IT'S UP TO YOU

Life is spread out before you
To make or to mar,
Young man or young woman
Whoever you are.
There is many a road
You may take if you choose,
But it's all up to you
If you win or you lose.

There are signposts to guide you
As you go along . . .
The right road is chartered
And so is the wrong,
To help you in choosing
Just what you will do.
So, remember my friends,
It's all up to you.

There is no use complaining
Over what is called Fate,
By saying you started
Too early or too late.
No one else is to blame
For what you choose to do,
So mark this in your day-book . . .
It's all up to you.

ADVERTISEMENTS 158

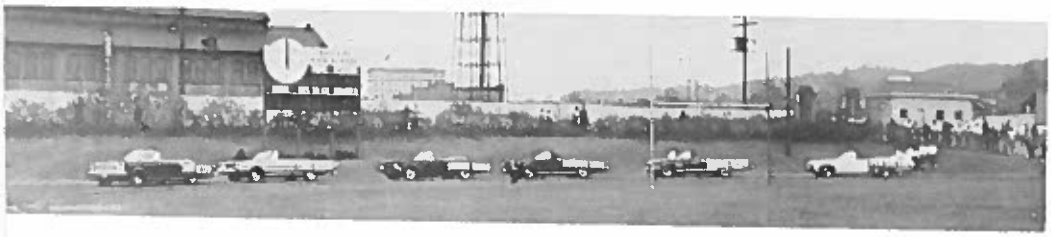

To give your life meaning, you must first discover who you really are. The first step in your discovery is the four years you spend in high school. During these years, you assume responsibilities, develop an inquiring mind, make friendships that may last a lifetime, and set your goals. You learn to cooperate with others and you become a functioning member of society. These four years lead to . . .

For these underclassmen, the experiences are just beginning. They will be subjected to many obstacles and challenges before they have finished their four years at Bellaire High School. These beginning years are the foundation on which to build tomorrow. It is up to the individual how these challenges will be met. These underclassmen are the leaders of tomorrow and these years provide the . . .

Education is most easily obtained through the inspiration and guidance of able instructors. Devoted faculty mem bers offer the encouragement needed to produce student ambition. The true goal of educators, however is to instill today youth with the principle of self-education. To discipline oneself, to create a purpose, to strive for a goal – these are t ideals which students are encouraged to accept, but which can be achieved only through personal effort by each stude

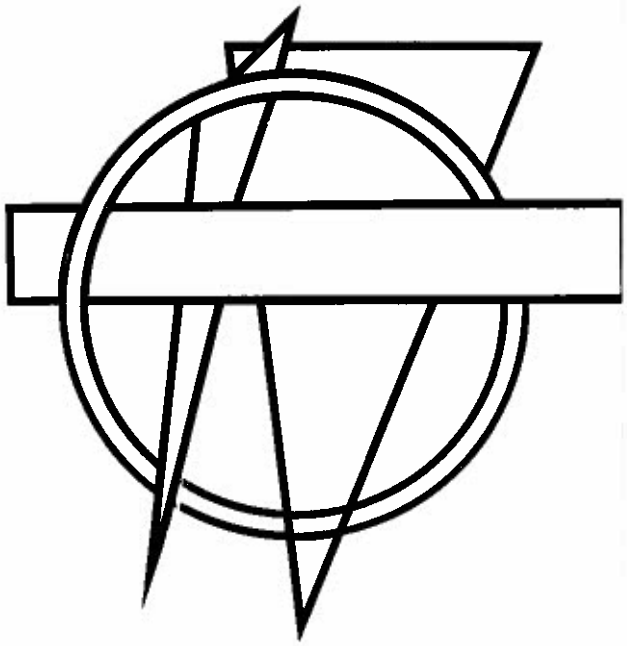

Teachers, guidance departments, and administrative officials serve as fundamental guideposts in the early stages of a lifetime's education.

The advice of qualified guidance directors is invaluable to those who are uncertain about future vocations. While the final choice is left to the student, the influence of professional guidance is significant.

The importance of inspirational instruction in producing an inquisitive, self-educating, and disciplined youth is immeasurable.

One of the goals of education is to produce a well-rounded individual. Activities provide an outlet for the constant tensions and pressures of academic life at Bellaire High School. Learning to lead as well as to follow, students engage in numerous activities which build character and personality. These activities offer the physical fitness, social refinement, and leadership necessary to live a full and active life. Participation, action, cooperation, and ambition lead to . . .

STUDENT GOVERNMENT . . .

