest '23

Champion Typist

Red & Black Staff '23

Third Honors '24

Bill is one of the most popular commercial boys and has shown up exceptionally well in all his classes as well as on the platform when he brought fame to the seniors in the last Junior-Senior Contest. With his past record we need not worry about his future, and it is certain that he will not have to go very far in life without a partner.

ARTHUR MATTHEWS

"Buddy"

Football '20, '21, '22
Class Basketball '20, '21, '22
Basketball '22, '23
Baseball '23

Buddy is one of our commercial students who has helped B. H. S. in her athletics. He played center in our football team and both guard and forward in our basketball team, giving a splendid account of himself in those games. He always has a smile for everyone especially for a certain person in the class of '23.

FLOYD MEEK

Floyd is such a quiet boy that we hardly know that he is around. He is a commercial student and seems to study very hard. In Social Problems he is a star. Ask some of those who are in the same class. We wish him success in all his undertakings and hope to hear of him in the future.

GEORGE MEEK

George is one of our popular college preparatory students. When not down at "Dankys" he can usually be found strolling with a certain little sophomore. For his future life everyone thinks he is slated to be a doctor, but who can tell? We know it to be a fact, though, that he will make a fine husband for someone.

NANNIE MILLER

Glee Club
Class Basketball
Class Play '24
Operetta '24

Nannie is one of the members of this class that comes from Avondale. We are glad that she decided to come to our school for the class of '24 would be minus a bright pupil if she had not. Nannie claims that she is going to be a school teacher the rest of her life. Of course we hate to doubt her word but—we wonder!

MARY MILLS

"Nice to walk with, nice to talk with."

Although Mary has just been with us this year we feel as though she has always belonged to us. A smile and a kind word for all has gained her many friends.

CARL MOFFIT
 "Moffit" "Hazel"
 Class Basketball '24
 Football '23

Carl is a very studious and bashful fellow (?). But despite his bashfulness he has made many friends, and we are sure he will make many more. We don't know to what higher institution of learning Carl is going, but another year will probably find him in a school of engineering. We are sure he will make good.

FRANK MONTGOMERY
 "Red"

Red is one of our strawberry blondes who hails from the country south of Bellaire. Red studies a lot and so he does not have much time for social affairs. We do not know what profession he intends to follow, but we know he will be a success.

HELEN MORRISON

"Her voice is ever soft and sweet
 Like the soft sighing of summer winds."

Helen is one of our very bashful young commercial students. She always knows her lessons, but is continually blushing when called upon to recite. Although she has not definitely decided what her future will be, we are sure she will not travel life's pathway alone.

HELEN E. MORRISON
 "Pete"

Glee Club '21, '22
 Class Play '24

Although many people think Pete rather quiet and shy, they always change their mind, when they really know her. She is full of fun and one of the best companions imaginable. She has one characteristic though—a strange one. She is passionately fond of hair with a reddish tinge to it,—and people who have it. She has taken part in Y. W. plays, is quite a musician, and is noted for her candy making. We see her in the future, playing the piano and making fudge for some lucky red-haired fellow.

LOUISE McCONNELL
 Orchestra '24

Although Louise just came here this year she has made many friends. As she is very talented, don't be surprised if some day you hear of her playing a violin in a big orchestra. But still you can never tell, she may be more successful in making a happy home.

ANNA LEE McFARLAND

We give to Anna Lee the honor of being one of the very mischevious girls about school. She flirts outrageously and carries on many spirited conversations. (With a certain senior boy). Not that she flirts all the times, oh, no! She is a very apt pupil and makes brilliant recitations—once in a while (?). She is chuck full of humor and if you are feeling blue just strike up a conversation with her—and then laugh yourself to death.

EMMA McGRAW
Glee Club '22, '23
Y. W. C. A.
Class Play '24

Emma is one of the most popular girls in the senior class. She is ready to listen to or invent a joke. She tells us she is going to college, but ask Tom how long. No matter where, we know she will be happy and make others around her happy also.

DORIS McKEEN

Doris is a member of the commercial department. By the look of her report she is a very industrious student, and some say that she will be a teacher before long, but who can be sure that sure will be her fate? She has a smile for all and is very well liked by everyone.

WALTER McNABB "Nabb"

Orchestra '23, '24

Walter is always ready for a good time, even though he is very thoughtful (at times). He has been spending his spare time at "Dankies". Who knows but what he will be Bellaire's leading druggist sometime in the future? But with such a good standing with everyone, especially the ladies, he will be sure to succeed in whatever he may attempt.

GRACE McMAHON "Rich"

Glee Club
Senior Honors '24

Grace is the bright commercial student who at one time received a certificate for her diligence in typewriting. However, her diligence stands a good chance of being rewarded by "Rich" the owner of a kitchen in which she is destined to make jelly and other good-ics.

RALPH NEFF

"Neffie"

Glee Club '23, '24

Basketball '23, '24

Orchestra

Class Basketball '21, '22

"Neffie" is one of our college preparatory students who someday is bound to get to the top of the ladder of life. Like all boys he has his hobbies, which are glee club, orchestra, basketball and class basketball. We all admit, "Neffie", that they are fine even if you did forget to take a trip to N. C.

INEZ NELAN

"Mickey"

What would this school be like if we could not see Inez's cheery smile? She seems to be always happy and no wonder for if you have noticed there are indications that she will not remain Miss Nelan very long. Inez is very studious and always has her lessons and therefore gets good grades for her efforts. She is always willing to help a person in need. We know that she will be very happy and make a wonderful partner for a senior boy.

ZELDA NELSON

"Larnie"

Glee Club '22, '23

Class Basketball

"I love me."

Zelda is a commercial student and one of the most loyal supporters of the class of '24. When the opportunity arose, she was always ready to do her part. She, too, is a faithful friend and all the friends she has gained in B. H. S. wish her success in whatever line of work she pursues.

Fortune has surely smiled out loud on Vivian. She possesses not only extraordinary good looks but one of the sweetest and most winning personalities one could think of. If we were to sit and just look at her, before she even spoke to us we would find ourselves liking her immensely, but the instant she smiles that Irish smile—we're head over heels in love with her. Lucky indeed is the one who wins this fair lass, for a more charming one could not be found.

ALBERT PEARCE

"Al"

Albert is very well known around school and always has a smile for everyone. He is especially honored by being chosen to speak at the commencement. Although he is very studious he is also a good all-around sport. We shall all miss him very much when he is gone, but in the posters of the future we shall read his name amid glaring lights.

GENEVIEVE PIERCE
 Junior-Senior Contest '23, '24
 Editor Red & Black '24
 Valedictorian of Class '24

"Give the world the best you have."
 Leave it to Genevieve to put a thing through. She surely has been true to her class. She is very studious, and also has proved successful in her social affairs. Genevieve is one of the dignified little seniors and we predict for her a great future, and a "world of happiness" in a cozy little bungalow with—?? ?

WEBSTER PRACHT

Webster is a very dignified chap. He is a fine student and has much musical ability. As a violinist he can not be beat. He will be greatly missed in the years to come in B. H. S.