The student governing body of Bellaire High School is the Student Council. The Student Council consists of thirty members all elected by their fellow classmates to voice student opinions. The Student Council is formed on a seniority basis having four freshmen members, six sophomore members, eight junior members, and twelve senior members. In meetings held twice a month, the Student Council attempts to solve the problems of the student body and improve student-faculty relations. Under the leadership of President John Halenar and Miss Sarah A. Ryder, Advisor, many successful projects have been completed. The highlight of the year was the Student Council sponsored Homecoming, "Would You Believe?". The officers serving for the 1966-1967 school year are: President, John Halenar; Vice President, Roger Lovrak; Secretary, Gordon Biggs; Treasurer, Randy Harris; Chaplain, Karen Sbrockey. These officers were elected by the Student Council at their first meeting. The Student Council of Bellaire High School has done an excellent job of representing the Bellaire Big Reds.

SPIRIT . . .

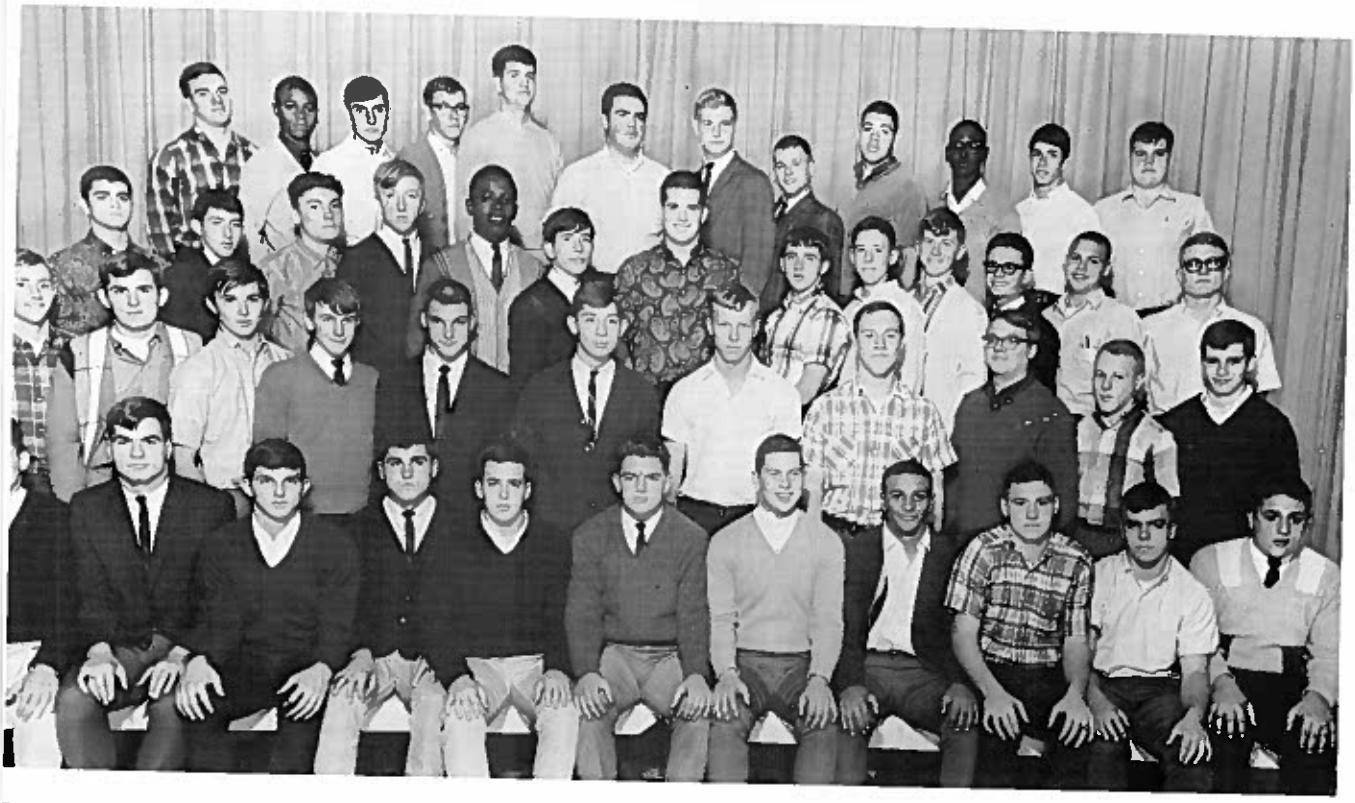

Behind every athletic feat must be a spark of enthusiasm: where there is faith, there is victory. The Bellaire High Pep Club proved this repeatedly as its members witnessed and supported a parade of champions. The pride and encouragement of the Pep Club shines through the long list of athletic accomplishments displayed this year by Bellaire High School.

Adding life to the halls and auditorium through the year were spirited decorations which silently led our boys to victory. The enthusiasm of Bellaire High Students followed the teams to each game on the Pep Club sponsored buses. By selling booklets concerning past and present athletic records at Bellaire High School, the club was able to provide money for much needed equipment.

SPIRIT best describes the attitude of the Pep Club as it faithfully backed our teams . . . and our CHAMPIONS . . .

PHYSICAL FITNESS . . .

The Girls' Athletic Association provided the girls of Bellaire High School with a year of fun and activity. A vigorous hike early in the fall began a series of athletic programs offering pleasure and exercise to all participating members. The annual Halloween Party was the scene of bewitching enjoyment. Winter sports, such as ice skating and sled riding, played an important role in the cold weather activities. The "Unbeatable Bombadettes", sponsored by the GAA had a succesful season. Concern for others was the theme of the GAA in November when canned goods were distributed to needy families in the area.

The goal of the Girls' Athletic Association is to produce physically fit and well-rounded young women.

LEADERSHIP . . .

To find and give the best, to face life squarely, to grow as a person, to grow in the knowledge and love of God, and to grow in friendship with people of all races, religions, and nationalities—these are the goals of a Y-Teen. Under the leadership of club President Carol Saunders and the guidance of Mrs. Wilbur Armstrong and Mrs. Robert Wehe, the Y-Teen Club strives to achieve these goals throughout the school year. Y-Teens learned to be better citizens through programs concerning youth and morals.

The Christmas Formal, sponsored by both the Hi-Y and the Y-Teens, was the social highlight of a well-planned year. Many long hours of work transformed the Mellott Library into a paradise of mistletoe for one evening: "Mistletoe Magic" was a sensational hit.

The physical aspects of education are as important as mental growth. A physically fit youth is prepared to think an act with strengthening vigor. In Bellaire High, the Girls' Basketball Team, sponsored by the G.A.A. and coached b Miss Lucille Fitch, offers an opportunity for girls to acquire the proper physical exercise. Not only does team partic pation improve physical health, but it teaches girls the principles of team-work, cooperation, justice, and self-contrc These ideals are easily attained by boys through year-round sports programs, but they are equally important in creatin female character and personality. Each year as the team improves, its high standards of character are passed alon to new team-mates. Each year it becomes more difficult for these girls to find opponents who do not fear these standard Each year the Girls' Basketball Team, like all other teams, upholds the integrity and ability of Bellaire High athlete

The high school years are not only a time of mental development, but also a time when the young adult develops his ideals and standards for governing his future years. Athletics play a major role in this development. Athletics make a man out of a boy, teaching him to enjoy success but to accept defeat. The true test of a man's character comes when he is faced with a challenge such as athletics provide. Some will refuse to meet the challenge. Others will face the challenge and fail. Those who accept the challenge and conquer it, however, will be the ones who go on to great glory as the leaders of tomorrow. These leaders are born on the fields of battle of our high school athletic program, for these four years provide . . .

This year's Big Red football team was lauded by many as the greatest ever to battle for the glory of the Red and Black. t all started back on August 20 when two weeks of summer practice began in the blistering heat. With a nucleus of ighteen hardnosed seniors, the Big Reds worked night and day moulding a dynamic offensive and defensive power- ouse. There is no need for a lot of superlative description of how great the Big Reds were this year. According to the ld axiom, "A picture is worth a thousand words." The pictures on the next few pages show clearly that the 1966 Big Reds were truly the greatest team ever to wear the Red and Black.