BESSIE RAMSAY

Bessie is a very dignified senior with a ready smile for everyone she meets. We are proud to have her in the class of '24. She is very pleasant and we are sure she will always be welcome wherever she goes.

ROSA RATAJCZAK

Rosa is a very studious miss who comes from Neff. She seldom has anything to say except at noon when a crowd of seniors discuss their affairs in the assembly. Even though she says little, a pleasant smile is always ready for your greeting. Probably when Rosa leaves B. H. S. it will not be for long because we expect to hear of her taking Miss Mansell's or Miss Palmer's place.

"Silence is golden."

W. and is always there with a cheerful word and helping hand. She has a beautiful voice as we all discovered when she proved a wonderful success in this year's Operetta. For the future, we wish her unlimited happiness in whatever she does.

"A maiden fair with golden hair,
 Hazel and — will make a fine pair."

HILDA REINHART

Hilda is one of our studious, thoughtful commercials. She is a good-natured girl with a smile for everyone. She is well liked by all, especially the opposite sex. Her work has been very satisfactory and we predict a very successful future for her.

CHARLES RICHARDS

Gee! but I'd give the world to see — —?

Punkin is a very dignified and reserved young man. When we see him gazing out of the window thoughtfully, we often wonder if he is planning a bright future. Punkin has shown his colors as a football player. We all agree that he has a bright future ahead of him.

ALBA ROMAN

Alba is one of our studious out-of-town pupils. She is little heard but when she is, it is worth while for she believes in knowing her lessons. As to her future, we are not certain but we know she will succeed in whatever she undertakes.

GEORGE SHERRY

"I love the ladies—God bless 'em."

George is one of our brilliant French students. When he comes to r's he rolls them majestically. He is very popular and his smile is catching. He is also a wizard at playing the slide trombone and so we look for his future in musical circles.

JOSEPH SHEBERT

"Joe" "Madeline"

"Madeline, Madeline, why worry me so? When you know I'm pining to be your —?" Joe hails from the sunny town of Glencoe and has traveled over the roads leading from that place to Bellaire diligently in search of a desired education. Madeline used to keep Joe in a turmoil but we hope she will settle down to his satisfaction.

NORA SMITTLE

"Norie"

Nora is one of the pretty girls in the senior class. Not long ago she had her long tresses cut off. I wonder why? Those who know her best say she is lots of fun. Nora has not said what she intends to be but we know she will not fail in whatever she undertakes.

REGIS STACK

"Stackie"

Some say that Regis is very noisy. Although the first year he did have the teachers worried, I am sure you all agree that he has quieted down this year and studied a little harder. He has only been with us two years and school will not be the same when Stackie and his funny laugh can not be heard.

GERTRUDE STEWART

"Get your lessons, play afterward." Gertrude is a girl of whom Bellaire High must need be proud for she has shown determination to trample down difficulties. There is no one who can say that she has ever caused the faculty trouble by her misbehaviour.

ELIZABETH STRAUGHN

"Betty"

Glee Club '21, '22, '23
Operetta '24

Here we present to you one of the most popular of all the many belles of B. H. S. Everyone certainly agrees that Betty is a good all around sport, one of the most active girls that exists. What can't she do? She sings divinely, makes wonderful hot fudge, sundaes, swims like Annette Kellerman, can carry on a very interesting conversation, always has her History lesson (?) and vamps everyone in sight—girls and grandads included. If we were to sing her praises, perpetual motion would be solved. Oh yes, she is very fond of athletics—she actually dominates the superior athlete in school.

ALMON SUTTON
Orchestra '23, '24
Glee Club '23, '24
Red & Black Staff '24
Quartette '24
Operetta '24

Almon is another talented musician of B. H. S. How he will be missed when he leaves, especially in the orchestra! He is very well known throughout the high school and with the help of a certain senior will be sure to climb to the top of the ladder.

Sax made it,
Almon plays it.

MARY THATCHER
Junior Contest '23

Mary is a very quiet girl considering that she is a blonde, most of whom are chatter-boxes. She is very bright and the teachers are all aware that she knows her lessons and can answer any question. She is very active around the school and always does what is asked to do. She has much talent at her disposal and we know that she will make a wonderful success in later life.

WILLIAM B. TAYLOR
"Hound" "Sheik"

William is one of the most loyal sons of B. H. S. He is one of those fellows, who tends to his own business, limits his association (mostly) to his classmates and lets the rest of the world wag on. He is sometimes struck with a rather sportive inclination. Very few of us have ever seen him with a girl but—"it's hard to tell."

WILMA THOMAS
Class Secretary-Treasurer '23
Class Secretary '24

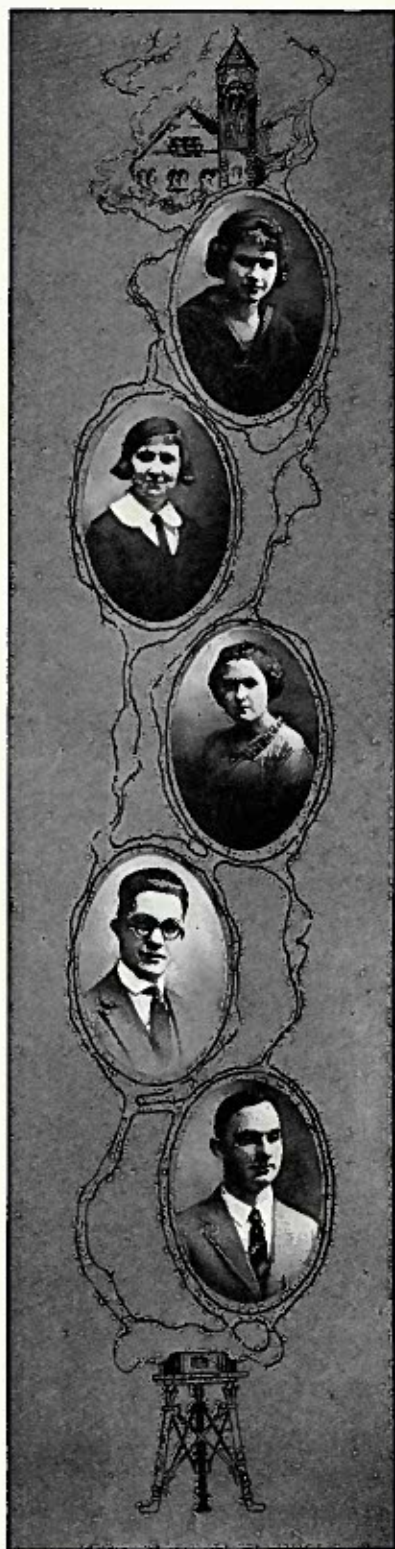

Wilma is one of our commercial students whose name is always found on the honor roll. Her sole ambition seem to be a book-keeper and from her past record she will make a good one. Throughout her high school career she has worked hard and will certainly be rewarded sometime if she keeps up her excellent work.

DOROTHY UPPERMAN

Here's to her who will settle in life,
Making Cecil a sweet little wife.

Dorothy is one of the reserved commercials who has shown great skill in taking dictation. Although the shorthand teacher does all the dictating now, we feel certain that at some future date, not far distant, a certain young man will relieve him of this task.

MARGARET STRONG
Y. W. C. A.

Margaret is one of our commercial students. She has a pleasant smile for everybody and is one of the happy-go-lucky kind who takes things as they come. Some say she only stops talking to eat but we believe this is rather exaggerated although she does talk quite a bit. Margaret has not said what she intends to do but we know that she will bring joy to someone.

CATHERINE WARREN
Y. W. '22, '23, '24

Catherine is a girl who is very well liked by all. She is care-free and jolly and refuses to worry about anything. She is the kind of a girl who fits in any circumstance and so we are sure that she will meet with success in later years.

NITA WATSON

"Thinks lots but says little."

Nita is one of our commercial students, who shows no delight in the opposite sex. She seems not to have developed that most outstanding characteristics of the feminine sex—talking—but she does not lack speech when she is called on to recite. We have no idea of Nita's future work but she will assuredly turn out all right.

WESTON WISE
Glee Club '22, '23, '24
Operetta '22, '23, '24

Weston is one of our fun-loving commercials, hailing from Rock Hill. You will usually find him either at school or on the farm. He, too, of late has developed a particular liking for the opposite sex. We all join in wishing "them" happiness.

FRANK ZASTUDIL

Frank is a very studious and dignified young man? Those who do not know him say he is quiet but you'r be surprised!!!

"In his studies he is a star,

And never at home where the ladies are."

"Why should I spend my time with a lass,

When I can be at the head of the bookkeeping class?"

In Memory of Paul Kreiter

On July 11, 1923, the Senior Class of Bellaire High School was suddenly saddened by the loss of one of its most beloved members.

The death of Paul Kreiter was a severe blow to the school. He was a young man of exceedingly high character. His true worth was shown in his heroic attempt to save two girls from drowning.

Our most heartfelt sympathies are extended to the family of this brave young man.

It is sad that one we cherished,
Should be taken from our school
But God, the greatest teacher
Called his scholar too.
All the years we spent together,
Shall be cherished in remembrance
Of his great deed, good and true,
May we all prepare to meet him,
Our Creator, the teacher, through.

Senior Class Song

(Tune: "Just a Kiss in the Dark")

Which we ne'er will forget to recall.
I recall those friendships true
Of our Bellaire High,
Which we never have forgot
In those days gone by.
All our troubles and our woes,
Which we leave behind,
Now within this parting hour,
All new joys we find.

CHORUS

Oh, those fond memories
Of our dear Bellaire High,
Which we ne'er will forget to recall.
All those sports and those plays
Of our dear High School days,
Which we leave as we part our ways.

We have chosen our careers,
May they bring success
As we start upon life's ways
Try to do our best.
Now we've parted from our chum's,
And our teachers too,
Here our thoughts will ever be
Now that we are through.

We, the Class of '24, do hereby, this twenty-ninth day of May, one thousand nine hundred and twenty-four, wash our hands and set our seal.

Witnesses:

CLASS OF 1924.

William Garrett, Geneva Long, Wilma Thomas, Lois Jones.

Farewell to the Class of '24

The time has almost come to say good-bye to the class of twenty-four. They are soon to start their careers in the world. Although some of the former members of this class have already begun their life's work, this is the largest class that has ever been graduated from B. H. S.

There was quite a bit of rivalry in the Junior-Senior Contest and in Class Basketball. You received the decision in the Contest but last year the Basketball honors were awarded to us. This class feeling we know, was just a part of the school spirit and was for the good of dear old B. H. S.

Your good work and talent has been shown in many ways. In athletics, Senior boys and girls played an important part, while in Literary activities your skill was surely displayed. But best of all, we are proud of you because of your school spirit.

The Hi-Y and Y. W. have for their presidents and some of their officers, Seniors. This is evidence of the feeling the other classes have for you, and of the realization of how capable you are of taking care of the work.

One member has been called to his Heavenly home. He was well thought of by everyone and took an active part in school athletics. But your classmate will always be remembered as a Hero, one who died to save another.

Knowing you as we do, it is certain that Bellaire High will never be ashamed of the class of twenty-four. This is one of the happiest classes that ever entered but how could it be otherwise? You have made mistakes, but no class is perfect. No doubt you have profited by these so they were really worth while ones. If you work when you go out into the wide and busy world as you have while you were in B. H. S., success will surely crown your efforts.