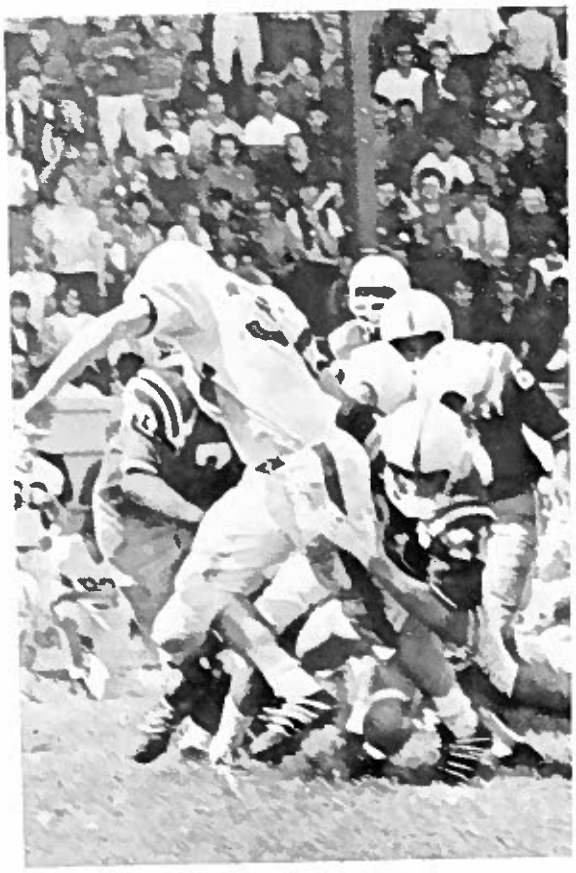

Under the leadership of Coach Don Ault and his superior staff, the Big Reds were expected to go all the way, but ou can't win them all unless you win the first one. After all the work and toil of summer practice, the Big Reds met the ittle Presidents of Washington, Pa., in the first game of the season and dropped a heartbreaking 28-26 decision to them s the clock ticked off the final seconds.

But this loss gave us the courage and determination to go on to set a school scoring record of 457 points and win nine in a row . . .

At the end of the season, the standing in the OVAC showed Wintersville, a team the Big Reds had beaten by seven touchdowns in a pre-season game, had nosed out Bellaire for first place. It was a hard blow to take, but the sign on the scoreboard below shows how we felt about it.

BIG RED HARRIERS SURPRISE EVERYONE IN STATE COMPETITION

Cross Country is a sport often overlooked because of King Football. This year, however, the Big Red harriers refused o take a back seat to anyone. Practicing on their own most of the time, the cross country team developed into the most owerful in the Valley.

During the season, the Big Reds took four dual meets. It was in post-season action, however, where the Big Reds were utstanding. The first step was the district meet in which the Big Reds finished first. Then in the Regionals at Columbus, Bellaire finished third in a real tough field of entries. The climax of the season came in Columbus the next week when the Big Red team finished a strong fifteenth in the State Meet. Led by seniors John Creamer, Rich Bovenizer, Albert Jeffers, Gary Hanson, Jack Angus, Clarence Hepburn, Doug Vaughn, Jayson Decker, Lin Cribbs, Lester Rhodes, Dan Velt, nd Tim Ciardelli, the veteran team will need a thorough rebuilding job next year. The young boys coming up have a ot of potential and should carry on in the footsteps of the 1966-67 team.

Belmont Hills Country Club provided the setting fo
many of the Cross Country meets.

WRESTLERS MAKE STRONG SHOWING IN INITIAL SEASON

The 1966-67 Bellaire High School wrestling team had a very successful season considering they had an inexperienced squad. Out of the starting twelve wrestlers there were only two seniors, Larry Mokros, captain, and John Creamer. The junior lettermen are; Art Piatt, Roy Russell, Mike Johnson, Tom Ward, and Doug Andrews. The remaining lettermen are sophomores Jack Rees, Roy Lamberson, Dave Dougherty, Dave Bruno, and Greg Harris. With eleven lettermen returning next year, we are looking forward to a very successful season.

Senior leaders of the Big Red 1967 squad were Larry Mokros and John Creamer.

The world of athletics can be cruel and hard as well as thrilling and rewarding. The Big Red football team realized this in the last two minutes of the Washington game. The Big Red Bombadiers are aware of this aspect of athletics also. The Big Reds were slow in getting started, losing three of the first five ball games, but under the sure and steady guidance of Coach Claire Cribbs, the Bombadiers were unbeatable for fifteen straight games. Led by co-captains Jack Kigerl and Mike Sherwood, the Bellaire Cagers overpowered all their opponents for the rest of the season. In one of the most thrilling conference races ever, the Big Reds captured their first OVAC AAA Crown since 1953 from Wheeling and Philadelphia in the last days of the season and finished with an 82.2 point average, best in the valley. One of the highlights of the season was Mike Sherwood's record breaking effort of 59 points in the St. John's game, in which the team scoring record of 118 points was set. When Tournament time came around, the Bombadiers were regarded as the team to watch, and talk of a trip to Columbus began to creep into everyone's conversation. The first big obstacle on the road to Columbus was the Sectional Tournament at Martins Ferry. The top-seeded Big Reds drew St. John's in the first game and easily disposed of them 92-66. In the championship game against defending champions Martins Ferry, Bellaire overcame their first obstacle with a 79-76 win. Hopes were high as the Bombadiers traveled to Steubenville for the District Tournament. The Big Reds had the Great Bwana behind them and things looked pretty good. Fate stepped in, however, and dealt the Big Reds a cruel blow. In the first game of the tournament, the Bombadiers were defeated by a far inferior new Philadelphia team. No one can say the Big Reds didn't try their hardest that night, but a cold night at the foul line and the questionable ejection of Senior star Rich Gianangeli destroyed any hope of journeying to Columbus. On any other night, the Big Reds could have beaten any of the three other teams in the tournament, but on that night it wasn't meant to be. Only a true championship team can come back from a slow start the way the Big Reds did. They were a championship team, not just one or two individual superstars. They were perhaps the most well-balanced team ever to come out of Bellaire High School. Someday, a Bellaire team may overcome all the obstacles on the road to Columbus, but the 1966-67 Big Reds will always rank # 1 in the hearts of Bellaire fans.