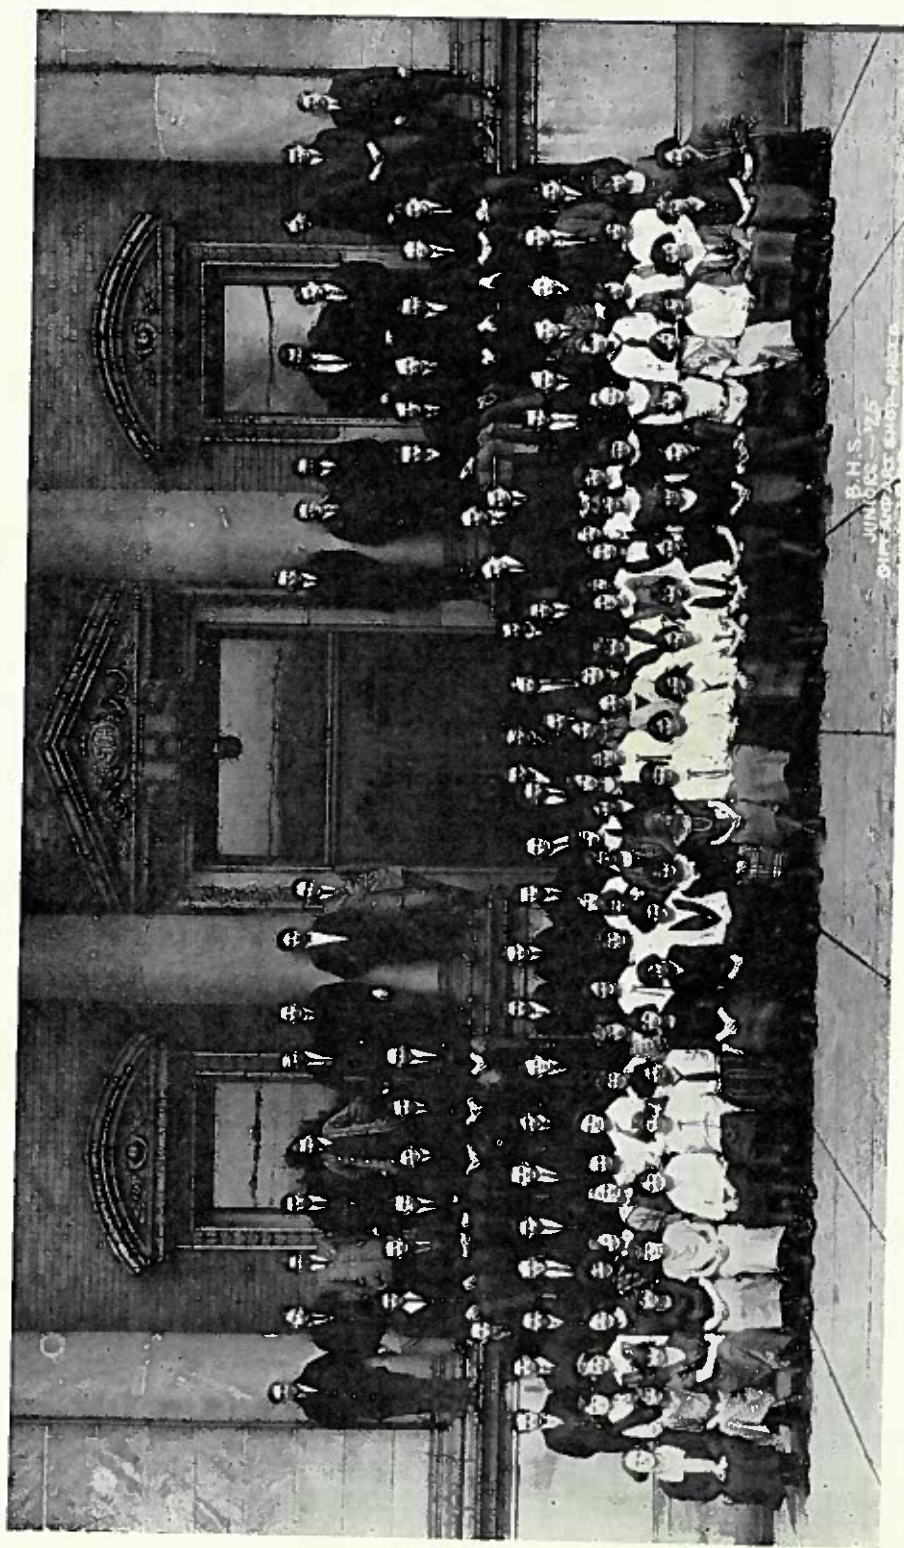

You have learned many lessons during your high school career, but probably one of the most important and one that will have much to do with your later life is the ability to think for yourself. While here, it may not occur to you of what use it will be. Just think it over after you are out of B. H. S. and it will be a lesson that you will be glad you have learned.

And now we desire to express our very best wishes and hopes that each member of the Class of Twenty-four will be successful in striving to reach life's goal, "Service".

Junior Class History

On a bright September morning all the students of dear old Bellaire High assembled in front of the high school to begin again a year of hard work. The freshmen were easily recognized by the emerald look upon their faces and even the Sophomores did not look very promising. The Juniors, however, wore a sophisticated air which befits a student of that rank.

The Juniors had lost the greenness of the freshie, the shyness of the second year students, and like the flowers bursting forth from their calyxes, had blossomed forth into upper classmen.

We were naturally curious to see the new principal and the teachers and all must admit that any board of censors would have been satisfied. The first week was like any other first week. Some forgot their dignity and followed the old time-worn plan of getting lost. After that things began to run smoothly.

But what fame did the Juniors contribute to the school? They placed men on the gridiron and girls and boys on the basketball floor. The Junior-Senior contest was lost, but not dishonorably. This fact was later shown when the Interecholastic teams were chosen, four Juniors made up the greater part of the contestants. The debates were won by the team which battled at Steubenville and also by the one fighting at home. Another mark to our credit.

The Beljuan board was made up of the best thinkers in the class but the annual is truly a Junior accomplishment and if it a success to whom does the credit belong? The whole Junior class. The operetta cast was selected and some Juniors took a prominent part in this especially Walter Keyser as Judy's husband, a good-for-nothing negro.

Things slid along until the year ended and we embarked for the end of our school careers and graduation.

Moast awl hour lives weev herd it sed
That 2 and 2 makes foar;
But late at nte 2 pears of Kats
Kan yel like ate, or moar.

Boss: "What's this itemm o your expense account, 'Overhead Expense, \$4'."
Donald Knight (traveling salesman): "That was an umbrella I bought."
Miss Ewing: "James, spell needle."

James McCloy: "N-e-i-d-l-e."
Miss Ewing: "No, James, there's no 'i' in needle."
James: "If there's no eye in needle it ain't no good."

Miss Mason told the class to write a theme on "What I would do if I had a million dollars." At the end of the period, George McClain had not written a word.

"George, where is your theme?" asked Miss Mason.

"There," he answered, "That's what I would do if I had a million dollars—Nothing."

A gentleman riding with an old Irishman came in sight of an old gallows, and, to display his wit, said:

"Pat, do you see that?"

"To be sure I do," replied Pat.

"And where would you be today if that gallows had it's due?"

"I'd be riding alone."

Looking Backward

On an eventful September day, one of the most brilliant classes that ever entered Bellaire High School made it's appearance. Of course, the upper classmen naturally thought we were very "Green", but they soon changed their opinion of us when we became more organized and started to work. They even compared us to Roman Emperors of old days by the dignified way in which we stalked through the halls.

This being our first year in high school, we did not accomplish much except select our class colors which were purple and white, and elect our class officers, whom we found to be very competent and carried us successfully through the first year.

But our sophomore year can be summed up in one word—"Advancement". We have taken part in every branch of high school work and participated in early all school activities.

Among these activities is music. This was the first year the privilege of belonging to the Glee Club was given our girls, but the boys represented us both years in their Glee Club. There were quite a few sophomores in the Glee Club Operetta and they certainly displayed their talent. And we must not forget the orchestra for there were several of our classmates in it also.

We also realized the importance of the Hi-Y and Y. W. and furnished these organizations with many active members.

In the athletic field of activity, we have shown unusual ability, several of our boys made the football team, and likewise the varsity basketball team, also. We had several girls on the basketball squad which have already proved by their work that they will be valuable assets to the team in the future. We feel very proud of both our girls and boys class teams for winning the tournament. A number of our boys have answered to the call of baseball, and proved themselves valuable players.

Last, but not least, comes our literary achievements. We held two rhetorical during the year which were very successful. We also furnished the Interscholastic Debating Team with one of their alternates.

So it is plain to be seen what we, the sophomores, have already done what we expected to do.

We are all united in upholding the reputation and honor of Bellaire High School

HELEN BEETHAM, '26.

VIRGINIA McMAHON, '26.

Looking Forward

"All the World's a Stage, and all the Sophomores merely players."

In the future we have high hopes for these actors. Each one will have a different part to play, and will accomplish it according to his ability.

Some will have musical parts, singing, or playing their way through their play. Many members of the class have shown talents in the vocal line, and this talent, if properly developed, will bring them wealth and fame, in later life. The orchestral part of the play will be portrayed in part by the sophomores. We have violinists, pianists, and an accordeonist, who will some day astound the world with their playing.