TRACK—LOOKING FORWARD WHILE REMEMBERING

Track is the final sport of the year at Bellaire High School. Last year's yearbook could only give a preview of track eason, but such a fine team deserves recognition. In the initial meet at Pittsburgh, Co-captain Gary Beveridge scored ellaire's first points of the year with a third place in the broad jump with a 20'9½" leap. During the course of the season, ne Big Red's most impressive triumphs were capturing first place honors in a quadrangular meet with St. Mary's, Maretta, and Shadyside; a triangular meet with Martins Ferry and St. Clairsville; and a triangular meet with Wellsburg and ollansbee. In one of the most exciting performances all year, David Kimbro, Allen Sabinski, Gary Beveridge, and Gay ucci set a new record of 1:33.0 in the 880 yard sprint relay. The highlight of the season once again was the gigantic ellaire Relays, although the festivities were dampened by spring showers. The Big Reds finished fifth in the Relays as o-captain Tony Piehowicz won the discus event. This year's team promises to be just as exciting. The captain of this ear's team will be Clarence Hepburn who runs the 220, 440 and broad jumps. Also two transfer students from Shadyde, Rich Bovenizer and Lin Cribbs, provide a welcome addition to the Big Red tribe. Several records are in jeopardy being surpassed this season. Larry Holloway in the high jump and both Randy Lloyd and Mike Johnson in the pole ault are capable of setting new marks. By this time we should know, for the season is over . . . . . .

All time Bellaire High School record 880 relay team, setting the new mark of 1:30.0 in the OVAC meet consisted of David Kimbro, Gary Beveridge, Allen Sabinsky, and Gay Lucci.

WET BELLAIRE RELAYS HIGHLIGHT 1966 SEASON

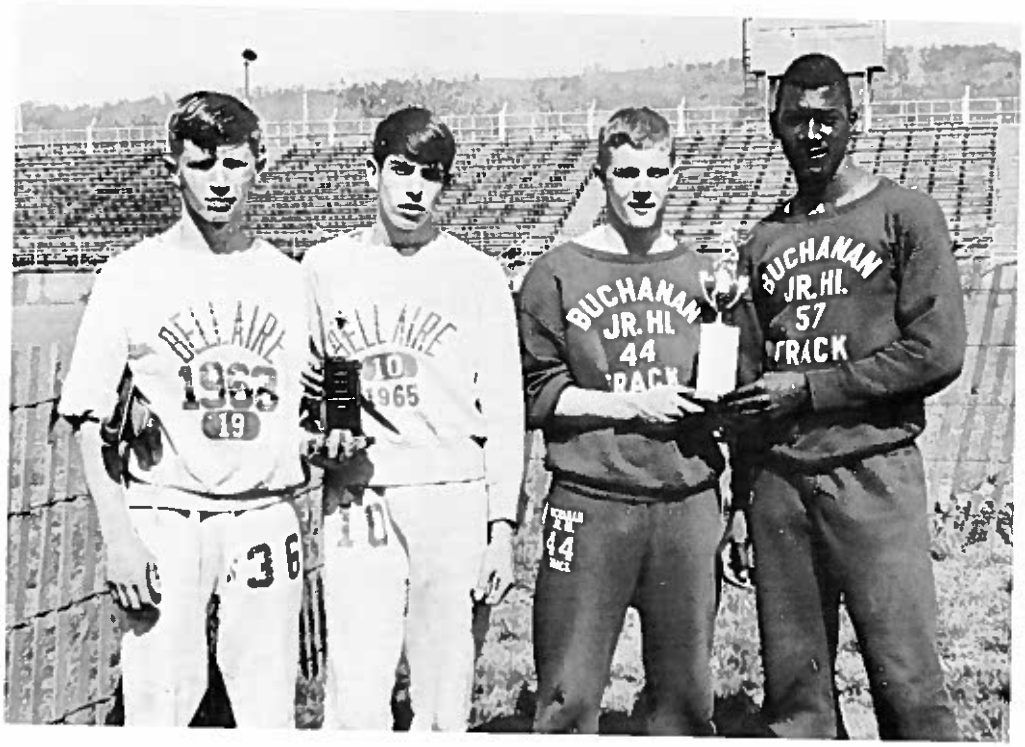

Tony Piehowicz and Gary Beveridge, co-captains of the 1966 squad, accepted the runner-up trophy in the OVAC meet as Steubenville finished first.