But this is only one group of many others. In the athletic line we will some day, see players from our class, who will put it all over on Babe Ruth and a few others in baseball. A few of our boys will be noted the world over for their knack of playing football. In basketball, some sophomore boys will be seen in the large cities earning high salaries, as professional players.

The class will furnish great literary work to the community. Poets, story-writers, essayists, and other writers of literature will spring from this class contributing their part to humanity.

Due to our educational work, we will find some of our classmates holding official positions, contributing their bit to the progress of the government. Others will hold positions as stenographers, bookkeepers, lawyers and doctors.

While our past has been very satisfactory, we will try to make our future more so, until the curtain comes down on our play.

Alfred Andrews: "That I needed a thicker pair of pants," was the sincere reply.

Freshman Class History

The Freshman who entered High School this year had an advantage over those of former years in the fact that they were not forced to suffer the embarrassment of facing the upper classmen in the study hall on the first day of school. This was due to the fact that when the freshies gathered together in the assembly room there wasn't much room left for anyone else, owing to their unusually large number. This number has been slightly decreased by some members moving away, some quitting school and a few embarking on the sea of matrimony. While they were assembled, Superintendent Nelson spoke to them concerning the rules and regulations of the High School and the location of rooms.

They were then dismissed for the morning. During the course of the afternoon there was the usual number to be founds wandering about aimlessly, making inquiries, much to the amusement of the upper classmen; but before long each one had found himself and things were going in good style.

At the beginning of the second semester the class was called together for the purpose of selecting officers and colors. The chosen officers were Hart Humes, president; Nellie Upperman, vice president; Joe Stellers, secretary; and Emily Archibald, treasurer. Gold and black were selected as colors.

Rhetoricals were held twice during the year. Fine, well-planned programs were given on both occasions. Judging from the well delivered speeches we expect to find some of our freshies making names for themselves in literary work.

A special freshman feature this year was the art class under the supervision of Miss Kennedy, the art instructor. Regular meetings were held each week and great progress was made by the class. The officers were Joseph Sherry, president and Clara Keyser, secretary.

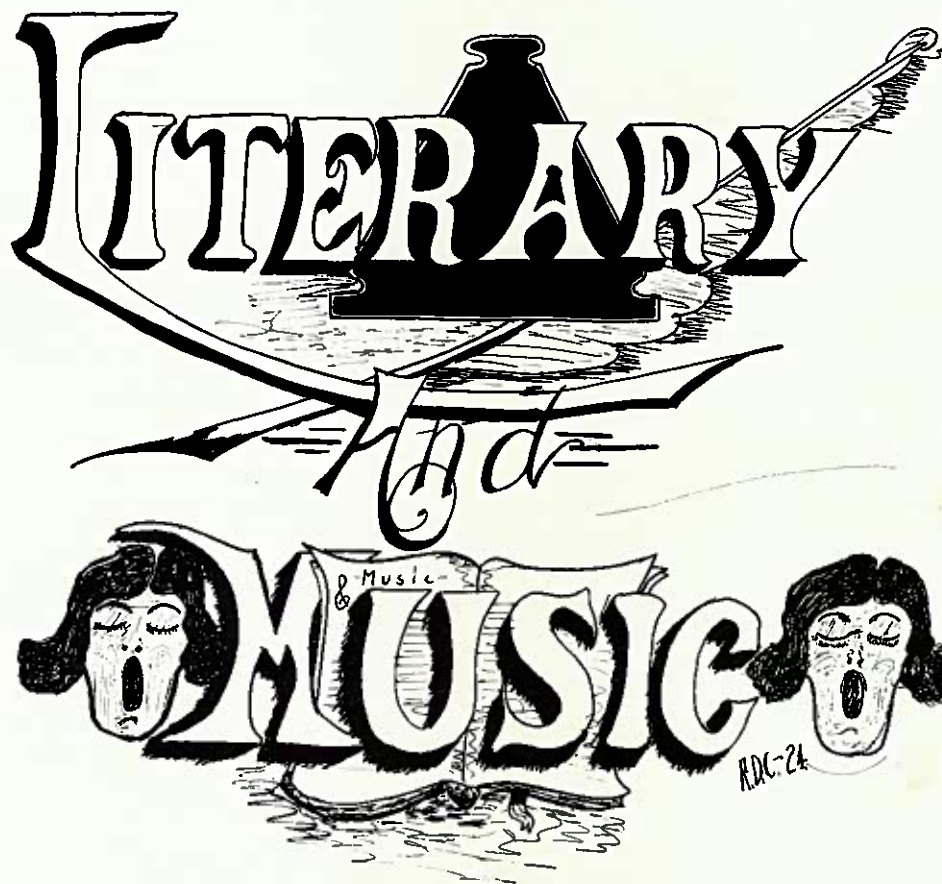

Much interest has been shown by the boys in the Junior Hi-Y. The organization has been active throughout the year and has succeeded in accomplishing many worth-while things. The work has been carried on under the able leadership of Hart Humes and Carl Goodwin, presidents of the year.

A novelty was enjoyed by the class in the form of a Freshman paper. The work was taken care of in one of the English classes. A regular staff was selected to take charge of the paper and each department was carried out in detail.

There were quite a number of Freshman boys in the Glee Club and they proved to us that they could sing and liked to do it. Although the girls did not have the opportunity to join the Glee Club this year, we expect a good turnout when they become Sophomores.

The Freshmen also showed that they were interested in athletics. An unusual number of girls went out for basketball. Several took prominent parts in many of the games. Honorable mention should be given to the work of Upperman, Sykes and Butts. The boys' and girls' basketball teams representing the class contained much good material.

The Freshies have made a good start towards a promising High School career. We hope that their three succeeding years in B. H. S. may be as successful as the first.

Boys' Glee Club

Although the Boys' Glee Club was not organized until after the Girls' Club this year, they have made the most of their time. A meeting has been held every Tuesday evening in the Central Gymnasium under the supervision of Mr. Frederick. It is composed of members of all four classes and there has been a splendid turn out at every rehearsal.

When the club was organized, those chosen as officers were, Almon Sutton, president; Willis Brown, vice president; and Walter Keyser secretary. Those selected have filled their offices well and have done their utmost to further the success of the club.

The boys have convinced us of their value by the fine singing at rhetoricals and on various occasions throughout the year. At the Junior-Senior Contest a selected quartette consisting of David Dankworth, Frank Van Horn, Almon Sutton, and Willis Brown, rendered a very pleasing number.

Practice for the operetta, "In Old Louisiana," kept all the members busy almost up to the close of school, but it was worth all the time and energy spent on it.

We hope the good work of the club continues.

Girls' Glee Club

The Girl's Glee Club was organized at the beginning of the school year and they have certainly made good use of their early start. After the try-outs quite a number of the members of the three upper classes were permitted to enter. Then after a few weeks of practice the real club was selected from this number. Mr. Frederick, the supervisor did this in order to secure the very best material possible with which to work. Regular practice was held in the central gymnasium every Monday evening at four o'clock. The following officers were selected: Elizabeth Straughn, for president; Mary Fitton, vice president; and Vivian O'Brien, secretary.