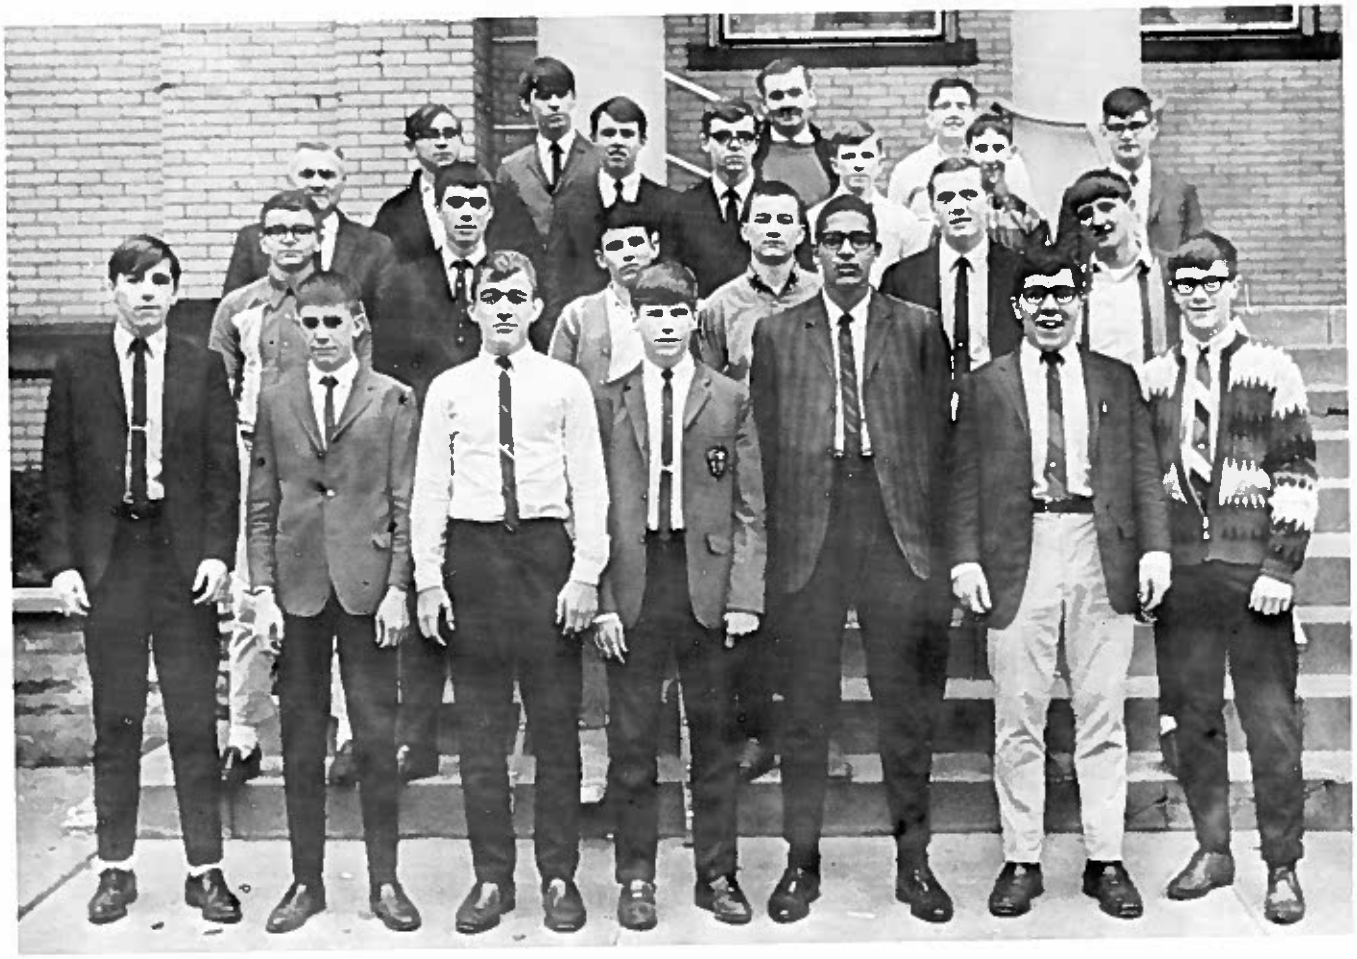

Gary Beveridge shows dramatically the effort and determination characteristic of all Big Red athletes.