The club has constituted a part of every program given in Bellaire High School during the school term. They rendered pleasing selections at the Junior-Senior Contest, and Interscholastic Debate besides taking part at rhetorical. They have also proved their value outside of school. They sang with the Civic Club Chorus at the Armistice Day exercises held at the Temple Theatre November eleventh, and also sang at the memorial services held there for the late ex-President Wilson.

At the close of the year they joined with the Boys' Club in giving the operetta entitled "In Old Louisiana." Their persistent work was rewarded by the wonderful success of the play. The girls taking leading parts were Hazel Reese, Betty Straughn, and Hazel Burkett as the old colored mammy.

The work of both the boys' and girls' clubs is to be praised.

Orchestra

The orchestra is one of the most active organizations of Bellaire High School and we surely do appreciate it. They have taken part in all of the school activities, appearing on the literary programs given by the Freshmen and Sophomores and also at the Junior-Senior Contest and Interscholastic Debate. Beside this, they have had many outside engagements including the Y. W. play, the Gravel Hill operetta and the Glee Club operetta. At Christmas time they played in the assembly and at the different grade schools throughout the city for carol singing. We are certain that we could not have gotten along without them.

Practice has been held every Wednesday evening at four o'clock in the Central Gymnasium and every member has done his bit to make the orchestra a success.

Much credit is due to Mr. Frederick, the director, for his untiring patience in bringing our orchestra up to its very best.

At different times throughout the year a selected number from the grade school orchestra has played with the high school members. In this way they obtained experience and insured the merits of the future orchestra.

Interscholastic Debate

The Interscholastic debate proved to be one of the most interesting events of the year. As Martins Ferry withdrew from the triangle, Bellaire and Steubenville were left to battle alone. For about two months before the date set for the debate the members of both teams worked diligently in securing material and preparing persuasive arguments for both sides of the question. The teams were under the efficient coaching of Miss Miller. The question for debate was: "Resolved, that the United States should enter the League of Nations." The negative team, consisting of David Dankworth, captain; Martha McClain, Walter Keyser, and Mary Elizabeth Rodefer, alternate, journeyed to Steubenville and brought home a 3 to 0 decision in favor of Bellaire.

The decision given at home to the affirmative team composed of Alfred Garrett, captain; Dorothy Russell, Robert Giffin and Matthew Siddall, alternate, was an exact reproduction of the decision at Steubenville.

Three cheers for Bellaire debators.

It rests with next year's team to hold the cup of the Ohio Valley Debate Triangle and help to make it the permanent possession of Bellaire High School.

Red and Black

The "Red and Black" proved to be a real success this year. Under the same management as that of the preceding year, the paper was published through the aid and co-operation of the Bellaire Daily Leader. Each of the four classes was represented on the staff in order that no news could escape notice of the reporters. Regular meetings of the staff were held every Monday morning, and when the paper came out on Thursday it was not difficult to see what had been accomplished. Every member of the staff was chosen with care and the well written articles proved that the members were fully capable. It was always a delight to realize that it was "Red and Black" night. Much credit is due Robert Russell and Genevieve Pearce; and their associates, Robert Giffin and William Garrett; and each member of the staff, for putting out such a good, newsy paper. They have worked hard, endeavoring to make each issue better than the one before, and the students of B. H. S. feel that their efforts have not been in vain. It is the hope of the '23-'24 staff that next year's paper may be an even greater success than the work accomplished this year.

When a group of girls, full of life, enthusiasm, good will and humor, and a keen sense of loyalty, try to accomplish a purpose the chances are ten to one that they will succeed.

We were left by the retiring leaders a definite purpose to accomplish. So with a membership of eighty, for only the girls of the upper classes are permitted to join, we determined to carry on the work of the Y. W. C. A. to the best of our ability. Our three lines of development have been socially, financially (namely, making money for our organization) and spiritually.

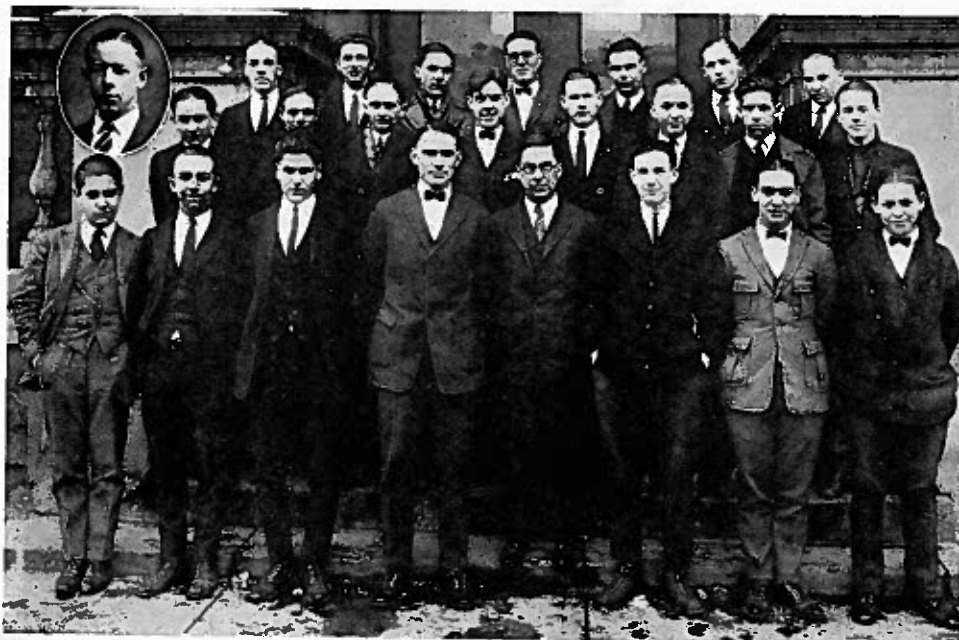

We have been very successful in help to the whole student body, as many interesting speeches have been given by a number of good speakers secured to address the student body. The other thing is the broadening of the girls' spiritual life. We are sure that standards established by our Y. W. for proper conduct in the homes and school have had much effect on the lives of the girls, and will continue to do so.

We hope for even greater success next year, and that much more will be accomplished. We must not forget either, the hearty co-operation, interest, and help of our advisers—Miss Price, Miss Miller, Miss Hoffman, Miss Mansell, and Miss Martin.

our social affairs. Besides our usual parties and hikes, a kid party and our Father and Daughter banquet added to our pleasure, as each one was a successful affair.

In order to make money for our organization many schemes were tried, each proving a success. We had a Jap Sale, a bake sale, sold balloons at the football games and gave a very interesting play.

We feel that we attained our greatest height in our spiritual work. One of the things we did was to conduct chapel exercises in the assembly. These exercises have been a

The school year of '23 and '24 has been a successful year in the work and plans of our Hi-Y.

The untiring efforts of our President have been the inspiration and help to each fellow of our Club. Each officer and all the fellows, old and new, seem to feel and know quite well that beginnings are always hard, and necessarily require added effort to accomplish anything worth-while. Since we are really in our infancy as far as Hi-Y work is concerned, we feel that we need the support of larger groups of fellows in order that we may create, maintain and extend throughout the school and community higher standards of Christian character.

We have our eyes front and we shall go forward. We number about twenty-four and we are attempting to build strongly and firmly. We stand four-square behind Bellaire High.

As to our efforts this year, we began by a Freshman Mixer given the early part of school year followed by Mixers for the other classes. We put on a Father and Son Banquet in the middle of November, which proved beneficial. The first of December we staged the first County Older Boy's Conference ever held in this valley. This was followed in one week by a Football Banquet for all football men, where they ate a royal meal and listened to a very good speaker on the subject "Playing the Game". At Christmas time we planned baskets for the poor which were gladly received.

Yours—for a BETTER, BIGGER, STRONGER and CLEANER BELLAIRE HIGH SCHOOL.

The Junior Hi-Y

General Secretary, Mr. Brown of the local "Y", promoted a most worthy program when he planned the beginning of a Hi-Y for Freshmen in Bellaire High School. It follows closely with the regular Hi-Y Program which stands definitely for service to our school and our community.

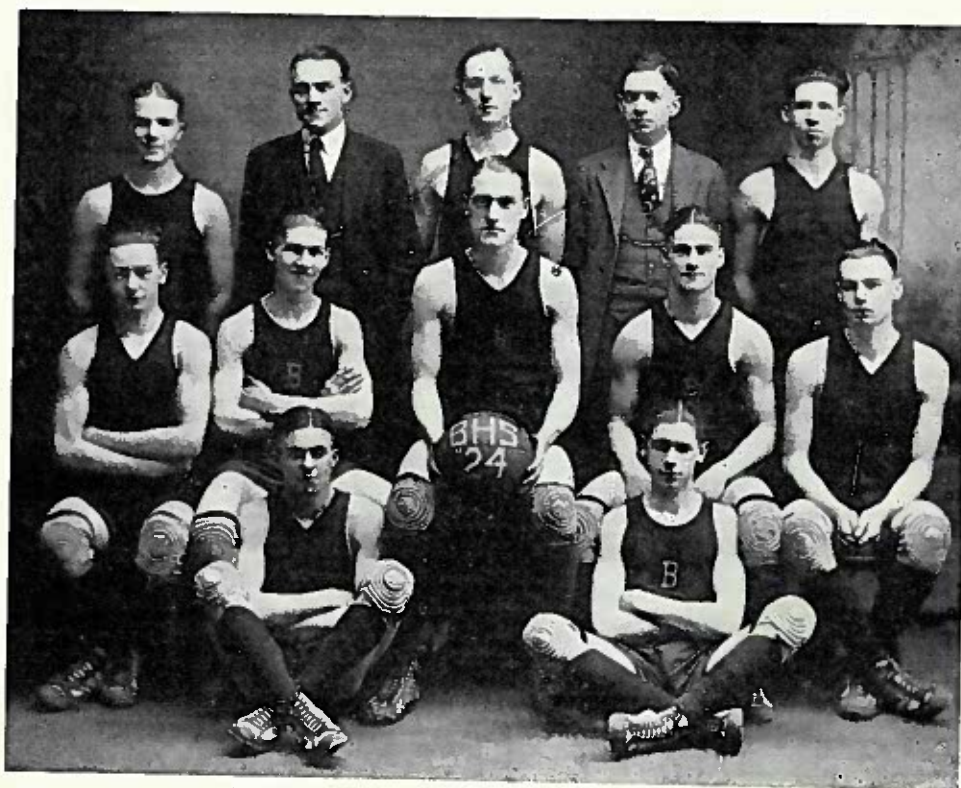

It began with a small number of boys but has been building strongly and steady for a valuable supply of active fellows for the Hi-Y later on in their school work.

Hart Humes was the first President and proved a leader of excellent worth.

Our first year, of course, has been a little slow and we have lots of work out before we get to running real smoothly but we are a bunch that are willing to try; standing Four-Square behind the best in the development of our community in which we live.

Carl Goodwin is the newly elected leader of the group for the coming semester and under the planning of such a wide-awake chap we are expecting great things to be thought and pushed forward in our Junior Y. With Boy's Work Secretary Greene on the job we can feel assured of great progress in our efforts.

Basketball

The Basketball team of 1924 was undoubtedly the finest that Bellaire High has ever put out. Proof of this statement can well be given by a thorough review of their record during the season.

Their splendid passing ability was noted throughout the valley, proving many times to their opponents that not one man, but five were playing the game.

They defeated such teams as Steubenville, Bridgeport, Linsly, and our old rival, Wheeling, twice, which was the first time in nine years; also Martins Ferry and Wellsville, neither of these teams scoring a field goal on their own floor.

Our fame spread further when we defeated Cambridge by a great margin. The Cambridge quintet the week before had overwhelmed the Marietta Five, runners-up for the State Championship.

We closed the season by winning the championship of the Valley, and with four of our regulars in uniform again, next season promises to be a duplication of this and further, Bellaire High's B. B. team should be represented at the State Tournament next year.

Coach Galberach

Since Coach Galberach has been with us, Bellaire Hi has established a splendid record in every sport in which she has participated. In football, basketball, baseball, track, many laurels have been won under his supervision. We cannot give him too much praise and we sincerely hope that he will be with us next year.

Manager Rose

A great deal of credit is due to Manager Rose and his assistant. They handle the financial part of the games and certainly do it in splendid style.

Captain Miles—Center

Miles is a born athlete and leader, being of that type that gives all he has and yet plays the game clean. He is aggressive, fast, has a good eye and was a unanimous choice for an all-valley position. "Obie" will be with us next year and will be better than ever.

Hadley—Guard

Hadley's sterling qualities as a guard will long be remembered by all. He was one of those guards that could break up the opposing team work and at the same time contribute point that won games. He was our other all-valley man and in the graduation of "Mickey" Bellaire Hi loses an ideal athlete.

Pearce—Guard

Pearce showed himself to be a true running mate for Hadley. Any one who followed the floor game some come to admire his fight. Unfortunately he was injured near the middle of the season and was forced to be out the rest of the year. Tough luck! "Al" graduates and we surely will miss him badly.

Timberlake—Forward

This was Timberlake's second year and he was a valuable asset to the team and Coach. He is a steady floor man and can be depended upon to make points when they are needed. "Kenny" has another year and much is expected of him.

Malik—Forward

This was the first year for Malik but nevertheless he played an all around game. He is shifty and is a dead shot under the basket. "Mocko" is only a Sophomore and should rate among the best next year.

Franke—Guard

Altho this was Franke's first year he played like a veteran and filled Pearce's place in excellent style. There were very few men who got past him. "Bill" has two more years and at the present rate he will develop into a real star.

Matussek and "Babe" Miles

When injected into the game both of these men gave a good account of themselves. They will be heard from next year.