Frosh co-captains Byron Thoburn and John Thatcher display Freshman OVAC Runner-up trophy.

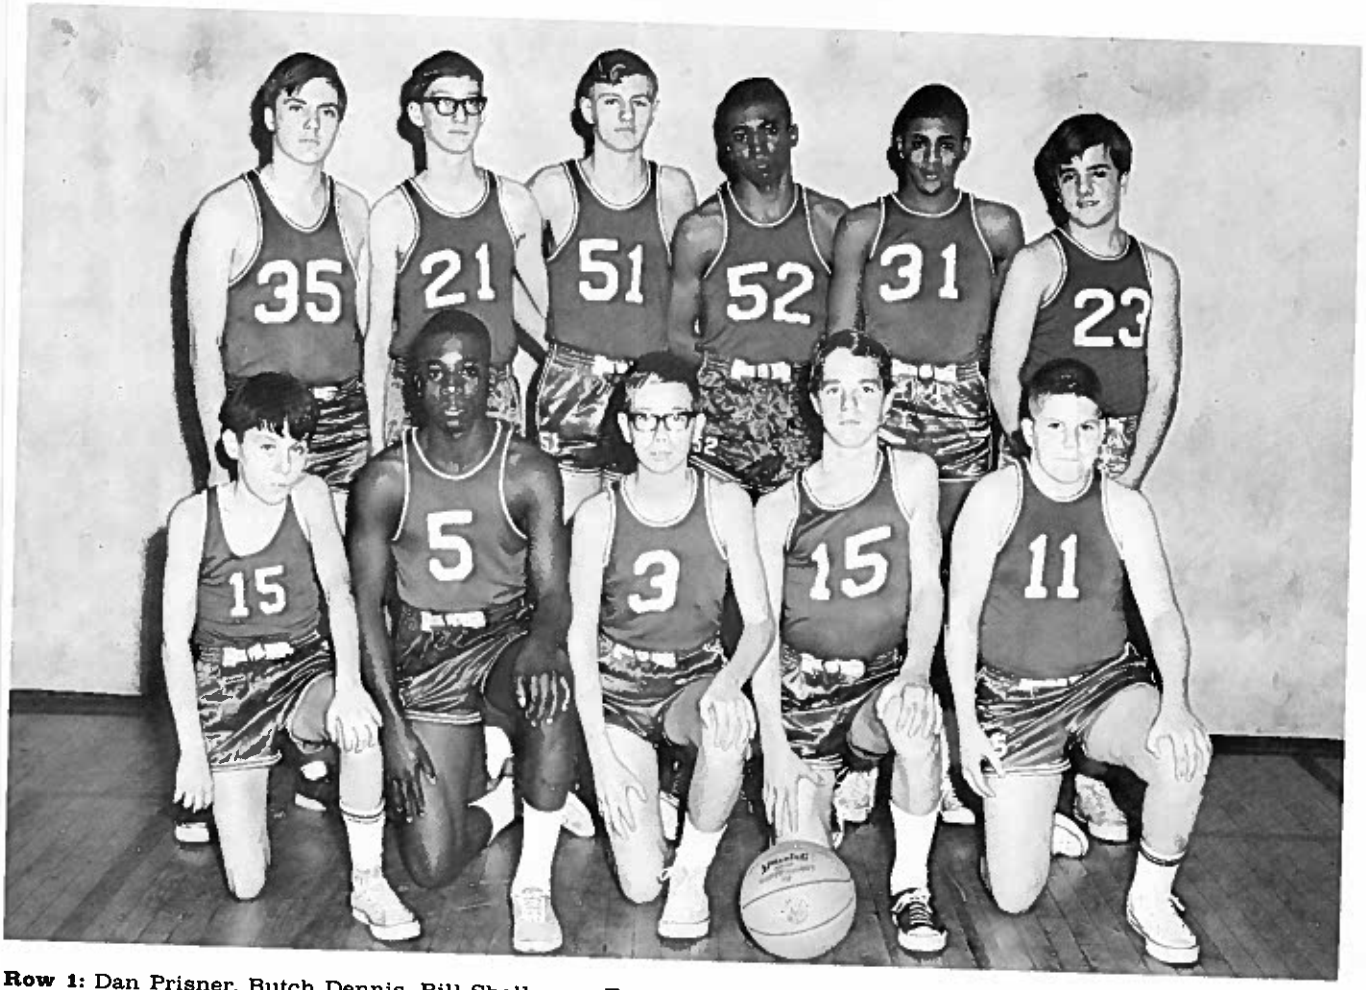

Row 1: Gary Dutcher, John Sikish, Jeff Stolz, Jim Koonce, Rodney Jenkins, Greg Gugliemotti, Terry Nichols. **Row 2:** Mike Wallace, Rick Haught, Russell Peters, Andy Ball, Ed Dalto, Joe Seszko. **Row 3:** Coach Pollock, Mark Angelos, Richard Tipton, Steve Tottka, Donald Crosby, Chris Hostetler, Bob Biggins. **Row 4:** Ricky Smathers, Paul Martin, Donald Baker.

FROSH ATHLETICS—THE BIRTH OF A BIG RED

A Big Red athlete is strong, tough, hardnosed, and determined. He may not have started out that way, but after careful handling, teaching, and preparation, he is as close to perfection as possible. This miraculous transformation does not happen overnight. It all begins in the ninth grade when the Big Red is subjected to the first real test of his high school career, Frosh athletics.

The Freshman year is a proving ground. Here, the men are separated from the boys. The boys who can't take the grind, the punishment, and the long hours of hard work fall along the side. Those who have courage and pride to meet these hardships, however, are carefully brought along, developed, encouraged, and, in the end, a true Big Red is born.

This year's Frosh team appeared very promising. The football team had a 1-6 record, while the Little Bomadier ended up 6-8. These are the Big Reds of the future. Good luck!

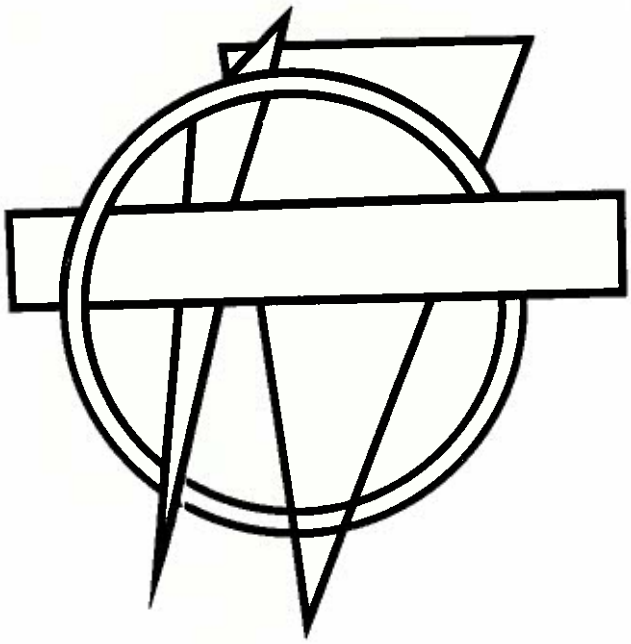

Row 1: Dan Prisner, Butch Dennis, Bill Shallcross, Tom Krupnik, John Sabatino. **Row 2:** Ed Dalto, Mark Rataiczak, Archie Angus, Dale Saunders, Rodney Jenkins, Richard Wasko.

IN CONCLUSION, THE YEAR AS A WHOLE . . .

Bellaire High School has been long known and acclaimed for its athletic accomplishments. Many great individuals and many great teams will be remembered in the annals of athletic history. The year 1966-1967 stands out, however, from all the rest.

The greatest football team in the history of the school set a new school record for the total points and wound up eleventh in the state ratings. A strong and surprising cross country team ran their hearts out and finished fifteenth in the entire state. We made athletic history with the school's first wrestling team, and raised a few eyebrows as they continually defeated their opponents. The greatest basketball team in the school's history brought us our first OVAC crown since 1953. A strong and experienced track team gave us a new school record and a wet but wonderful Bellaire Relays.

The teams and players from this year have carried the torch of glory well for Bellaire High School. We have carried it as far as we can. We must give it up now, although reluctantly. We pass on the torch to future generations of Big Reds, wish them much luck, and hope that they will never let the torch be extinguished.

For these seniors high school experiences have ended. They must now put their experiences to use in the rapidly moving world of today. These seniors have been taught by those who care about tomorrow and those who are dedicated and experienced. These seniors are the result of four years of sports, activities, and . . .