Review Team Record

The girls' basketball team which represented Bellaire Hi on the court this year had an unusually fine season, winning ten of the fifteen games played. The number of games won doesn't really show the strength of the team for four of the five games lost were lost by just one point, and what a fine record we would have had if those "one joints" had been in our favor.

The work of our girls is handicapped somewhat by the fact that they must meet three different styles of play. Some of their games were played under the old rules with six players on a three division floor; some were played under the new rules with six players on a two division floor; and still others had to be played under the Spencer rules, which only allow five players, with the center running the floor. We feel that our girls would have a better chance if only one style of playing was used.

We can point with pride, however, and say that we have had a very successful season and with the host of experienced players now available we intend to do much better next year.

Coach Galberach—Up until last year, few of our fans were interested in the girls games; but now it is very different, for our girls games have proven to be quite attractive to the spectators. This is what the Coach has done for the girls' team.

Manager Rose—Our manager was a decided asset to our team for arranging interesting and exciting games and advertising them so extensively that we always had a strong backing.

Captain Laura Yost—Laura has had three years' experience with the team and has played a stellar game at forward during that time. Laura's value to the team can easily be seen from the fact that she scored 208 of the 355 points scored this year.

Eleanor Brafford—This has been Eleanor's second and last year with the team. She has been content to let others do most of the scoring, but many of our victories would have been defeats without her brilliant floor work.

Review Individual Record

Elizabeth Meek—Center. Elizabeth, or Meeks, as our popular little center is called has won her second letter in basketball. She plays a bang-up game all of the time and never allows herself to be consistently out-jumped. Meeks still has another year to play.

Helen Green—Side Center. Helen didn't hit her stride until the season was half gone, but after that she showed everybody how the position of running center should be played. Helen plays guard when she doesn't play center and also has another year's service with us.

Teresa Vogel—Guard. Teresa is a general utility girl for the team, for she can be used in any position. She has played with the team for three years, won two letters, and still has another year to play. Teresa is one of our hardest fighters and we feel that we have a right to expect a great deal from her next year.

Lucille Horn—Guard. This was Lucille's last year on the team. She played the other guard and was one of our hardest fighters. We will miss her next year.

Naomi Creamer—Forward. At least one game can be chalked up to Naomi's credit and that was the game at Bridgeport. She will be expected to give a good account of herself next year.

Nellie Upperman—Forward. Nellie has started her basketball career in the right way for she is our one and only Freshman letter girl.

Antoinette Geneviere—She is the last of our letter girls and like Teresa, she is another general utility girl.

To the subs—It is the second string girls that makes the first team and we certainly appreciate the work of such girls as Gordon, Sykes, Venham, Kimes, Ricer, Butts, Mehlman, Malik, McCluskey, Jones, Archibald and Martin.

Alumni Notes

The Alumni Association of the Bellaire High School was organized in the year 1905 in order to advance the educational interests in the school, to keep alive the pleasant memories of our school days and to encourage the undergraduate to complete his course. More than thirteen hundred are now members of the association.

The regular meetings take place annually near the time of the Public School Commencement, at which the Alumni, together with the Senior Class are present. The elections are held at these meetings, after which a banquet takes place. This year another large class will be added as members of the association and perhaps they may attain positions of honor and thus make Bellaire High School proud of them.

The present officers of the association are the following:

President.....	Guy Dankworth, '95
Vice President.....	Isabelle McClain '20
Vice President.....	Margaret White, '10
Secretary.....	Max Duga '11
Treasurer.....	Elmer Kratz '17

Bellaire High School was founded in 1875. The graduates are scattered over India, Panama, and all of the United States.

Then first class to graduate from B. H. S., the class of 1878, had but four members, three of whom are dead, Ella (Blankensop) Morrison, and only girl in the class, Lyle Thoburn, who was a missionary to India, and William C. Stewart, who was a well-known business man of Moundsville, West Virginia. Ben Faris, who is in Cincinnati, is the only living member.

Four of our graduates are missionaries to India, Anna (Wallace) Cummins '82, Bessie Hoge '81, Sue (White) Authur '97, and Esther Hulbert '12.

Three of our graduates are professors in the highest colleges of learning. Howard McGreggor '90, Columbia University; Lawrence McAllister '12 and Walter Russell '10, Chicago University.

The class of 1901 was the last class to graduate with the three-year course.

It seems a coincident that Will McGraw, the new member of the Board of Education, a graduate of '04, the last class to graduate from the Central Building is now arranging to have it torn down.

Henry Cowen, a graduate of '06, was the President of the Kiwanis Club at the time it boosted the new High School to such a great extent.

The class of '08 was the only class that didn't have orations.

The annual book of our High School was first printed by the class of '09. It was called, "Bellaire High School Review." It lacked pictures and jokes.

The class of '10 was the first to call their annual, "Beljuan."

The class of '11 was the last class to graduate from the Columbia Theatre.

The class of '12 wore gray caps and gowns and graduated from the Methodist Church.

The girls of the class of '17 were the first to make their own commencement dresses.

The classes of 1905 and 1920 were the only ones to win the Junior-Senior contest both years.

The class of '21 was the first to graduate from the Temple Theatre.

More Anderson's have graduated from Bellaire High School than any other one family. Margaret graduates this year, while those who have graduated are: Edward '06, Walter '11, Robert '14, Ethel '17, Roberta '17, and Mabel '22.

The class of 1885, the smallest class ever to graduate from Bellaire High School contained only one thirty-fourth of the number of last year's graduating class.

Is the Best Town In the Universe

Here's a Little Poem We Plagiarized:

If you want to live in the kind of a town
Like the kind of a town you like,
You needn't slip your clothes in a grip
And start on a long, long hike,
For you'll only find what you left behind,
For there's nothing that's really new;
It's a knock at yourself when you knock your town,
For it isn't your town—It's you.

NEW CONCORD, OHIO

WILL YOU BE ONE OF THE TWO?

Of 100 students who enter the fifth grade just two of them graduate from college. This startling statement is taken from Bulletin No. 34 of the U. S. Bureau of Education.

"Who's Who in America," which lists more than 20,000 successful living Americans contains the names of 87 times as many high school graduates and 800 times as many college graduates as there are those who have had only grammar school instruction.

What is the answer?

It can only be this: You will succeed in life in proportion to how well you are prepared.

Just beyond the echo of the next clock tick—just behind the next leaf of the calendar—just back of the dawn of the new day and of the many such dawns that are to come lies the most interesting future in the world—YOURS.

What are you going to do to prepare for it?

Marietta College—historical in name and achievements—has been training men and women for leadership and lives of usefulness since 1835. The college is located in beautiful old Marietta where one enjoys life while preparing for the better things of life.

Write for catalog and a copy of our beautiful new illustrated book.

SINCE its establishment fifty-three years ago, the First National Bank has been growing steadily in resources and in the esteem of the community which it serves.

Today thousands of Bellaire and Belmont County people are utilizing its broad facilities and satisfying service, systematizing their expenditures by means of its Checking Accounts and making their thrift count for the most by the 4% interest which we pay.

You, too, can find a use for one or more of our Departments. Our officers will be glad to tell you about them.
